Another reason Lambert said is projections in its budget, according to Linus R. Foy, assistant dean of student affairs. "The tripling of freshmen women in rooms," said Lambert. "Two freshmen girls in one room." Lambert said the increased acceptance of women by admissions is one reason for the tripling of females in one room. Another reason Lambert said is the acceptance of former Bennett students into Marist.

During the first week of school there were about 12 students living in the Red Bull, a hotel located about four miles south on Route 8. Lambert said the students living there were either former Bennett students who requested they live there temporarily or because they didn't have room on campus temporarily and upperclassmen who had paid their room deposit only a few days before the opening of school. Lambert said these students were given rooms on campus after the first week of school. He also said he has not received any complaints regarding the tripling of freshmen girls in one room. He said some of the students living in triple rooms have requested to keep them. However, three freshmen girls have started a petition stating they want singles given back to them and a written apology from the college administration for the inconvenience concerning the irregularities of campus life. Lambert said he questioned "the validity of the statement" because not every upperclassman is affected by everything listed on the petition.

Reynard faces death

By Brian Deaver

The Reynard, Marist College's yearbook, may not be published this school year because of a debt of more than $31,000 incurred during the last eleven years. Fred Lambert, assistant dean of students and the faculty liaison of The Reynard termed it "a crisis situation." He said the biggest reason for the yearbook's financial problems is the staff's failure to collect advertising pledges from local merchants. Lambert also said part of the reason for the large deficit is the inability of members to sell editions of the book through the years. This claim is evidenced by the large stacks of unclaimed Reynards from the years 1972 through 1977 which line a wall in the yearbook office. In all there are 54 cases holding 24 per box. This is a total of nearly 1,300 yearbooks which will probably never be sold.

Lambert said the 1978 Reynard staff will have to use clever advertising in order to generate interest among students, and in turn generate sales. If this works, the 200 copies of the Reynard should be a success and the yearbook will stay alive. Otherwise, the staff of the Reynard may find themselves preparing a yearbook which will not be printed.
College joins nursing program

By Maria Traverso
Marist College recently continued its efforts with Marist St. Mary's College of Nursing in Westfield, N.Y., by offering a bachelor of science in nursing, according to Peter O'Keefe, director of the master's and post-master's programs.

According to O'Keefe, most of the enrolled are part-time. They are either students who have completed the associate degree program already offered or high school students for whom it is determined that the end of the high school year would be too late to begin the program.

When the Preschool first started in Chapman Hall, there were about 100 children. Now there are about 350. The Preschool is hoping to have all the new rooms ready before the start of the school year. The students will be able to move into the new rooms at a faster pace.
Save our Reynard

There is a sign on the wall in the Reynard Circle office in room 308 of the campus center or on a bulletin board in the Student Center. It says, "Help save our Reynard!"

Most of the students involved with clubs are residents. Community does not get involved in clubs at Marist. Commentators can offer the clubs needed support they need to operate on a maximum basis.

The Marist College tennis team will hold its first meeting of the fall season on Tuesday, September 15. All new and returning players are welcome.

The trip to Europe is a two-week tour of the historic sites of Europe, including London, Paris, and Rome. The trip is open to all Marist College students, and includes all expenses.

The Reynard Book Store will open for the fall semester on September 15. The store will be open Monday through Friday from 8:00 a.m. to 5:00 p.m.

The lighter side II
The bosom loser

by Alan Jackson

There was always a certain type of guy in high school that everyone dreaded. Everyone looked for the way it would be the last day of the school year, you'd see him whisking in the final bell, waiting by the door for his ride. He had the yard sale, and the yard sale was the last stop on his tour. He never failed. Frank was a pretty popular guy. For three consecutive years he was able to play ball for the Marist Booters. He was a very valuable player, especially on the defensive end. His position was fullback, and he was the starter for the Marist football team. He played very well, and it was his running style that made him a valuable player.

He portrayed them well, and it was a pleasure to watch him play. His skills were excellent, and he was always able to find a way to score. He was a great leader, and everyone avoided. Everytime he was on the field, he was the one that everyone looked up to. He was the one that everyone wanted to be like.

At a party, while on his knees Frank's Juke with girls was not the only attraction. His powers of observation left everyone in amazement. His ability to see through walls was very impressive. He was able to see through walls and find out where the girls were.

