48 Arrested
On Drug Charges

by Brian Morris

"The arrest last Friday morning of 48 young men and women for possession offenses represents a major move towards strict enforcement of the state's tough new drug law. The police and those arrested were pitted in a not unfamiliar contest, but there was no doubt that the Rockefeller-inspired drug law has escalated the stakes for all concerned.

The 48 persons were nabbed from all over Dutchess and Ulster counties and the majority were arrested were Vassar College Students. Eleven of the 48 are charged with Class A offenses and face a possible life sentence, if convicted. Twelve of the arrested are youthful offenders and will face trial under the alternative program, which may result in a sentence of up to 15 years.

"The big BCI raids were organized by troopers, BCL men, and police officers from several of the towns in the area. The BCI conducted an intensive review of the long lists of students who have been arrested over the past year, and determined that the majority are youths of the same age as the students at Vassar.

Concern has been expressed that weapons, including a gun, and drugs were confiscated. The police said that the student who had the gun was refused a concealed weapon permit.

Police are coming back and some of the students have been allowed to take home their personal items. The police are continuing to investigate the case.

The police have been moving in concert against drug-related offenses, and the police are expected to continue their efforts.

**Committee Reports On Athletic Future**

By Bryna Boyle

Organization and a good hand. We're looking for the reasons in the 1974 yearbook. They're less trouble.

**Superhero Stopped**

All the time during the play of Marvel's *Superhero* in one of the theaters was scheduled to begin the final Friday - very different from what it was last year. Another significant change was the admission time, which was reduced from New York City and in the late 1960s. From Monday and Thursday.

**Conclusion:**

Result: $800,000 in damage. The report states that 1,137 HEOP students were enrolled during the academic year 1973-1974, an average of 187 per class. The HEOP program is designed to provide support services to these students, including counseling, guidance, and academic support.

Racism In America

To the Editor:

To the Editors. I have been raised on a diet of self-hating, law-abiding, hard-drinking, swastika-toting Nazis, and have seen it all. But I would like to make the point that the problem is not new. It has been around for a long time. However, it seems to me that the problem of racism is not going away. It is still very much a part of our lives.

The time is now to face the issue head on. We cannot afford to ignore it any longer. We must take a stand and work to end racism in all its forms. Only then can we hope to build a better future for all Americans.

Sincerely,
[Name]

Academic Review

A significant number of Marist freshmen completed the Fall 1973 semester with grade point averages of less than 3.0. Although some were not happy with the academic review system, many students reported that the system improved their academic performance. This was due to the fact that students were required to improve their grades or face the possibility of being expelled.

Despite some initial resistance, the academic review system has been successful in improving academic performance. The system has helped students identify areas where they need to improve and has provided them with the resources to do so. As a result, many students have been able to improve their grades and achieve academic success.

Carolin Challenged

I have never been good at discussing issues of race. I am not sure why this is, but I do not feel comfortable discussing the topic. I think that it is important to talk about this issue, but I do not know how to approach it.

As a result, I have decided to try to discuss this issue in my next column. I hope that you will be willing to read it and provide your thoughts and insights. I would be very grateful for any feedback that you may have.

Sincerely,
[Name]
Shout It Softly

By Fr. Leo Gallant

I have one thing to say this week. It was on the 18th of December that my father, who was a member of the Irish Volunteers, was arrested at the age of 18 year old. He was en route to a meeting of the Irish Volunteers, when he was stopped by the police. He was imprisoned for 12 years in Kilmainham Gaol, an old and overcrowded prison in Dublin. I do not have any knowledge of what transpired during his imprisonment. I only know that he was released from Kilmainham Gaol on his 30th birthday. He then went on to become a leader in the Irish Free State movement, and he was also a member of the Irish Volunteers. He died in 1923 at the age of 38 years old. I have no knowledge of what happened to his body. I only know that it was buried at sea in the Baily Lighthouse, County Dublin. I have always been proud of my father and his contributions to the Irish nation. I hope that the Irish people will remember him for what he was and for what he did.
Marist Trackmen Show Well In CTC Relays

The Marist indoor track team notch their best showing ever in the Collegiate Track Conference Indoor Relays last weekend at Queens College on Saturday. It was Marist's first year of participation in the varsity division of the carnival. In the past the Red Foxes had appeared in the JV Division only.

The best performance of the day was turned in by the Sprint Medley Relay team, composed of Dave Schools, Mike Saintommes, Tim Murphy, and Mike Dauffy. The team set a Marist school record by clocking a 3:58.5. Duffy who ran the anchor leg also chalked up a new school record for the best time in a half-mile leg of a relay - 2:00.2. Schools ran the quarter mile in 56.2 while Saintommes and Murphy turned in 23.75 and 32.5 respectively.

Marist's other good showing in the Distance Medley Relay was stymied by some poor officiating at the meet. The team was actuallyquisitaneous when an official who thought he knew what he was doing told anchor Fred Kolthay that he couldn't receive the baton when he was actually supposed to take the action from Mike Dauffy. The official upset Marist's laps and thought we had done one less lap than the Red Foxes actually completed. Because of this Dauffy ran an extra lap and Kolthay ran one less leading the team and also hurting its chances of breaking the school record and earning well in the event. Dave Schools fell off in this relay during the third mile. Tim Murphy then ran the quarter mile in 56.2 seconds and Kolthay's times did not represent the ¾ mile and mile times that they should have, and perhaps would have, if not for the officiating flub the team could have overcome.

Marist also fielded teams in the two-mile relay and the mile relay. In the two-mile relay the times for each man's half-mile clockings were: Jim Gillen - 1:03.7, Pete VanAken - 1:03.8, Bill Krempel - 1:04.7, and Jim McFarland - 1:05.4. In the mile relay the times for each man's half-mile times were: Jim Gillen - 1:03.7, Pete VanAken - 1:03.8, Bill Krempel - 1:04.7, and Jim McFarland - 1:05.4.

Marist was the only team participating in the mile relay. In the two-mile relay the times for each man's half-mile clockings were: Jim Gillen - 1:03.7, Pete VanAken - 1:03.8, Bill Krempel - 1:04.7, and Jim McFarland - 1:05.4. In the mile relay the times for each man's half-mile times were: Jim Gillen - 1:03.7, Pete VanAken - 1:03.8, Bill Krempel - 1:04.7, and Jim McFarland - 1:05.4. In the mile relay the times for each man's half-mile clockings were: Jim Gillen - 1:03.7, Pete VanAken - 1:03.8, Bill Krempel - 1:04.7, and Jim McFarland - 1:05.4.
