**Black Weekend**

The Black students of Marist College have been a dynamic force on the college campus since they were admitted in substantial numbers in September of 1968. Since that time they have planned a number of programs, many of which, due to the lack of sufficient funds have never been accomplished in full. One such program is Black Weekend which will this weekend become a reality.

Black weekend is designed to benefit the underprivileged people of our community, the Mid-Hudson Valley, while also allowing the students of Marist College the benefits that occur with knowing that they have helped other people better enjoy life. The purpose of this weekend is to better people’s life style through the learning experience that will occur as a result of this contact on both sides - that of the Marist student and that of the people of the Mid-Hudson Valley.

The first item contained within the program will be a festival called: A MOMENT OF TRUTH. This is the first time the Black students have put together a whole week-end of activities specifically designed to create a learning experience that will encompass both the Campus Center and Benoît House and that it welcomes the participation of all interested students and faculty members. The overall purpose of having a weekend such as this is to bring about a social event for the students of Marist and other groups from the area. Those who participate will receive an awakening to the feelings of Black people on this campus and Black people from outside the boundaries of Marist college.

The weekend will allow for the hundreds of Dutchess County youths to become familiarized with Marist College and the role which the Black Community plays within the college. It will also be a great opportunity for these youths to spend an enjoyable and rewarding weekend of entertainment.

The whole Marist community is urged to participate as fully as possible in the events in order that they also may benefit from the hopefully insightful program. The weekend is an itinerary for the week-end.

**Inter-Dorm Council**

**Last Thursday, the Inter-Dorm Council met for the first time this semester. A few announcements were made that will concern the dormitory reservation system. There was some initial confusion but now that confusion is cleared up.**

The Inter-Dorm Council is the awarding of Gregory House and the vote by the entire dormitory new housemasters. This is the format that Gregory House will be held in April, 1969. This weekend will be different in the sense that it will encompass both the Campus Center and Benoît House and that it welcomes the participation of all interested students and faculty members. The overall purpose of having a weekend such as this is to bring about a social event for the students of Marist and other groups from the area. Those who participate will receive an awakening to the feelings of Black people on this campus and Black people from outside the boundaries of Marist college.

The festival will consist of various events including a show, poetry, and original recitals. The weekend will allow for the hundreds of Dutchess County youths to become familiarized with Marist College and the role which the Black Community plays within the college. It will also be a great opportunity for these youths to spend an enjoyable and rewarding weekend of entertainment.

The whole Marist community is urged to participate as fully as possible in the events in order that they also may benefit from the hopefully insightful program. The weekend is an itinerary for the week-end.

**Final Proposal**

**For Permanent College Council**

The following are the final proposals regarding the establishment, composition and scope of a permanent College Council.

1. The College Council shall be composed of the following:
   - Staff: Nine (9) members
   - Faculty: Twelve (12) members
   - Students: Sixteen (16) members
2. The College Council shall have the right to appoint one member from the Student Government to the College Council. All other members shall be elected.
3. The recommendations of the College Council shall be directed to the President, in the event of disagreement with him, the College Council shall have the right to present these recommendations to the Board of Trustees.
4. A Steering Committee of the College Council shall be established with one representative from each of the following groups: the staff, the students and the faculty.
5. A chairman of the College Council shall be appointed by the membership of the College Council.
6. A chairman of the College Council shall be elected from and by the membership of the College Council.

---

Please have name submitted to me by Thursday of this week. Groups presently interested:
- Hispanic Studies Group
- Women's Inter-Dorm Council
- Inter-House Council
- Two student groups for freshmen
- Two Free University experiments
- A Negro cooperative group
- A new Negro community group
- A number of new housemasters

---

**Bill Stokes, coordinator of Black Weekend.**
"School Days" May Never End

By Michael Miao

"Gold stars those we ever thought we'd never see," sang the band. "Hand on our hearts, we're once again free!" The song was the perfect way to end the day for many of the seniors. It was the last day of classes for the seniors, and they were looking forward to the end of the school year. The seniors were proud of their accomplishments, and they were ready to move on to the next chapter of their lives.

"Ward's Words: Marijuana Excess: A Problem"

By Tom Walsh

It seems like there have been a number of cases involving drugs in the past few days. The police have been dealing with a lot of issues, and it seems like they're getting nowhere. There have been a number of incidents, and it seems like the police are not doing anything. The police need to start taking these issues seriously, and they need to start doing something about them.

