Shirt Sales Down

The selling of freshman shirts has been going poorly, and since the money from the shirts goes towards the treasury, this year's freshman class might find themselves without any money. Jack Schofield, social chairman and program advisor for the College Union Board, stated that only 76 shirts at $5.00 each have been sold so far. There is an approximate total of 350 freshmen.

"This is a totally ridiculous figure," said Schofield. "Last year at this time we already had about 250.00 for the freshman class, but this year they are very apathetic about buying them. The Resident Advisors have also been apathetic about buying them."

According to Schofield, if the freshman class officers won't have the money from the shirts, they won't have anything to work with. "The freshmen are only hurting themselves," Schofield said.

Miss Ross, who has been a volunteer for a year, will remain in her new position until the annual staff changeover in February when she will rise to the position of Co-Editor.

WASHINGTON, D.C. - ACTION, the federal agency for volunteer service, has awarded $6,413 to Marist College in Poughkeepsie, N.Y. to operate a University Year for ACTION (UYA) program.

Mr. Ted Prenting, Associate Professor of Business and Economics, has recently had his first book published entitled Humanism and Technology in Assembly Line Systems. The book discusses mass production assembly and is the first book exclusively on the subject. The book's material is gathered from research papers from the Illinois Institute of Technology, and the other material the authors personally researched.

Mr. Prenting's co-author is Mr. Nicolas T. Thanopoulos of Illinois Institute of Technology.

"The book takes practical examples and actual case studies to describe the techniques for determining appropriate assembly line speeds. Mr. Prenting feels the book would best be utilized in an engineering school. Since the book came out so late during the year, it won't be used as a course text book until Fall 74," Mr. Prenting doesn't foresee Humanism and Technology as being a text book here at Marist, although he states, "It (the book) does cover certain courses here, but it is only sections of the whole."

Examples of this are to use the book as a supplement in production courses in the Business Department. Also it can be extended to be used in math classes to study math in industry and psychology to look at learning curves and even to political science to examine the nature of work and boredom factors.

Mr. Prenting has already received another invitation from a publishing firm to write another book. Previously, he has written articles on human factors and automation in industry. Mr. Prenting thinks working on a book is "a whole other dimension from writing articles."

Humanism and Technology in Assembly Line Systems is available to students at the library.
Letters to the Editors

Presidential Pardon
Mr. Gerald Ford, President of the United States.

Dear Mr. President,

As I write this letter, the United States is in a state of paralysis. The nation is polarized, and the media is saturated with political rhetoric. It is a rare and unfortunate moment when a president is forced to consider granting a presidential pardon.

I am writing to you to express my support for the presidential pardon. I believe that granting a pardon in this situation will be a necessary step to ensure the rule of law is respected.

Sincerely,
[Name]

Honorary Degree
Dear Brothers and Sisters,

It is with great pride that I announce the granting of an honorary degree to a beloved member of our community.

The recipient, a person of great distinction, has made significant contributions to our institution and the wider community. Their achievements have been recognized and celebrated by many, and we are honored to recognize them with this highest honor.

Sincerely,
[Name]

Fellowships
Dear Colleagues,

I am excited to announce that we have received a significant grant to support our fellowship program. This grant will enable us to increase the number of fellowships available to our students, and I am grateful for the support of our donors.

Sincerely,
[Name]

ROWING IN THE SUMMERTIME
Last summer three Marist oarsmen continued with the old shell
game by competing in the National Rowing Championships at Oc­
seabreeze, New York.

George Schafer, rower for the Vesper Boat Club of Philadelphia, Pennsylvania, captured a first place medal in both the senior eight and senior four competition. Schafer later was invited to attend the National Development Camp which held in Harvard, New Hampshire.
This camp is comparable to the United States Second National team. Because of his invitation, George is now entitled to tryout for the 1975 National Team as well as the 1974 Olympic Team.

Pat C. Scoure, also rowed for Vesper and was part of the championship four without coxswain, Brian Bennett who rowed for Underseat Boat Club, also of Philadelphia, who took first place in the inter­mediate eight championship.
Considering that all three of these oarsmen will now just be entering their sophomore year here at Marist, it looks as though the Rowing Red Foxes have a bright future ahead of them.

EXPERIENCE IS BLYWORD FOR 1974 RED FOX BOATERS

When Marist College soccer coach, Dr. Howard Goldman sets his team's goals for 1974, almost everything is centered around ex­perience. Last season the Red Foxes registered a 3-7-4 record.
Up front senior Bill Sullivan, and juniors Jim Trotta, Al Robinson, and Mike Creaney along with sophomore Ralph Napolitano return.
Newcomers hoping to break in are freshmen Dave Pompa and Jimbo Di Martino; John Metzger and Joe Di Carlo along with sophomore Kevin McGirr.
Mike Creaney, a freshman, is the lone

Once again sophomores Jon Metzger and Bill Daino will share the goalkeeping duties.

The Red Foxes will open their 1974 campaign at home against Southampton this Saturday on Leondoff Field at 2:00 p.m.

INTRAMURAL ANNOUNCEMENTS
Referees are needed for the Intramural Touch Football League. For further information contact the Intramural Office (phone 283-3101). The Intramural Golf Tournament will be held on Monday (Sept. 23) at 2:00 p.m. at the Schatz Golf Course at Leondoff. The Intramural Office will provide the league's 3-7 handicap system. Sign up before the deadline.

This Saturday (Sept.,21) Cross Country - N.Y.U., C.C.N.Y., N.Y. Tech, New York University, New York, New York, and Rutgers (Livingston) will be held at the Pan-American Conference Championships. For further information contact the Intramural Office.

KOLTHAY NAMED ATHLETE OF THE WEEK
Fred Kolthay, a sophomore from New Hamburg, New York, has been named Marist College Athlete of the Week for the week ending September 15.

Kolthay a member of the varsity cross country team, finished fourth last week in the 23rd Annual Invitational Meet held at Glassboro, New Jersey.
Kolthay helped Marist to a second spot among the twelve college and university teams which competed.

This week in Marist Sports
Saturday (Sept. 21) Cross Country - N.Y.U., C.C.N.Y., N.Y. Tech, King's Point, Jersey City State at Van Cortland Park, 11:00 a.m. - Soccer - Southampton at Leondoff Field 5:00 p.m. - Football - at Rutgers (Livington) 2:00 p.m. - Sailing - Area Championships at Albany, N.Y.
Sunday (Sept. 22) Sailing - Area Championships at Albany, N.Y. - Cross Country - Monmouth, Trenton State at Van Cortland Park, 11:00 a.m. - Soccer - Southampton at Leondoff Field 5:00 p.m. - Football - at Rutgers (Livington) 2:00 p.m. - Sailing - Area Championships at Albany, N.Y.
