Student Representation: A Myth Of Community
CIRCLE EDITORIALS

October 29, 1970

The time has once again for the election of "new" people to represent us in the legislature. Time to a new election is now determined to be the first Tuesday in November of any year, in order to determine the upholding or rejection of political policies, at least we are on trial.

Governor

In New York State the gubernatorial race has been between the candidates for the past year. In this state, the campaign is one of the most expensive in the country. The candidates have spent millions of dollars in their efforts to gain the vote of the people. The Governor's Race is currently the most important election in New York State, and it is one that will determine the future of the state.

State Senator

An open letter to the students of Marist College:

On Wednesday, October 29th, the Social Psychology Department will be having a lecture on the topic of "The Psychology of Violence." The lecture will be presented by Dr. Edward Greystone, and will be held in the Gallery Lounge of the Campus Center. The lecture is scheduled to begin at 7:30 PM.

The Social Psychology Department is working to understand the complex relationships between people and their environment. The lecture will focus on the psychology of violent behavior, and will explore the factors that contribute to this behavior.

In addition to the lecture, the department will be conducting a survey of students to gather more information on this topic. The survey will be available in the Gallery Lounge during the lecture, and will be available for students to complete after the lecture.

The Social Psychology Department is committed to conducting research that contributes to our understanding of the human psyche. Your participation in this survey will help us to better understand the factors that contribute to violent behavior, and will help us to develop strategies to prevent and mitigate these behaviors.

Thank you for your participation.

The Greatest Show On Earth

By Sal Frazza

The circus is coming to town, folks! Yes, you heard it right. The circus is coming to town, bringing with it all sorts of amazing sights and sounds. With each passing year, the circus continues to attract thousands of people to its shows, and this year is no different. With its colorful performers, exotic animals, and thrilling rides, the circus promises to be an unforgettable experience.

As a child, I used to dream of being able to see the circus. I would spend hours watching TV shows like "The Greatest Show on Earth" and wondering what it would be like to see it in person. Now, as an adult, I can finally say that I have had the opportunity to see the circus for myself.

The circus is an experience that is unlike any other. From the moment you step into the big top, you are transported to a world of wonder and excitement. The performers are amazing, and the animals are simply breathtaking. Whether you are a child or an adult, the circus is a show that is sure to amaze and delight you.

So if you have the chance to see the circus this year, make sure you do. It is an experience that you will never forget. And if you haven't seen the circus yet, make plans to see it soon. It is an experience that you don't want to miss.
VIKINGS BAPTIZE CATHOLIC U. 25-6
RAIN-SOAKED TERRAIN TAMES GAME

Wilkens, Gestal Spark Squad
Winning Skein At 5-0

by Kevin P. Donnelly

The Vikings returned home last Saturday after three weeks on the road and defeated Catholic University by a score of 25-6 in front of a Homecoming crowd of 2,000. The Vikings have now won five games in a row without a defeat, while Catholic University's season mark slipped to 2-3.

Field conditions did not seem to bother the Vikings as they were never in any serious trouble throughout the game. The offensive unit had another fine day allowing C.U. to gain less than 100 yards. The offensive unit continued where it left off against Iona. Jim Wilkens (two touchdowns) and Pete Walaszek sparked the offensive unit of the Vikings.

The scoring started in the first quarter. After an exchange of punts the Vikings began to move. Hasbrouch and Rowinski brought the ball deep into Catholic University territory. From the 20 yard line Wilkens spotted Chuck Browne open over the middle and hit him for the first Viking touchdown of the day. Bill O'Reilly missed the extra point giving the Vikings a commanding 7-0 lead at the fourth quarter began.

The Vikings kept rolling along in the fourth quarter when Wilkens hit Bill Poscas with a 40 yard touchdown pass to put the game out of reach. John Yocoobski missed the conversion attempt. With the Vikings on top by a 25 to 0 score, Catholic University began to move. Rich Lamantagne, the C.U. quarterback, started them moving. A pass interference call against the Vikings brought the ball deep into Viking territory. From there Lamantagne hit convoy for 13 yards before he was taken out of bounds on the Viking 12 yard line. Dan D'Agostino took it from there by powering his way in for the touchdown. The conversion attempt was missed and the game came to a close with the Vikings on top 25-6.

Murray Milhgan, the Vikings top runner, was unable to play last Saturday. He will return this Saturday when the Vikings take on a powerful Albany State club. Game time will be at 2:00 p.m.
