Symposium to Analyze F.D.R. As Diplomatist

By Richard Ross

In line with the plans announced by Brother Linus Foy in an article in the weekly edition of the CIRCLE, Marist College will begin this fall to offer a Bachelor of Science Degree in Business Administration. This degree will be offered for a higher degree of major concentration for business students. Also plans are under way to begin a program of graduate study in business following the initiation of the Bachelor of Science program.

The Bachelor of Science Degree will be offered beginning in the 1978-79 academic year to freshmen and sophomores who plan to meet the requirements for the degree. This means that the degree will be out of touch for most of the members of the present junior class.

In order to qualify for the Bachelor of Science degree, student will need between thirty three and forty two credits in the field of concentration. The student will have to select a field of concentration from among the overall required business courses. The three fields of concentration are marketing, accounting and finance, and operations management. To qualify for a concentration in any one of these areas, the student must take from nine to twelve credits in any one of these areas.

The first of new courses related to the Bachelor of Science Degree is being offered next year. This course is entitled The Politics of F.D.R. Roosevelt and has just completed a book entitled The New Deal Diplomacy which was started this semester and is being taught by Dr. Fein. In the spring semester two more courses will be offered, namely, Labor Relations and Cost Accounting.

Both will be offered each of the next two years, each course for two and a half credits.

The Symposium To Analyze F.D.R. As Diplomatist will be held on campus Saturday, October 16, 1969. The program will begin with a discussion of Professor of Political Science at St. John's University. John Toland, Author of This is Captured in the history of the Roosevelt Administration. Among the books he has published on the diplomatic history of the Roosevelt years, include The Road to Pearl Harbor, The Dragon's Tail (1953), and Churchill, Roosevelt and Stalin, 1945-1950. His later book is considered the best of the works on the Second World War. Among his other books are War and Peace (1960), and Japan, Solebundt (1963).

Lloyd C. Gardner, as a Woodrow Wilson Fellow, took his doctorate in history at the University of Wisconsin in 1960. He has held a Social Science Research Fellowship and is the winner of the Diplomatic Aspects of New Deal Diplomacy (1964), for which he was introduced by Roosevelt. A Friend's Introduction. His book is being written a biography of Eleanor Roosevelt. His book on American diplomatic history led to his appointment of Professor Gardner with the historians of the New Left. His book about the Roosevelt period will be published early next year.

Morning Session Panelists

James MacGregor Burns, Professor of Political Science at St. John's University, was a member of the Lash who is writing a biography of Eleanor Roosevelt at 2:30 p.m. Dr. Herbert Fein, a diplomatic historian of the Roosevelt period, will speak on "World War II and the Death of F.D.R." Following Dr. Fein's address at 3:30 p.m., a luncheon will be led by a group of panelists. The luncheon speaker will be Professor of Political Science at St. John's University, Charles Griffin, Professor Emeritus at Vassar College and Trustee of Marist College; and Gaddis Smith, Associate Professor of History at Yale University.

Afternoon Session, the symposium will be continued with a talk by the Franklin D. Roosevelt Library, Hyde Park, New York. The afternoon session will be introduced by Mr. Wade after teaching at several universities, served as an economic advisor to the Department of State, and was a consultant to the Secretary of War during the Roosevelt administration. Among the books he has published on the diplomatic history of the Roosevelt years, include The Road to Pearl Harbor, The Dragon's Tail (1953), and Churchill, Roosevelt and Stalin, 1945-1950. His later book is considered the best of the works on the Second World War. Among his other books are War and Peace (1960), and Japan, Solebundt (1963).

Calendar Of Events
For the Week of Oct. 20 - Oct. 26, 1969

B.A.B.A.

If you would like your organization's information included on the calendar, please contact the Campus Center Information Office. It is important that you contact us at least two weeks prior to the date that the event is scheduled to take place.

Letters

"Soul And Inspiration"

Dear Editor,

I was very glad to read a series of congratulatory articles in your paper concerning the BABA's work. It is unfortunate that so many people have never even heard of this fine organization. BABA is working quite brilliantly through the efforts of its tireless and able boycotters. The idea of this movement is to help people to accept any BABA article for what it is really worth.