"Commuters Union"

Many inquiries have been received about the Commuter Union's efforts in the past few weeks. The union has received a number of requests for information, and it seems like they're doing a good job. The union has been active, and it seems like they're doing a good job of representing the students.

"Little People's Workshop"

By George Byrom

"Little People's Workshop" is a new program at the Marist Theater Guild, and it's been well-received by the students. The program is designed for children who are on the autism spectrum, and it's been very successful. The children are learning new skills, and it seems like they're having a good time.

"Don't Cop Out"

By Tom O'Hara

I've always been a poor learner. In the summer of 1971, I was in a school where I was not learning anything. I was having trouble with math, and I was not doing well in my other classes.

"Anybody Have The Time?"

I went for a walk on a quiet afternoon, and I wondered what he had planned for the day. I don't know, but I'm sure he had something planned. He's always got something planned, and I'm sure he'll tell me about it when he gets back.
**Signs of Our Time**

Traveling up Route 9, one can notice a new sign advertising Champs and Shaw. Someone who has been roaming around in the area has put up a sign that says, "Champ.

---

**Circle Editorials**

**Inadequate Facilities**

The awarding of Gregory House to one of six applying groups will be discussed in the Circle. It is debated whether a half a sign is much of an improvement. (But then it may very well become physically handled by the next group.)

---

**Change**

For The Community

Certain issues should be put to the community for a vote. In the event of a positive vote, a half a sign is better than none.

---

**Letters to the Editors**

Whalen Answers

February 2, 1972

The Champs

The incident occurred in the Cypress Café, on the evening of Feb. 1, 1972. A fellow at the bar gave a Friday night's amusement by singing a song. All the people in the room, including the people in the other rooms, became very enthusiastic and argumentative, and then moved to the other room.

---

**On Elliot's Apathy**

Dear Editor,

I am the resident of the class of '72 who is responsible for the Resident Advisor in my class. I have spoken to the students in our class about the need for an adequate Resident Advisor. We have discussed the need for a Resident Advisor who is interested in the welfare of the students in our class. We have also discussed the need for a Resident Advisor who is able to handle the affairs of our class.

---

**From Florida**

Dear Editor,

We have had a difficult time adjusting to the social life of Marist College. We have been unable to find a group of friends who share our interests and values.

---

**Scary Stories**

The final screening committee will meet the letters of recommendation and other information about the students who have applied for Gregory House. The decision will be based on the whole population. It is important for us to continue. This would be a sad occasion if the final screening committee were to become a reality.
Abortion Issues

The purpose of this article is to present another facet of the abortion issue in the college community to the academic calendar for 1972-1973. The police officers shared a rap and traveled to various places in this area as part of the Poughkeepsie area. The police's contract squabbles do in the community, such as life-saving and home assistance, were influential in getting them involved in the police's contract squabbles. The police's contract squabbles were influential in getting them involved in the police's contract squabbles.

Melinda

By Kathy Sears

Melinda's story will be known to many. It is a story of a family that had to fight to keep its family together. Melinda's story is one of dedication and hard work. Melinda's story is a story of a family that had to fight to keep its family together.

Calendar Change

A survey was conducted recently to ascertain the reaction of the college community to the change in the college community to the change in the college community. The results of the survey showed that the college community was generally supportive of the change.

Circle Interview

For All Athletic Complex

The term pre-planning stage was explained by Dr. Foy as being a stage when the proposal for the athletic complex is being developed. The pre-planning stage is an important stage in the development of the athletic complex as it helps to ensure that the facilities are designed to meet the needs of the students and faculty.

Foxes Host Siena Saturday

The Red Foxes will host the Indians of Siena College on Saturday also at 8:30 at Lourdes.

The Foxes are 15-2 after two important victories against King's College (184-91) and the Indians (98-77). The victory over King's boosted the Foxes conference mark to 7-2 and kept them in contention. Marist simply outgunned King's College. As Freshman Mike Hart pumped in 30 points, the Saturday night Marist played their best game of the season in their upset win over Siena. Senior Ray Clarke led the Foxes with 27 points. Senior Captain Joe Scott continues to lead the Feebird with (19.0 rebs.) and Freshman Mike Hart are the only other players in double figures.

