Tuition Increases

by Tom Hassett

The exact figure for tuition increase for the 1981-82 school year has yet to be released by the office of the president and the board of trustees. However, Jim Maguire, director of admissions at Marist, reports, "It is a policy of the President to send a letter to students and parents about tuition increases and that will not be released by the time this paper is printed.

"We anticipate that the increases will be below the average of other private colleges which are ranging 17 and 18 percent," says Daly. Daly explains, "that faculty and secretarial contracts negotiations, food prices, and fuel prices will be the deciding factors for any increases in the coming year.

Daly reports that the fuel bill for last winter was $65,000.00, and that Marist expects to pay over a dollar a gallon for fuel next school year. "The drought in the South, transportation costs, and the inflation rate will determine increases in room and board," said Daly.

Daly explains, that Marist increases are less than the national average and attributes this fact to the rise in applications to Marist. "Students will have to understand that Marist is a quality which does have its flaws, and the strength of that experience as compared to the quality of other comparable colleges," says Daly. Regarding Reagan's budget cuts Daly says, "The cuts haven't been heard yet, and although it looks like the Senate will agree with them, he will have problems in the House." He reports that President Murray has been active in Washington on this issue and urges students to put the heat on their Senators and Congressmen about the cuts.

Daly does not expect that the tuition increase in the future will affect middle-income families being able to send their child to Marist. "Marist is in the low average compared to other comparable institutions," says Daly. "There are above $6,000.00 tuition charge next year," says Daly.

Marist has increased its fees each year. So far they have increased tuition 14 percent. If that trend continues, Marist expects to pay $6,000.00 tuition charge next year," said Daly.

**We're all human**

Apathy. This is one word which certainly produces mixed emotions. For, it is something one is proud of - anti-establishment. For others, it is a hateful word; one which seems to kill their spirit.

What is it that is so awful about this word? Is it just a word? It does not bite. It is not meant to. It is more of a warning, a sign of something that is lacking, that is not being controlled. Yet, if everyday one certain thing nags at you, how is it then that you can sit and let it happen? I've known that the effort and the time that the Marist community is putting into this anti-apathy campaign is not working. I think in order to stop students from drinking and drug taking, we need to be more antagonistic than we are now. Marist is a school that treats the Marist student like a child. It is extremely difficult to control the weapon he uses?

Dear Editor,

Last week's assassination attempt on President Reagan's life is not only a national event, but also one that affects all of us in the Marist community. In an event that affects all levels of life, it is too easy for some to dismiss it as a student protest or a reaction to the loss of a loved one at the school. Yet, this is not the case. The victims of this assassination attempt are not our students, but those who would like to stop students from doing the unthinkable.

Kevin G. Hallock

**To the Editor,**

I am writing to inform the students who the Circle did not cover the last game that we played against the Marist College. On March 26, 1981, we played against the Marist College and won the game, 8-0. We are very excited about our win and the future of our team.

Sincerely,

Robert Belichick

**Not on the 6-Year Plan**

Dear Editor,

I was very pleased with the result that I got in the 6-Year Plan test. I received a very good score on my test and I am looking forward to starting the plan next year. I am very excited about this opportunity and I am sure that I will be able to make the most of it.

Sincerely,

Brian Hoffman

**Housing Happines**

Dear Fellow Residents,

As the weather gets warmer and we open our windows for the first time, it is important to be aware of the possibility of being affected by mold. Mold growth can be a serious issue and is particularly common in moist environments such as bathrooms and kitchens.

To prevent mold growth, it is important to keep these areas well-ventilated and to ensure that there is proper drainage. Regular cleaning and disinfecting can also help to reduce the risk of mold growth.

Sincerely,

Rebecca A. Lofthouse

Too Much

By Bill Palmer

Who is this the where the first words out of any mouth upon hearing the Marist latest release Face of Gods? It is not that it doesn't know the flab. The face of Gods is a experience that is more than a continuation of Peter Warwatch’s solo album Glass. This may be a little confusing to you since Marist Sweet deals with the majority of the Who material. But in the true spirit of it's angels. The face of Gods, the music and the album starts from day one. The music from day one.

An example of what I am trying to say is the latest single from the album. It may have been a hit on the radio, but I am not really sure. It is a hit song, but I don't think it is a hit. The album also features the song "Face of Gods," which is a very popular song. Although the label is there, the difference between "us and them." There is a great difference between the Marist Community and the students who live there. There is a great difference between the Marist Community and those who don't. There is a great difference between the Marist Community and the students who were present on the day of the assassination attempt.

Sincerely,

Veronica Shea

**Celebrate "En Español"**

The Spanish-themed "En Español" will take place tonight, performed entirely by students of the Language Department, for the first time.

Sincerely,

Lori Lee

**Question: What will be the outcome of the division in Latin America?**

Kim Ball, Sophomore

"I think that both sides will be able to make some progress, but they won't really move forward. I think that the division will continue." 

Dave Haupt, Sophomore

"It will be interesting to see how this division will turn out. I think that both sides will be able to make some progress, but they won't really move forward. I think that the division will continue."

Linda Marie Arcoleo, Junior

"I think that both sides will be able to make some progress, but they won't really move forward. I think that the division will continue."

Reminder EASTER BREAK All students are expeced to leave the residence halls on campus on April 15, 1981 by 11 p.m. and return Monday, April 20 at noon.
The Marist College-Crew team, under the leadership of coach Herb Brooks, has been a successful collegiate hockey coach, winning his last championship for the University of Minnesota in 1979. It was after this title that Herb would venture into the world of amateur athletics, a world which was both frustrating and rewarding to others.

In 1980, Herb took 20 Americans no older than 22, and defeated the world's best hockey teams in that year's Winter Olympics, a monumental achievement. His teams' performances have recently been converted to the documentary side, I even wrote 15 pages of notes for them and when I was asked to critique it, they hardly used any of it. They called it "tune ups" for the Lowell Menses Lightweight eight won by 3 boat lengths and the women's heavyweight won by 6 boat lengths. The week before the team travelled to the city where it took on and defeated Manhattan, St. Johns and the N.Y. Athletic Club. Marist took five out of the seven races on the Harlem River. These races were as Coach Meyn put it, "tune ups" for the Lowell Menses Lightweight eight won by.

Coach Andy Meyn said the competition has lost two consecutive Presidents Day races to New York City, where it took on and defeated Manhattan, St. Johns and the N.Y. Athletic Club. Marist won by 6 boat lengths. Coach Andy Meyn said the competition was 84-42. Oh No Mr. Bill, behind Mike Green's 22 points, drilled Shady Acres 72-51 in the second round. Oh No Mr. Bill, pun-ished Team A 77-56 with a well-balanced scoring attack. Coach Ver- rill said, "My team wasn't ready for this game, as we had just played the Vassar All-Stars." The Heads, who were defeated by the Carilliers in the regular season, had revenge on their minds when they faced them in the playoffs. With three guys in double figures, (Morrisey, Reid and Duff), the Shieks, who were down 10 points to St. John's at one point, were down 10 points to Special K at one point, but came from behind to win by 62-45.

Herb Brooks speaks his mind

"I'm just not going to coach any team that I believe has a chance to win a championship. It's too progressive and if the contract is not right, I'm not going to coach. I'd like to coach, but I don't have to coach. I don't want to sound arrogant by saying that, but there are other things in life also." Herb is very much open minded concerning his views on the Olympics and their world appeal. He favored the U.S. boycott of the 1980 Summer Games, and agrees that the Soviets action in sports as deceptive.
