Task Force Finishes "Input" Investigation

by Mike Harrigan

"President Linus Foy's Student Task Force, formed after the schedule controversy, has finished its investigations into the possibilities of increased student input in decision-making.

The Task Force has written a report which addresses itself to the main areas of the college administration. President Foy has called this report a "working paper", and plans more meetings with the group in order to discuss the report.

The report of the committee contains numerous recommendations, each pertaining to a specific segment of the administration. Recommendations towards the office of the President include: 1) a recreation of the Council, which was inactive according to the committee, 2) the Student Government President should be allowed to sit in on all meetings of the Board of Trustees, and on all meetings of the Administrative Council, "State of the College Address" by the College President.

President Foy expressed fears that these recommendations might "place too much of a burden on the Student Government President". He explained that the Trustees meet twice a year, but that various sub-committees might place "too much of a burden on the Student Government President". He explained that the Trustees meet twice a year, but that various sub-committees might place "too much of a burden on the Student Government President".

The report of the committee also considered the office business and suggested that business majors be used to increase the efficiency of that office, and that results of an annual audit be published for a "more conscious self-evaluation". This section also called for students on the Administrative Council in order that they might "have a say in any spending."

The General, President Foy noted that the report contained "a male dominance" and that the recommendations seemed "reasonable".

Volunteers Work In Department

by Debbie Nykiel

If you are alert, observant and fun-loving, you are interested in teaching, the Education Department has a volunteer position just for you. Volunteers will be substituted for teachers in student classrooms throughout the school day. Volunteering is a great way for students to gain experience in the classroom and help their peers succeed.

Volunteers are presently working in the High York and Marist Heights areas. The program has been successful in providing safety and security to our students. If you are interested in volunteering, please contact Mr. Robert Norman, Director of Education, at 555-1234 for more information.

Dr. Robert Norman of the Communications Department

Norman Participates In Broadcaster's Convention

by Mary Messmer

In order to strengthen the communications field at Marist, Mr. Robert Norman took part in the 20th Annual Broadcasting Convention and Student National Association of Broadcasters Convention in Shreveport, Louisiana.

At the convention, Mr. Norman delivered an address on "The Broadcast Industry and the Mass Media" and presented an educational seminar on "The Future of Broadcast Advertising." The seminar focused on the increasing use of cable TV in higher education.

Another main objective that he achieved was an internship plan for first year students. This plan will allow students to participate in the internship program during their first year.

The conference was beneficial in encouraging Marist as a model in the internship field with the Student National Association of Broadcasters Convention, and as being an innovator respected by members of the broadcast profession.

In conversation, Norman stated that "the expansion in the communications field will require more students to enter the field." Norman added that it is important for students to explore their opportunities in the communications field. Students have been placed in a wide variety of radio stations, daily newspapers, television stations, and advertising agencies, as well as in advertising agencies.

Another good point that was brought out is that the internship, which would be beneficial to students, is the beginning of the student career.

Reynard Proves Financial Success

by Tony Berger

Reynard '74 will surpass its Marist's yearbook, $5500 in revenue, $5000 in expenses. Reynard '74 will be able to finance all costs for the school. "Reynard is a major who will begin his third year as a CCAP volunteer next fall," Aderholt said that "it was a good way to start teaching," "We have to be that the colleges and universities can provide the expertise in our school," Aderholt said. "The college environment lends itself to the training of students who are academically interested."

Executive Begin New Year

by Charlie Tackney

As a result of the April 17 election, the Executive Committee will begin a new year of coordinating budgets, and attempting to increase student participation in student government. The Executive Committee will take over the responsibilities of the previous committee.

One meeting, on April 10, resulted in the appointment of Theo as Secretary. This meeting also established the portfolios for the coming year. Theo was appointed to the position of Secretary.

Aderholt Completes Course At Institute

by Diane Peters

Ronald D. Aderholt, director of safety and security, has completed training at the U.S. Department of Labor Institute at College Park, Maryland. Aderholt completed the 20th Annual Safety and Health Conference, which is designed to improve the health and safety of workers who have anything to do with commerce. The course covered all areas of employment, including health and safety, workplace first aid, and fire protection.

All materials and fees were provided by the U.S. Department of Labor for the week that the program was held. Currently Mr. Aderholt has just completed setting up a program for the college to get the certification for the course.

In conversation on the course, Mr. Aderholt said that "it was a good course and we had a list of people.

Mr. Ronald Aderholt, Director of Security.

Students Appointed As Coordinators

The Office of Student Affairs has appointed two students to be Student Coordinators for the Community Action Program (CAP). The CAP program is designed to help students develop leadership skills and community involvement.

Olga Burkhardt and Cathie Homan are filling the positions on the CAP committee. Both students are eager to help others and are looking forward to being able to make a difference in their community.

The CAP program is the largest program in the state and covers the Occupation Safety and Health Act of 1970 and the Department of Labor Institute at College Park.

Aderholt is a registered major in English and is entering his third year as a CCAP volunteer next fall. Aderholt has a strong background in academic interest and is currently working in the Hyde Park and Wappingers Falls areas.

The CAP program will open the door to students interested in serving the community through youth group programs. The CCF will help students interested in serving the community through youth group programs.

