Freshman accused in dorm burglaries

by Joe Pareti
Marist freshman Kevin Eng, 18, has been charged with breaking into Sheahan Hall, the mailroom and stealing mail containing cash and checks over the past two months, according to Detective James McDowell, Town of Poughkeepsie police.

Eng, who lived in the basement of Sheahan, was arrested last Thursday following the investigation of several complaints from Sheahan residents regarding missing mail. Police have recovered about 100 pieces of mail and $300 in cash from a check Eng was accused of forging.

John Petacchi, resident assistant on Sheahan second floor, was downstairs Wednesday during Eng's work shift when Mark Cassano, Eng's roommate, approached him. "Mark was saying 'We got him, we got him. He's in the mailroom,' or something to that effect," Petacchi said. "There were about eight residents standing by the mailroom when I got there and you could hear somebody was inside."

Petacchi deciphered the crowd of residents that had gathered as word spread and finally persuaded Eng to come out. "He said the door was open and that he was just looking around," said Petacchi.

Eng and Petacchi talked in Petacchi's room when, according to Petacchi, Eng "took off when I told him to wait outside my room. I didn't want him in the room when I called security."

After security notified Poughkeepsie police of the incident, Petacchi said Hawkins, the freshman who first heard somebody in the mailroom were asked by McDowell to make an official statement.

Eng was arrested the following day.

Eng is charged with third-degree burglary, second-degree possession of stolen property and second-degree forgery, all felonies, McDowell said.

Eng was also charged with misdemeanor counts of attempted petit larceny, criminal mischief and illegal entry into a grand larceny, according to McDowell.

Murray says he supports ROTC plan

by Pat Walsh
Marist College President Dennis Murray says he supports the addition of an R.O.T.C. program at Marist, provided that it is a matter of student choice.

"I’m sure they should have that opportunity," Murray said. Murray opposes a mandatory R.O.T.C. program.

In an interview with the College Student newspaper, Murray also said that he will be attending the Army R.O.T.C. conference in January to express his opinion to the proposed NCAA guidelines which would exclude Marist teams from Division I competition. According to Murray, Marist has a 50-50 chance of losing its Division I status.

Murray said that with some modifications in the new NCAA guidelines, Marist may still be able to retain its status. According to Murray, it would be possible for Marist to schedule games on the road to surpass the required attendance rate of 110,000 per season.

Murray said that the NCAA ruled to move Division I basketball prior to other sports at Marist. "It made other sports Division I when we can't support them," he said. "If we could give scholarships, we would be a national power."

Murray also said that he supports the administration on its enforcement of the cohabitation rules. According to Murray, the decision was based on considerations for roommates, the heritage and standards of the college and the opinions of alumni, parents and supporters who are putting money into the college.

"The more I thought about changing my name while on the air, the more I thought how ridiculous it would be," said Murnane. "People are still going to listen to WEOK because it plays country music, and that's the only reason why they listen to it."

But, Glory Luyster, the disc jockey who took the slot vacated by Murnane, broadcasts as Ginny Rogers. She said, "You want fig listener to remember your name easily, because they'll connect it to your voice. Then if they like your voice, and remember your name they'll listen for you again."

Another morning disc-jockey for WEOK, Ted Waters, said that he didn't think using another name was very important at all. He added that he thought that the station was a little stubborn in the Murnane incident.

Murnane first landed a job in professional radio in October, 1981 Murnane brought a tape to WPDH-FM, an all-film music station in Poughkeepsie.

In October, 1981 Murnane brought a tape to WPDH-FM, an all-film music station in Poughkeepsie. According to Murray, the middle levels of the townhouses would have been accessible in the original plans, which did not include kitchens. Improvements in lighting and ramps are under way, and the possibility of adding kitchens to the lower levels is being considered, said Murray.

"When I told Ken Goyen that I wasn't going to change my name, he seemed very angry," said Murnane. "I said he was immature and ungrateful. Last Christmas I had to walk out of my family's Christmas dinner, and drive a hundred miles to work...That's ungrateful!"

Murnane said that he doesn't regret walking out. "Maybe I will regret it in June of '84, when I graduate, but not right now, he said, adding, "If not poor now, but I'm happy with my decision."

Crisis passes in financial aid by Andrea Hellock

It may not be known that Marist College has been used as a testing ground for the new anti-deficit act proposed by President Reagan.

Since the time of its inception, the act has been used to test new techniques in the delivery of student aid. Marist College was selected as a site for the test because it is a medium-sized college with a large number of students who receive financial aid. The college has been able to use the new techniques to improve its financial aid programs and to better serve its students.

Field hockey

To the Editor:

The Marist women's field hockey team is strong and should have a very good season. They have a good mix of returning players and new recruits.

