Core/Liberal Studies program is approved

by Karen D. Crouse

The new Core/Liberal Studies program was overwhelmingly approved by a faculty vote last Friday, after a year of planning and discussion.

Students will be required to take 48-51 credits to satisfy the Core requirement. Currently, students must take 24 credits to complete the Core.

The new program will be implemented in September, 1985 with next year’s freshmen class and will not affect those students currently enrolled at Marist.

The new Core/Liberal Studies program was designed to add depth as well as breadth to the existing Core, according to Scileppi. The program, approved by the AAC, has been in the designing stages since 1980, he said. He also said that the AAC had made three formal proposals prior to the one which was approved, but they never came up to a vote. "We incorporated the best ideas from each of those proposals and added substantiated items from suggestions from the faculty," he added.

The Student Academic Committee, representing the student body with a single vote, voted for the approval of the area requirements, said Sabina Segal, vice-president of SAC.

"Marist needed to make the curriculum a little more challenging," she said.

Students will have more choices as to what courses they want to take, and, as a result, will get a broader liberal arts background, Segal said.

Although there will not be any mandatory seat-belt law for adults in New York State, it will be enforced in Marist dormitories, Segal said.

In a statement before signing the legislation, he said that countries such as Canada, Britain, and Australia have reported safety devices. "The new law requires that all front and back seat belts be fastened," said Cuomo. "Persons who wear seat belts are less likely to be ejected or hurled into the other parts of their vehicle." When all family members are deceased or living in other areas, the senior often becomes depressed and longs for those people that once were a major part of their lives.

"One of the greatest difficulties that the elderly face is loneliness," according to Hugh Miller, director of the Office for the Aging in Dutchess County.

Old age, loneliness, go hand in hand, many elderly say

by Marianne Constantino

I da is 70-year-old

Every morning she wakes up with a feeling of isolation. She is one of the fastest growing group in the country, "the elderly," according to Robert Lewis, assistant professor of psychology.

A new program gives a sense of relief, according to Robert Lewis, member of AAC and assistant professor of English.

"There's a positive reaction to the new program. It's a step to mean a substantial increase in the liberal arts component of a student's education. And students will have to be more careful in setting up their curricula," Lewis said.

The task now, according to Scileppi, is to implement the new program. "The AAC has to ensure that the necessary adjustments are made in the catalog and in the grades," he said. He added that 25 additional full-time faculty will be hired in the next four years.

"These new faculty members will not only teach the Core courses, but will also have courses in the upper levels, therefore enhancing the overall program," Scileppi said.

New York to drivers: buckle up

by Maureen T. Ryan

On Jan. 1, the first statewide seat-belt law was implemented in New York State. It is the first mandatory seat-belt law for adults in the nation.

The law requires a legal warning to drivers and passengers if it is discovered that they are not wearing seat belts, and reduces or prevents more than 70,000 injuries, and save as much as $250 million each year for New York residents.

Catherine Marie Cason signed the law on July 12, 1984 in an effort to reduce the fear of aging. "The elderly" are the fastest growing group in the country, according to Robert Lewis, assistant professor of psychology.

"Persons who wear seat belts are less likely to be ejected or hurled into the other parts of their vehicle." When all family members are deceased or living in other areas, the senior often becomes depressed and longs for those people that once were a major part of their lives.

4 charged in book theft

by Amie Rhodes

Four Marist students will appear in court tomorrow morning following their arrests last week in connection with the theft of over 2000 volumes from a storage closet in Champagne.

Brian Kelly, a junior and an associate editor of The Circle; Pat Sharr and Paul Snyder, also seniors; and Doug Dufton, a junior, were charged last Thursday with criminal possession of stolen property and petty larceny, both misdemeanors. The four live together at Canbury Apartments.

Drivers are getting in the habit of buckling up because of the new state seatbelt law. Warnings are being handed out to those who fail to fasten seat belts during the month of December. (photo by Margo Kurcel)

Four Marist students will appear in court tomorrow morning following their arrests last week in connection with the theft of over 2000 volumes from a storage closet in Champagne.

Brian Kelly, a junior and an associate editor of The Circle; Pat Sharr and Paul Snyder, also seniors; and Doug Dufton, a junior, were charged last Thursday with criminal possession of stolen property and petty larceny, both misdemeanors. The four live together at Canbury Apartments.

The 32 missing yearbooks, which have a combined value of $350, were discovered missing on Oct. 25 by Andrew Crecca, a junior who was working in the Campus Center that evening.