Letters To The Editors

In Retrospect

Dear Editors,

I feel bad that the last issue of the CIRCLE was published so late. I would have liked to see a bigger response to the late print. Also, I feel that the CIRCLE is a very important publication for students and the college community in general. I hope that future issues will be published on time.

Sincerely,

[Signature]

Many Thanks

To the Editors:

I want to express my appreciation to the staff of the CIRCLE for their hard work and dedication. Without their efforts, the publication would not be possible. I hope that everyone involved will continue to strive for excellence in their work.

Sincerely,

[Signature]

Investigation of CIRCLE Funds

To the Editors:

I am writing to express my concern about the use of funds within the CIRCLE. I understand that the CIRCLE is a student-run organization, but I believe that they should be transparent about how they use their funds. I hope that future issues of the CIRCLE will include a breakdown of their expenditures.

Sincerely,

[Signature]

A Reply

To the Editors:

I want to thank the staff of the CIRCLE for their hard work and dedication to the publication. I understand the challenges that come with running a student-run organization, and I appreciate their efforts to ensure the best possible outcome.

Sincerely,

[Signature]

Soul Food

On Saturday, May 4, the CIRCLE will host a soul food event in the Student Union. The event will feature a variety of soul food dishes and will be open to anyone interested in attending.

Sincerely,

[Signature]

Student Government

Announcements

On Sunday, May 15th, the Student Government will be hosting a cookout on campus. The event will feature free food and music, and all students are invited to attend.

Sincerely,

[Signature]

Student Council

Sunset Boulevard

On Sunday, May 22nd, the Student Council will host a sunset boulevard event on campus. The event will feature live music and a variety of food options.

Sincerely,

[Signature]

Sustainability Committee

The Sustainability Committee will be hosting a recycling event on campus on Sunday, May 29th. The event will feature free recycling bins and information about ways to reduce waste.

Sincerely,

[Signature]

CIRCULAR

The CIRCULAR is the weekly newspaper of Marist College, a Catholic, Liberal Arts and Sciences, College, located in Poughkeepsie, New York.
Senior Give Reflections
On Years at Marist
by Rich Morgan

Cheryl McCann, who feels that dorm life has improved, says that the people in dorms are quieter and more considerate of others. She also says that there has been an improvement in dorm life since her freshman year. She added that living on campus has been encouraged, and that there are plenty of women here who have the potential to become leaders. She said, "Themselves," she said. "You will find them characteristic of women, but there is a certain trait resembling a woman."

Think that the dorm life has improved with the outgrowth of dormitory. People there are Quiet and a different atmosphere. Nothing bothers them," she stated. "There is a certain trait resembling a woman."

Think that the dorm life has improved with the outgrowth of dormitory. People there are Quiet and a different atmosphere. Nothing bothers them," she stated. "There is a certain trait resembling a woman."

Karen Conlon also thinks that there should be a requirement that the Admissions Office speak to every prospective freshman individually, and only after then decide if that person is fit to come here.

Debi Foster agrees with Karen Conlon and others on campus, takes a different view of the dormitories. In the past ten years, she said, "there is a dormitory that is more quiet and a different atmosphere. Nothing bothers them," she stated. "You will find them characteristic of women, but there is a certain trait resembling a woman."

LaCrosse Team Drops Two; Gives Excellent Showing

The Mary Varsity LaCrosse team captured the President’s Cup Regatta by winning 4 out of the 5 races they entered. The first race to come down the course was the varsity eight race. St. Joseph, Trinity, W.P.I., Holy Cross and Washington College had all entered the race. At the start of the race Washington shot out to a surprising 3 length lead with Marist in second followed by the rest of the pack. The order stayed the same all the way up to the 1,000 meter mark where Trinity and St. Joe’s made their move. At the 1,500 meter mark it was Trinity closing on Washington, followed closely by St. Joe’s and Marist. Coming into the last 500 it was anybody’s race. St. Joe’s and Marist started to sprint early, while Trinity seemed to be holding back. All boats were in striking distance with 30 strokes to go. Trinity then made their move and with an awesome sprint walked away from the pack. St. Joe’s finished second followed by Marist and Washington all within 5 seconds of one another.

The next races were the four and pairs races which did not count towards the team trophy. The freshman race was never a contest from the beginning with Marist gaining the lead from the start and never relinquishing it. Marist crossed the line 10 seconds ahead of their nearest rival, Trinity. This victory enabled Marist to move within one point of Trinity in the race for the team trophy.

The next race in the J.V. race Trinity called for the sprint. You could see them explode through the water. The crowd went wild. Marist was making their move. With 10 strokes to go they were even. They then walked right by Trinity in the last ten strokes to win the Presidents cup.

The day belonged to the Marist轻队 as they were the Red Foxes rival in LaCrosse. Jumping to an early 24 lead on goals by Jim Donnelly and Jeff Mullen, the Marist defense held steady against the relentless Maritime attack. A poor day in fieldwork allowed only 2 goals to be scored. The day was won by the Marist defense and Rich Heavy all turned in excellent games.

Marist Wins Regatta

Mariat crew team captured the President’s Cup Regatta by winning 4 out of the 5 races they entered. The first race to come down the course was the varsity eight race. St. Joseph, Trinity, W.P.I., Holy Cross and Washington College had all entered the race. At the start of the race Washington shot out to a surprising 3 length lead with Marist in second followed by the rest of the pack.