John Smith

Few Marist students cross-register at area colleges

by Bernadette Gray

The cross-registration program, a popular option for students, provides an opportunity to register for courses at other colleges during the early registration period. This allows students to take courses that are not available at Marist or to enroll in courses that offer a different perspective on a subject.

Marist students can take courses at other colleges and earn credit towards their degree at Marist. The courses taken at other colleges are treated like a Marist course and will enter on the student's academic record. The financial aid office staff is available to assist students in the cross-registration process.

The cross-registration program is open to all students, and there is no additional fee for participating in the program. Students can take courses at any college that participates in the program, and they are eligible to receive financial aid for the courses they take.

For more information, students should contact the Registrar's Office or the Financial Aid Office.

The proposed Lowell Thomas Communication Arts Center

Comm Arts drive hits $600,000

A room in the communication arts center will be named the John Ben Snow Room. The money raised so far has come from the community, according to Christine Eagles, the director of public information.

She said that the money raised so far has come from the community, and that the goal is to raise $600,000. The drive is ongoing and the community is encouraged to contribute.

For more information, please contact Christine Eagles at 543-7439.
BSU plans campus and community events

by Nicole Thomas

The Black Student Union of Marist College is making an appeal to the Marist student body to support the organization by participating in events the union will sponsor, according to vice-president Milton Watson.

Watson said that the union has been working hard, but has not been able to attract a sufficient number of students to join. "We feel that the numbers of the organization, according to vice-president Milton Watson, is very important because they are the future of the organization," he said.

The majority of these members are black, according to Watson. They are determined to acquire as many members as possible by means of open meetings and show the interests of the organization," he added.

The BSU plans campus and community events which will attract the Marist community, according to vice-president Milton Watson. Watson said that the union has been working hard, but has not been able to attract a sufficient number of students to join. "We feel that the future of the organization is very important because they are the future of the organization," he said.

The BSU has planned events for this semester in order to attract members of the community. In order to do so, students have been visiting local high schools in an attempt to recruit the student body of the community.

Backstage Pass

By Rick O'Donnell

At a time when John Cougar, The Qui-
Gir's, Billy Squier and Pat Metheny are
overhanging the music industry, groups
such as Fleetwood Mac, Aerosmith and Chi-
are all but forgotten.

Now's the time that the selling giants
have begun to awaken. Familiar names in
sevenies rock such as Fleetwood Mac, Ai-
Aerosmith! have just released "Rock in a
Real Place." This album is not selling
as well as "Mirage," but the group may be
different, but the sound of the eighties ap-
no longer is climbing up

discs. There haven't been any
to market "Don't Stop" or "Tusk,"
but the new talent offer a reborn
in this album. If you were ever an
that was a leader in rock music
time to sound alike, but it's difficult
to listen to the hits. However, there are
more than just two good songs on this
album. Chicago's usual rock-jazz fusion
creates a number of other strong songs on
this album. At least the songs have the
something to sound alike, but it's difficul-
to a hard rock that has been using a style
for so long to its six-en million albums of fresh
creates a number of other strong songs on

"Tusk." Almost anything that Fleet-
the power ballads are well worth it, and we can
enjoy that have always been a safe-fire
hit song for the Chosen.

The sleeping giants are waking and
that's worth mentioning as well as "Mirage," but it proved to
be a very interesting L.P. for old
Aerosmith fans. There have been some
quality and was released just before
the group may be different, but the sound
of the eighties approaches the selling
sound of "Tusk." Almost anything that Fleet-
the power ballads are well worth it, and we can
enjoy that have always been a safe-fire
hit song for the Chosen.

Clearwater sloop tries to maintain Hudson

by Ivan V. Navas

The same Clearwater can be seen on a video two years later just across the street from the Putnam Manor in Poughkeepsie. This is the home of the Clearwater Foundation, which is dedicated to preserving the Hudson River.

The nonprofit organization strives to keep the Hudson River clean. The Clearwater Foundation Report is a quarterly publication that highlights the organization's work. The report will continue to be published, and volunteers are welcome to participate in its creation.

Counselor helps Marist disabled

by Holly Sweet

Coming to a new environment as a first-year student can be difficult. Especially when they are entering school as a disabled student. The journey can be challenging, but it can also be rewarding and liberating.

Because of the problems adjusting to college, Marist offers qualified students a special services program. The program is a way for students to receive the support they need to succeed.

The special services program is designed to provide assistance to students with disabilities. The program is offered to students who have been diagnosed with a disability and who meet the eligibility requirements.

Students who are interested in the special services program should contact the Office of Disability Services at Marist College. The office is located in the Center for Student Life, and it can be reached at (914) 597-2222.