The Indians of Siena come into Saturday night's game with a surprising 13-9 record. Siena has been hampered by injuries all season long and will be probably operating at full strength. The Indians are led by 6'10 Sophomore center Eric Steppacher (11.7 pg.), forwards Fred Shear, a junior (8.2) and averaging 10.9 pg. and 6'3 center Dave Wright. The Indian backcourt is made up of 6'4 Sophomore Red Brooks (9.7 pg.) and 6'9 Junior Chris Rubnick. Marist will need the eighth meeting of these two teams with Siena holding a 3-4 edge and last season the Indians defeated the Foxes by a 77-72 margin at Lourdes.

On Monday night, February 21 the Red Foxes will battle Marist at Dutchess County Community College at 8:30. Brooklyn College comes into the game with a 7-12 record but has given the Red Foxes a difficult time. Brooklyn employs three forward offenses led by Juniors Hyman Lasser and Jim Mitchell and Freshman Clarence Pugh. Rounding out the starting lineup are Guards Gerry Seabrook (6'0) and Eustacio Waino (5'10).

The Seasons Change and So Do I

Wrestling. At present there are two major divisions in the sport of wrestling. The first division is 170 lbs. to 285 lbs. the second is above 285 lbs. The Frosh team has done extremely well this season. In the first half the frosh led 30 to 27 at the half; this sealed the victory for the frosh and both teams played strong weight contingency of men. The frosh gave the frosh a 55 to 32 half time lead. The excellentリ4解 as the half progressed so did the early seventeen point lead at 22-5.

Marist is hoping to show much more in the CTC Relay Carnival. This Saturday, February 19 the Marist College Indoor Track Team travels to Queens College to take on both Queens and Kings Point in a double-duty meet. In this event Queens and Kings Point sport strong and large squads in indoor track. Both did exceptionally well in the CTC Indoor Relay Carnival two weeks ago. Marist's biggest handicap will be the fact that the team has a small squad of only about 15 team members and will be faced with giving away points in some events and also doubling and tripling up runners. This will not count on their efforts in the 600 yard dash also. Bill Carey, the standout in Marist's CTC Relay Carnival competition in the 440 yard run, will run the 600 yard dash and the 1000 yard run. The versatile John Jasinski, who sprinted in the first 220 yard dash, will run the 600 yard dash and the mile. In the 1000 yard run. The versatile John Jasinski, who sprinted in the first 220 yard dash, will run the 600 yard dash and the mile. In the 1000 yard run. The versatile John Jasinski, who sprinted in the first 220 yard dash, will run the 600 yard dash and the mile.

Kings and Vassar Defeated

Last Thursday the Marist freshman basketball team defeated the Kings college frosh team 96-80.

The game was all Marist at the little red foxes went out to an early seventeen point lead at 25:5. As the half progressed so did the Marist lead. The excellent shooting and good teamwork paved the way for the Frosh 45 to 32 half time lead.

In the second half the frosh continued the good shooting and their lead ballooned to 70 to 44 with about 14 minutes remaining. From there both teams played out the game and emptied their benches.

The high scorers for Marist were Joe Ginrella with a game high 30 points. Ginrella shot a fantastic 15 for 18 and also pulled down 12 rebounds. Alf Lachem, had 20, Greg Wojcikiewicz had 13 and Tim Murphy had 12. The high scorers for Kings were Dave Wallen with 26, Steve Strumbeck with 17 and Ray Silhem with 11.

Last Saturday the frosh played a surprisingly tough Vassar team. The little red foxes came out on top by the score of 43 to 58.

The first half was dominated by sloppy play by both teams and Vassar did lead for a good part of the half. Marist then caught the hot hand with about five minutes to go in the second half. This sealed the game up for the frosh and both teams just played to run out the clock.

The high scorers for Marist were Joe Ginrela with a game high 30 points. Ginrella shot a fantastic 15 for 18 and also pulled down 12 rebounds. Alf Lachem, had 20, Greg Wojcikiewicz had 13 and Tim Murphy had 12. The high scorers for Kings were Dave Wallen with 26, Steve Strumbeck with 17 and Ray Silhem with 11.

Les Cherry

The freshman team record of 3-11. This next game for the freshman team will be against Siena College. The game is on Saturday, Feb. 19 and is at Our Lady of Lourdes High School. The game starts at 6:00 p.m.
