Trustees decide tuition hike today

The College Board of Trustees today will consider a proposal to raise the cost of a credit-hour at Marist by $6 to $80, and room and board fees by $120 to $1,000 a year, the Circle has learned.

If approved, a full-time undergraduate living at Marist would pay $7,400 for the 1979-80 school year.

Marist Business Manager William C. Rappold refused to verify the figures, saying, "I would not comment until the proposal is made to the Board of Trustees." Approval of the hikes would start the seventh consecutive year for increases in tuition and room and board fees.

Campus officials have said the hikes are needed to pay for the increased costs of maintaining the campus.

Although most members come from New York and nearby areas, Norman hopes for a broader geographical representation in the future which could lead to internships in a wider region. Many interns are now restricted by having to live at home. Norman would encourage organizations in other areas to pay any extra living expenses above what room and board would cost the student at Marist.

Such an arrangement has already been made for a combined internship at a jointly-owned newspaper and television station in Bradford, Pa. Arrangements are in various stages for internships at radio stations in Washington, N.Y., Binghamton, Syracuse, Hartford, Philadelphia and Denver. Norman says an expanded program would "make Marist known outside the Hudson Valley," which would be an advantage for graduates.

Professionals join Communication Arts advisory council

By Jane Neighbors

A new Marist advisory council of professional communicators, such as television anachronist Jim Jensen, could result in increased communication arts program and more internships outside the Hudson Valley.

Dr. Frederick Ness, from the C. C. Norman, internship director for Communication Arts, says, "Thirty members who have agreed to serve on the committee. The Communications Arts Advisory Council have been invited to an organizational meeting at Marist on Sat., April 27.

Other members include Lou Adler, director of news operations and programs for WINS radio, Bill Morrissey, news editor of the national desk of Associated Press Wire Service in New York, a vice president of Paramount Pictures, a Woman's Day magazine editor, the Sunday editor of the New York Times, a senior vice president of an advertising agency, a theater director, public relations personnel and professors from other colleges. Eleven of the advisors are Marist graduates.

Norman said he will be happy if two-thirds attend the first meeting. He said members have made a commitment to attend and said, "I will be in touch with some every couple of weeks." The council's second meeting is planned for the fall and will be held in New York since many members work there.

The committee advised the English and Communication Arts faculty on curriculum revision, improving facilities, preparation for federal and state funding for minority-students in an advertising agency, a theater director, public relations personnel and professors from other colleges. Eleven of the advisors are Marist graduates.

News in brief...

Phonathon effort raises $20,000

Over $20,000 has been collected from alumni during the Phonathon for the Marist Scholarship Fund. Final figures are not available. phonathon leaders raised over $14,000, and $6,000 came from alumni. The net amount of $20,000 represents a final total which starts on July 1 and ends on June 30. The phonathon leaders project that the amount of the money comes from students.

Norman seeking program interns

Students interested in communication, business, management, or public relations are encouraged to apply for an internship with Gray Norman. Norman said he is looking for students who are looking for a part of a multi-week program. Result is a new internship opportunity to the students. He said it is the first in the series.

Resident Advisor forced off campus

Roy Lee, first-floor Chauharama resident, has been dismissed from the residence halls due to larceny. Lee is suspected of stealing from the dorm's laundry.

Sodexio selected for new contract

Sodexio was selected to handle the cafeteria services on campus. The contract is for the next five years. Sodexio has pledged to improve the cafeteria services.

Snyder replacement to be announced

A replacement for the position of Snyder has been hired. The new Snyder will be announced at a later date.

Sodexio

Sodexio has been awarded a five-year contract with the College. The contract is for the cafeteria services.

Fraternity recruits

23 new members

Twenty-three new members of Sigma Nu have been initiated into the fraternity. The new members were initiated last night and will be introduced to the fraternity during the next week.

Rugby

Rugby is being offered as a new sport on campus. The rugby team is under the direction of coach Bob Jones.

Next Monday and Tuesday will change your life... so vote in your CSL ELECTIONS!

Keg foam flows, dorm rules flouted

By Terry Morre

More than 60 percent of the 171 freshmen who had cumulative grade point averages less than 2.0 were dismissed from the college.

Keg foam flows, dorm rules flouted

By Jack McCutcheon and Chris Barnes

Although the State Liquor Authority forbade kegs in college dormitories, there have been numerous "secret kegs," according to many students. The College has been enforcing the rule, but students continue to flout the rule.

Sodexio majors mum on meeting with Zuccarello

By Christopher Drager and Chris Barnes

Three women, who may be related to students, have received a letter from the Sodexio major, Dr. John Lahey, director of Career Development and Alumni Relations. The letter was sent to the women last week.