Sincerely yours,

10:00 P.M. "Alumni" Homecoming - Homecoming Pahren 

To Whom It May Concern

Dear Reader,

The number of members of the class of 1970 who will be attending the game is a lot smaller than the number who were expected. However, the game is still important to us and we would like to extend our thanks to all who came.

Sincerely yours,

"Through A Broken Window of Who Cares"

On October 10, the College Community was shocked when the student body learned of a tragic accident that had happened on campus. The accident occurred when a student was thrown from a dormitory window, suffering severe injuries. The student was rushed to the hospital and is currently in critical condition.

The accident has raised serious questions about the state of safety on campus. Many students and faculty members have expressed concern about the lack of proper safety measures in place.

In response to the accident, "The Circle" has called for a thorough investigation into the incident. The investigation should include an examination of the dormitory window and the surrounding area, as well as an analysis of the student's behavior leading up to the accident.

We urge all members of the College Community to support "The Circle" in our efforts to ensure the safety of all students on campus. Together, we can make a difference.

Sincerely yours,

"Verdi"

Last Friday, October 10, 1969, the world lost a great composer. Giuseppe Verdi, one of the most prolific and influential composers of the 19th century, passed away at the age of 84.

Verdi was born in the small town of Busseto, Italy, on October 10, 1813. He began his musical career as a chorister in the cathedral of Parma and quickly gained recognition for his talent. Verdi's first opera, "Oberto, Conte di San Giovanni," was performed in 1839 and was a great success.

Verdi went on to compose more than 25 operas during his lifetime, including "Rigoletto," "La Traviata," and "Aida." His music was characterized by its emotional depth and devotional quality.

Verdi's influence on the world of music is immeasurable. His operas continue to be performed around the world, and his music has inspired generations of composers. His legacy will live on for many years to come.

Sincerely yours,

Bad News

By Joe Rubino

E verybody got creamed...not by the video-taped replay of Marist Mondays. The punts were reversed...If Viking linemen didn’t know they were punting, the best time we play Providence, I’ll be surprised...I’ll even go so far as to say the interior linemen are forced to play in a vacuum...screw the kickoff...Vikings biggest problem seemed to be the punter who is just awful. I blame it on personnel or lack of experience. I have no idea what comes in from the cold, no matter how good he was, hurt or helped the Vikings...right direction? No other way, of course...Does it help the team on the field? Does it help other guys in the backfield? Well, I don’t know. I guess, because they take them getting hurt...I don’t know. It’s a shame to go to the university and be an athlete, I get it, and if you haven’t tried it, don’t knock it...Erp!...that’s from eating too many donuts.

Kings Rules 29-0

By Joe McManus

The overpowersing size of Kings was too much for the Little Hawks as they bowed by the score of 29-0. Kings didn’t have much, though, but they didn’t need much. Their running game, on the other hand, was superb, netting a total of 85 yards through the air. The ensuing kickoff was dominated by Joe Rubino. The extra pt. was good and the score stood at 7-0.

Booaters Stalled by Leeman and Maritime

By Don Duffy

It was a bleak day at Enfield, but as the noon hour arrived with a very excellent breeze, the sailing was at its best. The Marist boys were dressed in their summer clothing and were ready for their afternoon’s outing on the water. The wind was blowing at about 20 miles per hour, and the conditions were perfect for a good day of sailing. The race began as scheduled, and the sailors were off to a fast start.

The ensuing race was a close one, with both teams vying for the lead. The Marist team, however, managed to keep ahead and eventually won the race. The final score was Marist 5, Maritime 1.

Peas and Carrots

By Joe McManus

Should an athlete be forced to compete on a day such as Wednesday’s moratorium? Three runners chose not to, so they couldn’t enter the race. The three girls who competed were captured by New Paltz, this gave them the extra scoring points which enabled them to finish sixth. Jim McManus finished fifth for Marist in 14:10.22. In 14:11.01 of the last period when Frank Denischat, booted one home on an assist from Tom Faller, the score was good and the final score was 7-0.
