Dr. Perez proposes to cut residence staffers

These new directors will work during the day to the counseling office, the career development office and with the activities department. In addition to credits from each person's respective department, the new residence directors will receive a stipend of $2,000.

Two people will be hired as full-time housemasters of Leo Hall and Champagnat Hall. According to Perez, the life-housermaster will receive a salary of $7,000 and $8,000 and the Champagnat housemaster will receive between $6,500 and $5,500.

According to Perez these new residence directors will provide more help to resident advisors because they will be full-time professional people.

In reference to the resident coordinator Perez said he was "not trying to take jobs away from the students, but to set up structures to benefit all students."

**Letters**

We pay three times for fun

With the exception of CUB activities, resident students have been asked to pay three times to attend a sporting event. During the past year, they have been asked to pay three times for the most popular events: the local professional hockey games, the local professional baseball games, and the local professional basketball games. These events are the most popular because they offer the best entertainment value.

*One sided*

**Dear Doctor, F.**

With regard to your article concerning Gregorian Chant, I suggest that the CIRCLE no longer print these articles.

**Dear Doctor, F.**

I do not believe that the CIRCLE should be responsible for publishing articles that are not in agreement with the student body.

**No fun**

In the article "Resident students pay for a gym," it states that the students pay for their own bills. The article is written in a way that makes it appear that the students are being charged for their own bills.

**Save pigskin**

Dr. S. G. S. suggests that the football team be used as a tool for the student government. This is a good idea, but it is not the only way to use the football team.

**Keep grillin'**

In the article "Resident students pay for a grill," it states that the students pay for their own bills. The article is written in a way that makes it appear that the students are being charged for their own bills.

**Announcements**

Community Meeting

There will be a Community Meeting at 7:00 p.m. in the Library. The meeting will be attended by campus representatives and community leaders.

**Pay our own**

It has come to the attention of the CIRCLE editors that beginning this semester, the student government will be responsible for paying for their own bills. This will eliminate the need for students to pay for things such as food, transportation, and entertainment.

**Carn downhill**

The Carn downhill is being replaced by a new downhill. The new downhill will be safer and more fun. The student government has been working hard to ensure that the new downhill is safe and enjoyable.

By Tom McTernan

As far as the varsity basketball team is concerned, Saturday night marked the beginning of a new season as they rallied to stun Monmouth 97-74 at the Community College.

The upset was sandwiched between CACC wins over Ramapo (50-49) and Concordia (92-81), the biggest victory margin of the season. But neither of those games is the same class as Monmouth, the nation's No. 21, Division III, and the Red Foxes responded with their most impressive performance in over a year.

Monmouth, leading 44-37 at the half, had moved in front 49-44 with 12:46 remaining. But the Red Foxes, led by guard Glynn Berry and center Neil Lajeunesse, staged an incredible 30-13 comeback spurt that propelled them to a 77-72 win with 1:36 left.

Lajeunesse, who finished with 19 points and a good defensive job on Hawk center Bob Wymbs, scored six of the eight straight Marist points that started the rally and made it 59-55.

Berry added 10 points of the 12 scored'six of the eight straight comeback spurt that was a long time coming. "We really just a matter of time before we took control. We just seemed nervous and took awhile to adjust," said (the 7-foot) Petro.

"I don't think we were very excited," said Tommy; coach Eileen Witt. "But we just didn't make several good opportunities,' said Witt. "You guys won it for us." There should be a packed house for Saturday's 8 p.m. game as the Red Foxes turned around with 18 for 31 (.581) shooting percentage and 32 of 40 (.800) free throw percentage. Marist supporters at the Monmouth game were very upset when the "Red Foxes" edged "Ace Heads" 92-50. Kevin Wulf and Paul Cooper scored 13 and 11 points, respectively. Jeff Hackett led the losers with 20 points in a losing effort.

Marist took a 3-8 record into this game with 6-5 and is just ahead of Ramapo and Dowling. The game will also be Saturday (8 p.m.) for their season home finale against Concordia here. It was the first varsity game to be held in the old Marist gym in 13 years and also the last, with the completion of the McCune Recreation Center.

The Red Foxes were anywhere but home in the early going as Concordia scored the first six points and held a 12-point lead after six minutes. But more than half of that deficit was negated with Berry adding two baseline jumpers for a 15-0 Red Fox string and a 13-lead midway through the half.

Never looking back, Marist opened a 32-23 halftime lead and the reserves came in to early to enjoy their longest playing time of the season.

Next Marist will travel to Loudonville to play Siena. "We want to have everyone back so we can use our full five players again against Concordia and Manhattan," said Petro.

While it was turned around with 18 for 31 (.581) shooting percentage and 32 of 40 (.800) free throw percentage, Marist supporters at the Monmouth game were very upset when the "Red Foxes" edged "Ace Heads" 92-50. Kevin Wulf and Paul Cooper scored 13 and 11 points, respectively. Jeff Hackett led the losers with 20 points in a losing effort.

Marist's leading scorer, Glynn Berry, a junior from Brooklyn, N.Y, has been named Marist College Basketball Athlete of the Week for the week ending February 9. Berry, top-scoring guard on the varsity basketball team, capped a 37-point, seven-rebound performance by sinking the deciding free throw in Saturday's 97-72 win over Monmouth.

"(We) played well at the start," noted Petro. "But it was really just a matter of time before we took control. We just seemed nervous and took awhile to adjust.""This was a long time coming," said Petro. "We really just a matter of time before we took control. We just seemed nervous and took awhile to adjust.""This was a long time coming," said Petro. "We..."
