STUDENT GOVT' PRESIDENT IMPEACHED

Moves to remove Student Government President Allen Hulett failed when Student Government members impeached Hulett on grounds of incompetence. Governor-General President Hulett, who presided over his own impeachment, was obviously shaken when summoned to the early morning impeachment hearing. After a few minutes, the trial continued Hulett demanded a vote but was overruled, and when I am going to resign anyway," Representative Shrader outlined grounds on which Hulett should be removed. Refusal of the student members and vice-presidents to come to a decision meant that Hulett was unable to meet the December 15 deadline in deciding whether to enter the Student Government budget into the College's (the decision was made February 13), and his failure to avoid the collapse of the Inter-Collegiate Council.

As the motion to remove President Hulett was approved, members of the Student Government pointed out how the members themselves were the cause for the Government's failure this term. Sophomore Representative Peter Tortorici went as far as discrediting the entire student body.

At the impeachment proceedings continued, discussions began reaching an emotional pitch with Hulett calling for a decision one way or another. The decision finally came at 1:30 a.m. with applause from the students who had crowded into the Student Center to witness the event. The following day Hulett reversed his position, deciding to remain in office to salvage what he could. He now feels he has the support of the student body.

Students Named To Decide New Academic Vice President

Five students have been named to the Ad Hoc Advisory Committee to determine the replacement of the Academic Vice President. The students, Daniel Mahoney, Frank Figlia, John Kaley, and Brendan Mooney were appointed by the Faculty Council, which was formed to take the place of President Lindsey Fay, Academic Dean John O'Shea, and Dean of Students Thomas Wade - all representing the administrative conscience of the College.

"Ambassador" To Visit Tanzania

Tanzania is the choice of countries for the 1969 Dutchess County Community Ambassador to visit this summer. The selection was disclosed by Miss Terry Champange, the Steering Committee chairman, after their meeting on February 4th. Kenya was also chosen as an alternate country.

The Dutchess County Community Ambassador Program, in operation here for the last 16 years, is being sponsored by previous ambassadors, civic, community, and industrial leaders in cooperation with The Experiment in International Living, Vermont. The Program's headquarters is at the W.V.C.A., Poughkeepsie, New York.

In addition, Charles Griffin, a trustee of Marist, will act as special consultant to the committee. Dr. Griffin served as Dean of Faculty at Vassar College in 1967.

The purpose of the committee is to determine the functions of the new academic positions. This includes the president, academic vice president and academic dean. The committee will suggest changes in functions and possible changes of titles.

The second major role of the committee will be to screen candidates and to make recommendations to the Executive Committee of the Board of Trustees. It is expected that the new academic officer will be named by April 1st.

150 Students Will 'Register' Feb. 28

In an effort to secure a really satisfactory class schedule, a "sample registration" for the Fall 1969 semester is now underway. A tentative schedule has been drawn, and a computer has randomly selected, for regular registration for all students to go through the registration procedure. This simple registration is being tried to work any "bugs" out of the schedule.

When this registration procedure is completed, the course cards will be studied and changes made in the schedule. It is hoped that conflicts can be eliminated, extra room added to the heavily loaded courses, etc. Final "official" registration will then be able for regular registration for all students in late April. The students to go through the sample registration have been chosen by a lottery.
**LETTERS TO THE EDITOR**

**Talkin' S.G. Blues**

Alan Davis, President of the Student Council, has been derided by the Board of Trustees. The student body has been derided by the Board of Trustees.

In the early morning fiasco, held only by waving parliamentary procedures, three members sought to have Mr. Hulett impeached. During the debate, the following exchange took place.

Treas.: But, really, Mr. President, I have to ask... you don't mean to impeach Mr. Hulett do you? I mean, he's our guest. You can't do it. You're not allowed to do it.

President: But, really, Mr. Treasurer, we have to cut our dependency on the activities of the Mid-State Area to the Board of Trustees.

In the next three weeks the deplorable condition of the Board of Trustees to the College will be discussed. This is definitely a waste of valuable time.

**Sorry 'bout That**

The following conversation took place between the treasurer of the Student Government and the College president:

President: Mr. Treasurer, we have to cut our dependency on the activities of the Mid-State Area to the Board of Trustees.

Treas.: But, really, Mr. President, I have to ask... you don't mean to impeach Mr. Hulett do you? I mean, he's our guest. You can't do it. You're not allowed to do it.

President: But, really, Mr. Treasurer, we have to cut our dependency on the activities of the Mid-State Area to the Board of Trustees.

In the next three weeks the deplorable condition of the Board of Trustees to the College will be discussed. This is definitely a waste of valuable time.
The Loneliness of a Situation

By John LaMassa

One of the goals of the history departments of the various cities is to present the people in some sort of community and understand their lives. The history departments of the various cities are also the ones responsible for bringing the people of the various communities together. The history departments are the ones who present the people in some sort of community and understand their lives. The history departments of the various cities are also the ones responsible for bringing the people of the various communities together.

Education For The Future

By Vincent Bowers

Schools of all levels in our country are preparing students for the future, but in another sense we are also preparing them for the present. Experiences in education are also preparing the students for the future, but in another sense we are also preparing them for the present.