The program is designed to provide students with the support they need to succeed. It is not a disability program, but rather a program that supports students in their academic and personal development.

Freshtmen to present show

by Beatrice O'Kelley

The freshtmen class is planning a variety show that will be presented on Friday, November 19. The show will be held in the college's auditorium, and it will be open to all students.

The show is being directed by Mr. W. J. Smith, and it will feature a variety of acts, including dance, music, and comedy. The show is being produced by the freshtmen class, and it is being sponsored by the college's student government.

The show is being held to raise money for the college's student government. The money raised will be used to support the college's student government and its activities.

Red Fox hockey team faces tough schedule
by Jeannine LeGlace
The 1982-83 Marist hockey team will open its season this weekend against two new coaching staffs.

Marist has lost three key players from last year, Mike Caridi, Dennis Walsh, and John Kurtz. The acquisition of several freshmen and transfers should enable the loss of three players.

The 6-foot-5, 215-pound forward has been much improved and is very versatile. He has been known to play center and left wing.

Returning to Marist was McDonald, who came back for another season. He was awarded MVP of the division last year and was also a member of the All-Tournament team.

McDonald is also expected to be a major contributor against the team. This year, Marist will also be without the services of on-campus athletic director Jay Williams.

The first home game is scheduled against NCC last year, it was broken.

This year, Marist will also be without the services of Jay Williams, who has been involved in the team.

Foxes shut down Pace 7-0, fall short to Adelphi, 3-2
by Jim Dolan

The Marist Red Foxes lost in overtime last week to Adelphi, 3-2. Marist’s recent new defense was being tested in a game against the Gaels.

The first half was a defensive war between the two teams. The Foxes were unable to score in the first half and added another goal in the second half, which was scored by Adelphi. Marist managed to tie things up at 1-1, but Adelphi scored again, giving Adelphi the lead. Adelphi had a 3-2 lead going into overtime, but Marist managed to score on a penalty shot, forcing the game into overtime.

Mike O’Reily. The rest of the half was defended by Adelphi’s Joe Didziulis. In order to avoid going into overtime, Marist had to make a comeback. With only a few seconds left, Adelphi’s Joe Didziulis scored once again, giving the lead back to Adelphi. The game ended 3-2.

The Foxes shut down Pace 7-0, scoring seven goals in the first period. The first half of overtime was marked by scoring opportunities, but Marist was unable to capitalize on them.

The game went into overtime, the first half of overtime was marked by scoring opportunities, but Marist was unable to capitalize on them.

Different coaching philosophies and a personality clash between Head Basketball Coach Petro on Division I controversy — Page 11

Bernstein reveals reasons behind departure by Bill Travers

Bernstein left Poughkeepsie Aug. 1 to travel cross-country to his new job as physical education and athletic director of the Jewish Community Center in Phoenix, Ariz.

"It was really sorry to leave Poughkeepsie," Bernstein said. "I love Marist and the people in Poughkeepsie. I was really settled there. My wife and I cried when we left. It's been really hard on my family."

At his job at the community center, Bernstein coordinates all the activities for the building including scheduling practices for the Phoenix Suns, a professional basketball team that utilizes the center.

The multipurpose center has eight lighted tennis courts, swimming pools, racquetball courts, a sauna, whirlpools and numerous other facilities, according to Bernstein.

"It is an excellent facility," he said. "I go to all the Suns' practices and games. I've even been helping the Suns' coaches during practice. That's what is still keeping me in basketball."

Bernstein said he enjoys the warm weather of Arizona. "I am very happy with the job I have now," Bernstein said. "The weather is beautiful, my wife plays tennis everyday, and I'm making more money than I was making at Marist. I really can't see leaving this. But I really did love Poughkeepsie."

Bernstein said he received several offers for high school coaching jobs and two offers from colleges before accepting the Poughkeepsie High School job.

"Right now I'm keeping my options open," Bernstein said. "I still love helping young men. In fact I got a phone call not too long ago from a center from Poughkeepsie High School asking me to help get into a school. I am still in contact with several people from Poughkeepsie."

Petro's comments

Speaking from his office in the McCann Center, Marist Head Basketball Coach Danny Bernstein led to the departure of the former coach last May, according to Bernstein.

In an exclusive interview with the Circle, Bernstein spoke for the first time on the record about his departure and problems over the phone from Phoenix, Ariz., where he now works and lives. Ron Petro commented to The Circle about Danny Bernstein's departure and problems over the phone from Phoenix, Ariz., where he now works and lives.