Next Monday and Tuesday will change your life... so vote in your CSL ELECTIONS!

Rugby

Rugby is being offered as a new sport on campus. The rugby team is under the direction of coach Bob Jones.

Icelandic's Big Bargain to Europe

Just Got Bigger.

Introducing Wide-Bodie DC-10 Service to the Heart of Europe: $999 round-trip.*

And our great bargain price is still available for those who wish to combine this special fare with our great May/June $199 round-trip to Europe. Purchase your reservation now. 

Icelandic Airlines' Wide-Bodie DC-10 Service offers non-stop service direct to Reykjavik. The service will fly you to the heart of Europe, where you can enjoy the pleasures of Switzerland, Germany, France, Italy, and Spain, all in a continuous, non-stop flight. 

For more information see your travel agent or write Dept. A, Icelandic Airlines, 1123 Broadway, New York, NY 10010.

The week in review

Around the town

President Carter and Soviet President Leonid Brezhnev met at a summit as late as next month if the two leaders were to fix a date for the long-expected Moscow meeting.

Counselor for the Department of State, Walter Lord, on Thursday confirmed that the United States and the Soviet Union had agreed to meet in the next few weeks to discuss a search for a new arms limitation treaty.

Word from Moscow is expected by the end of the week.

Congressmen reported several times this week that the Three Mile Island nuclear reactor must be decommissioned by the end of 1979. The public is expected to vote on the removal of the reactor by the end of next year.

The Pinto family won the first prize of the week in the Chicago Sun Times' wine and beer contest.

Atmosphere of Anheuser-Busch was considered safe for its students and the campus was kept open.

RA apps. answer problem queries

This is a second in a series of articles, dealing with the resident advisor's screening process.

What does a resident advisor do when one of the people in his floor says he can't deal with value issues in professional life?

Anita Hamlet, a resident advisor at the College of Arts and Sciences, said her colleagues have been busier than ever with the problems of students.

A young woman, who lives in our dormitory, said she was hurt by the advice given to her by the RA.

With the help of the RA, the woman found a solution to her problem.

Mrs. Johnson, Mrs. Baker and Mrs. Carter are three residents of our dormitory, and one housing officer.

Counselor for the Department of State, Walter Lord, on Thursday confirmed that the United States and the Soviet Union had agreed to meet in the next few weeks to discuss a search for a new arms limitation treaty.

There was no sign of any new communication or increased communication within the dormitory.

Pat Larkin is a resident advisor in the dormitory. She said she was receiving the same experiences as graduate students at Columbia and New York University who were also at the dormitory.

The dormitory is a good place to be, but it's not so good for those who have never had a roommate before.

**Frosh Crews win two**

By Christopher Hogan

Two freshman crew shells won individual dual races against Kings Point (U.S.M.M.A) and New York City to open their respective seasons at 1-0. The first string freshman shell consisting of coxswain Jim Parisen, stroke, Andrew Meyn, Joe Fox, Jim Foley, John Dyer, Tom Gadziala, and Dennis White finished ahead of the first string U.S.M.M.A. shell by 37 seconds. The Marist second string shell defeated U.S.M.M.A.'s second string shell by 12 seconds.

**HIGH ON SPORTS**

by Chris Hogan

There is doubt whether athletes on the Marist track team are being motivated, says two ex-Marist sprinters and a long distance runner.

"There is no motivation to run," said ex-sprinter Steve Henry. "You're on your own, there's no one to push you. If you want someone who wants to run, spend some time with him," said Henry about the Marist track team. "We're (head coach Joe Schatzel) coaching on a different wavelength."

I think it's part of the fault of the coach, but I don't think there's a lot of kids who don't come out for the team," said ex-sprinter Tom Gillis about the fact that there are no sprinters on the team.

"I didn't want to be a sprinter," said ex-sprinter Ron Gadziala. "I'm a middle distance runner," said Gillis. "I think if Schatzel leaves, I'd go back to running and I think a lot of guys would. But I don't think I'll ever run for the man."

About half of an estimated 25 to 30 runners "came out to practice (in the fall)," said Gillis. He added that there were about seven or eight returning, that they were led up with him (Schatzel). He's hard to communicate with and very difficult to understand. I had heard that the team was totally out of control, that there were no sprinters on the team.

"He's (Schatzel) very erratic, said Gillis. "He tends to discourage you. Maybe there are no more sprinters on the team." According to Gillis, there were originally five sprinters on the team in the fall.