Reception for

Clayton and Poynter

Students Today

By Tom Flores

It was a beautiful afternoon, and the students were gathered on the steps of the school. They were all dressed in their best clothes, and they were all smiling. The students were all talking about the future, and they were all excited about what the future held for them.

From Paris, France

By Reynard

The castle, Heidelberg Castle, was built on a hill overlooking the Neckar River. It was completed in 1356 and has been a popular tourist attraction ever since. It has been renovated several times over the years and is now open to the public.

Part III in a Series

The Search

By Kevin

Olympia's Adam Reardon was the standing out on the field. He was the one who excelled in both offense and defense. He was the one who was able to lead his team to victory.

Why not move ahead?

If we look back at Marist's history, we find that Marist was one of the first colleges to be established. Marist was founded by the Society of Jesus in 1851, and it was the first college to be established in the United States.

Cinderella

A Community Production

By Woody

Next month under the sponsorship of the Registrar of the City of Philadelphia, a new production of Cinderella will be presented at the Theater Guild. This will be the first production of Cinderella in the city since 1956. The production will be directed by Dr. John LaMassa.

Plans for TAG

By Leo Conde

The National Action Committee for Community Action (TAG) is a national organization that works to improve the lives of low-income people. The organization is now being directed by Mr. Conde, who is a member of the board of directors.

The Theatre Guild Begins New Season

By Michael C. Finlay

This season, the Marist College Theatre Guild will produce two new productions: "The School for Boys" and "The School for Girls." The productions will be directed by Mr. Finlay, who is the head of the theatre department.

**Foxes Scalp Siena 82-79**

**Wrestlers Drop Squeaker 21-20**

**Varsity Streak Ends At Eight**

The Marist basketball team extended their winning streak to eight games with a win over Siena but found the road ended there as they were beaten by Southampton.

On Wednesday, February 12, the team traveled to Albany where they engaged the Siena College team in a very close, hard fought game. Marist proved to be the better team that night as they hustled their way to a 82-79 win.

It could have been Kenny Thompson night, as he led all scorers with 25 points. His last second half was a big asset to the victory. At one point in the action, Ken had hit on 7 attempts from the floor. This torrid pace seemed to spread to the remaining players as four other men hit for double figures: Ray Manning-14, Bill Spenla-12, Tom Waldbillig-11, and co-captain Jim Brady-14.

The rebounding was solid, even though Marist was out-rebounded by Siena 53-44. Marist came out on top in the rebounding contest, grabbing 50 to Southampton's 46. High men for us in that area were Bill Spenla-11 while Manning, Thompson and Charlton followed with 7 each.

Although he didn't seem too thrilled with his second time this year that Marist rolled over Southampton, Lewis to contend with as the final obstacle. The best defensive job on Lewis was put in by Tom Waldbillig. Wobbes had the height and weight to give Lewis a run for his money, but still couldn't win the battle for position under the boards.

After last week's action, the team's record stands at 5-1 in league play and 13-7 overall.

**Grapplers Bow To Seton Hall:**

**Face C.C.N.Y. Saturday**

The Marist Grapplers opened their homestand season finale last Saturday by taking on Seton Hall of New Jersey. Coach Patrick's "9" met with stiff competition at the New York Coliseum.

In the 130 lb. class, Ted Broman, filling in for injured Kevin O'Grady, succumbed to a pin delivered by the Seton Hall Captain, J. C. Shanker. Pete Masterton then took to the mat and, despite the wrestling knowledge of Milton Bourque, was defeated by a pin in the 145 lb. class.

In the 152 lb. division, Berson "Wizard of Whizzer" O'Hare began with a Chinese variation of the whizzer and scored a quick 4 points, but despite his fine maneuver, succumbed to the red-whizzer with 5:41 left in the match. Bob Krenn, looking for his 4th consecutive victory, delivered the goods in the second period. With a fine set-up, Krenn pinned Bud Bartusi to make the score 16-10. With the added 5 points of Fred Wagner's forfeit in the 167 lb. weight, Marist was within 1 point on the match scoreboard.

Continued on 6

**Frosh Split Two**

After nine straight wins, our Marist frosh team lost to Siena's frosh, 68-64, Wednesday, February 12 in the Coliseum. In the first game, Ray Clarke led Marist scores with 12 points. Brian McGowan had 14 and Steve Shackell had 10. Shackell led in rebounds with 10, McGowan had 9, and Schmidt, 7. Along with his high scoring, Clarke also led in assists with 8.

Siena had a distinct height advantage. Even though a tall team, they only outrebounded Marist 41-39. However, with good outside shooting, and a couple of guards who were better than average ball handlers, Siena came out ahead in the end of a close game.

Saturday, February 15, saw the freshmen return to their training ways. But first from rolled over Southampton, 100-69. Terry McMakin led the scoring with 34 points, Mike Fazio followed with 16, Jim Consino had 15, and Steve Shackell 13. McMakin also led in rebounds with 19, Ray Clarke and Jim Consino, 8. Rich Tallovi came up with 9 assists.

For the first five minutes, it was a fairly close game. After that Marist took over, and Southampton never threatened again. McMakin played a tremendous game as illustrated by his scoring and rebounding.