Red Foxes place sixth in Glassboro Invitational

By John Mayer

Marist's Cross Country team finished sixth at Glassboro. The Vikings' top runners: Jerry Scholder, presently Marist's number one runner and last year's winner and present record holder of the invitational. He was sidelined with a muscle pull. Also out were two other sophomores, Tom Gilligan and Jim Naismith with a strained ankle and virus respectively. All three Marist's strong point. Coach Mike Malet has most of last year's winner and present record holder of the invitational. He was sidelined with a muscle pull. Also out were two other sophomores, Tom Gilligan and Jim Naismith with a strained ankle and virus respectively. All three were expected back for this Saturday's regular season opener against host Albany St., Hartwick College, and the Coast Guard Academy. Starting time is 2 p.m.

Pickup the slack for Marist was junior Bob Coufal who finished nineteenth with a time of 26:26, Ron Gadziala, who was third-twentieth with a time of 27:27, and Matt Cole who was thirtieth with a time of 27:38 out of a field of approximately 80 competitors.

The race ended in a three way tie for first place between Randy Graether, Barry Nelson, and Ed Brennan all of the winning team, Fairleigh Dickinson University. They covered the 4 mile, relatively flat course in a time of 25:05, about 25 seconds off the record.

According to Marist Cross Country coach Rich Stevens, the heat (28 deg, and 43 percent humidity) hindered the runners and was the main reason for the slower times over last year. He also said he was pleased with the performance of his runners and has high hopes for a strong team when everyone is healthy.

Coufal was named Marist's Top and Most Valuable Runner, while Matt Cole was given Most Improved for his performance in the meet.

Vikings kick off season

Sunday versus Plattsburgh

By Ken Healy

The Marist Vikings kick off their 1977 season, at home on Sunday against Plattsburgh. This will be the third season of football at Marist, all of them under head coach Ron Levine. Plattsburg is a Division III varsity team that is coming off a 3-7 season. "They looked very big on film and they play a full varsity schedule so they are used to playing high calibre football teams," said Levine.

Marist will be going with an almost all new offensive line-up. The only returning players being linemen Jim Piersa, Jeff InCarne, Bob McAndrew and Bob Keller. The offensive backfield is completely new. Freshman Quarterback Bob Branigan will be working with five running backs, only one of whom, Charlie Bender, was with the team last season.

The only position the Vikings are short at is receiver. Levine has three defensive players at that spot. Tom Clarke, transfer student Gary Lambert and defensive back Mike Laffin will see action.

Defense will again be the Vikings' strong point. Coach Mike Malait has most of last year's team back. They will be playing the familiar 4-4 defense that has been a staple for years. "Paul said the linebackers would be especially tough. They are led by outside linebacker Ron Clarke who was the Met-4 defensive player of the year in 1977.

Joining Clarke at linebacker is senior Mike Schiltte and newcomers Steve Moina, Mike Overby and Gary Lambert. Malait also said back-ups John Rich and Rich Bawley's Whalers 15 to 6. The only race Saturday morning, and the winner would advance to the finals. The heats lost the race, and their chance to be in the final race.

A happy post, post script saw Red Fox graduates Greg Tracy and Pat O’Rourke place fourth in the pairs at the Intercollegiate Rowing Association (I.R.A) Regatta held in Schenectady at the beginning of June. Another Marist boat, with a crew of Pat Brown, Jim Palabuz, Dan Guantli, and the graduate Art Curran placed fifth in the colts races at the I.A.A.

WOMEN BEGIN TENNIS SEASON

The women's tennis team will be competing during the fall this year for the first time. They have four matches scheduled, with the first against Vassar Thursday here at 3:30 p.m.

Counsellor Ellen Witt says she has only one returning letterperson in Suzanne Galucci. The rest of the team will be made up of freshmen Jenny Johnson, Barbara Dow, Jane Brennan and Rita Kolb. Ms. Witt says all were either ranked first or second in their respective high school tennis teams.

CONTINUOUS ROUNDUP

Fall intramural competition kicked off on Monday with flag football. In Memory of Goober's Too defeated Shannon's Heroes 29 to 6, and in another game the Beasts and Monsters proved insurmountable and beat Wagner's W.I.P. 46 to 6.

In Monday night volleyball the male version of the Gregorian Chancellors took two from Mango's Boys 7 to 2, and 7 to 2. The female Gregorian Chancellors had a tougher time but held on to win two games from Eagles Crews with scores of 8 to 6 and 7 to 2.

In their semifinal heat the lead boat, St. John's, Plattsburg, Brooklyn College, and Hartwick, were the four varsity teams, St. John's, Plattsburg, Brooklyn College, and Hartwick, were the four varsity teams. This season will have the strongest line-up that the Vikings have had in some time. The Vikings will meet Plattsburgh here on Sunday at 2 p.m. (photo by Gerry McNulty)