"I really don't think that it is necessary to bring this up at this time. We have no competent staff right now that is really together," Bernstein said. "The statement about the two of us having a personality clash is ridiculous and a personality clash is definitely rare. I don't wish to bring up anything now. I don't want that to happen and I don't want to talk about it. I don't want to talk about it.

"I don't want to be trapped into a debate of opinions. It's over now and we're trying to produce a winning basketball team, and we have a competent staff that is striving for the goal."

"I don't want to say anything negative because I don't expose the negative in public. I am secure with what I do and the way I think and believe. A certain set of values goes along with this, and they are obviously different than coach Bernstein's (values)."

"I don't wish to bring up exact instances and a personality clash is definitely true. We had different coaching philosophies. It's over now and I don't wish to bring it up at all."

"You have to keep a strong hold on the players — especially the seniors — and I definitely did. You have to control your team and do that to Coach Bernstein either. This is my philosophy, and I will remain with it."

"I don't wish to bring up exact instances and a personality clash is definitely true. We had different coaching philosophies. It's over now and I don't wish to bring it up at all."

"You have to keep a strong hold on the players — especially the seniors — and I definitely did. You have to control your team and do that to Coach Bernstein either. This is my philosophy, and I will remain with it."

"I love Marist and the people in Poughkeepsie. I was really settled there. My wife and I cried when we left. It's been really hard on my family."

At the Circle's community center, Bernstein coordinates all the activities for the building including scheduling practices for the Phoenix Suns, a professional basketball team that utilizes the center.

The multipurpose center has eight lighted tennis courts, swimming pools, racquetball courts, a sauna, whirlpools and numerous other facilities, according to Bernstein.

"It is an excellent facility," he said. "I go to all the Suns' practices and games. I've even been helping the Suns' coaches during practice. That's what is still keeping me in basketball."

Bernstein said he enjoys the warm weather of Arizona. "I am very happy with the job I have now," Bernstein said. "The weather is beautiful, my wife plays tennis everyday, and I'm making more money than I was making at Marist. I really can't see leaving this. But I really did love Poughkeepsie."

Bernstein said he received several offers for high school coaching jobs and two offers from colleges before accepting the Poughkeepsie High School job.

"Right now I'm keeping my options open," Bernstein said. "I still love helping young men. In fact I got a phone call not too long ago from a center from Poughkeepsie High School asking me to help get into a school. I am still in contact with several people from Poughkeepsie."

Ouch! 6 costly turnovers pace Marist defeat, 35-21 by John Petosch

After a strong start, the Marist Red Fox football team seems to be reverting back to its ways of the past. Last year, the Foxes started the season with a 2-1 record and failed to win a game for the rest of the season.

With a 3-7 record this year Marist Ramapo and Albany St., it looks as if this season will be no different.

This past Saturday, Marist lost its third straight game 21-14 to Pace University, losing any hope of winning the Metropolitan Conference and lowering its record to 2-5.

The Red Foxes will host Ramapo this Saturday in the last home game of the 1982 season.

Turnovers cost the Foxes all day Saturday, finding three times and having three passes picked off led to four Pace touchdowns.

The Foxes outgained the Setters in total offense 376 yards to 338 yards, but three touchdowns runs by Joe Wallace, the last coming with 14 seconds left in the game, put the game out of reach, helped Pace to its third conference victory of the season.

Wallace scored again with 30 seconds left in the half. This time a classy fumble set up the touchdown. With the extra point Pace was up 14-7 and took the lead into the lockerroom.

Pace continued to take advantage of Marist mistakes as the second half opened up. After intercepting a Cleary pass, Pace took just four minutes to put a touchdown on the board. quarterback Nick Debella passed 14 yards to Chris Feighan for Pace's third unanswered score. Feighan caught four passes in the game.

Marist stuck back three minutes later when Michael Strange picked up 61 of his 70 yards rushing on a touchdown run. Marist started the drive as its own two-yard line after Jim Crecia made a touchdown saving tackle.

But once again, a costly turnover gave Pace another touchdown. Cleary, who had thrown only two interceptions all season, was intercepted once again. This time Bruce Kennison ran it back 40 yards for a fourth touchdown to put the game out of reach. Pace made the two-point conversion and led 29-0.

Only a freshman, Glad had his best day rushing this game gaining 86 yards on 12 carries. He scored the final Marist touchdown on a 27-yard run to pull Marist within eight points, 29-21, but it was too little too late.

Pace capped the scoring on a one-yard run with just over a minute left to play. The score was set up by a 53-yard pass play from Debella to Feighan. On the day, Debella completed 11 of 24 passes for 198 yards and one touchdown. Cleary completed 11 of 28 passes for 157 yards and one touchdown for Marist.

Marist outplayed Pace on the ground, 239 yards to 140 yards, but costly errors gave Pace the victory.