According to Crecca, the yearbooks had been stored in the old library room, across from the laundry room in the basement of Champagne.

He said that entrance into the closet appeared to have been made through a looted panel at the bottom of the closet door.

Joe Waters, director of security, said Town of Poughkeepsie police were called when the incident was reported to Security.

Last week, Police Detective Dave Howard interviewed several witnesses, including a student who led him to Canterbury, where he arrested the four students.

The three are facing charges of burglary and criminal mischief.

The students refused to comment on the incident.

"It is the final issue of The Circle for the semester," said Scott Coates, editor-in-chief.

"We incorporated the best ideas from each of those proposals and added substantiated items from suggestions from the faculty," he added.

Motion picture by Marist alumni to premiere Monday

Too much demand, too little space
by Carl MacCormick

Although delight has begun to

flood the halls of the Lawrenceville

Student Center, the lines to see

the Motion Picture, "The Last of

the Mohicans," continue to

wind around the lobby and into

the main auditorium. The picture

will open on Tuesday, December

19th, and continue for the week.

The film is expected to be a

financial success, and will go

on for another week if there is
demand.

The film was shot in the

Adirondacks, and is based on

James Fenimore Cooper's novel.

The story is about the
}

struggle between the Canadian and

American governments over

control of the frontier.

The film will be shown at the

Marist cinema, and will be

presented by the Drama

Department.

The film has been

produced by Mr. Mark

Cassetta, a 1969 graduate of

Marist College. Mr. Cassetta

is a member of the faculty of

the Hudson Valley School of

the Arts, where he teaches

theatre.

The film will be shown

in the 200-seat student

movie theatre, which is
designed to accommodate

200 people.

The theatre is equipped

with the latest in film

projection equipment, and

is fully equipped with

sound and lighting systems.

The film will be shown on

Tuesday, December 19th, and

will continue for the week.

The film is expected to be a

financial success, and will go

on for another week if there is

demand.

The film was shot in the

Adirondacks, and is based on

James Fenimore Cooper's novel.

The story is about the

Serious honors

The attrition rate at Marist may not be excessive, but it is nonetheless given the fact that, excluding those who are deferred for sub-standard grades, many of the students leaving Marist have very high grade point averages. In other words, new doors are always opening for other students and transferring is an option for the excess of the better students — some find Marist's offerings too easy or boring, some find the general program too easy. Some find Marist's courses too difficult or demanding. Some may simply find the school itself boring. They simply don't find the options available to them as interesting.

"Everyone has to take. Even with a complaint, they may not like the course the next year, and if it's not a core class, not many students may be interested. If it's a core class, the only way you can drop out is to be very bored." - William Piper

The faculty are now examining all the courses that are required for the Core Program. If a course is not being used by students, that course may be revised or eliminated. This is an opportunity to make the Core Program more interesting and relevant to students.

A core course that has received much scrutiny recently is the Practice of Theatre class and the Division of Arts and Humanities. The Assistant Dean of Student Affairs, Christine Petrillo, was asked to hold the Theatre course in the Division of Arts and Humanities. The Theatre course is a core course and is now well into its series of early drafts. The Theatre course has been taught by a number of different theatre teachers, and it has been taught in different ways over the years. It has been taught as a "collective, collaborative" experience, and as a "collective, collaborative" environment. The Theatre course is a core course and is now well into its series of early drafts. ‘2010’

By Bill Colombo

There should be a real gasoline shortage. We've spent the last year and a half in the movie industry. Our script has been released and will go into production. The 2015 film will be written, shot and directed by Roy Dean. "Though you may say we're unafraid," said Roy Dean, "we have never before been afraid of gasoline shortages."

The film will be about a member of the Russian oil czars who dreams are interrupted when they realize his enemies have cast a spell on them. The spell will keep the Russian oil czars from selling gasoline, and the world will run out of oil. The film will be released in 2015.

**END OF SEMESTER CLOSING PROCEDURES**

The Residence Halls will close at 11:00 p.m. Thursday, December 20, 1984 and will reopen on Sunday, January 20, 1985 at 12:00 Noon.

**STUDENTS ARE LEAVING THE RESIDENCE HALLS ON THE DAY OF THEIR LAST FINAL EXAM. Failure to leave on the day of your last exam or to return early can result in low housing priority points for the Fall 1985.**

On or before December 20, rooms must be cleaned and most belongings must be taken home, except those items that can be left in a dresser, desk, on a bed or in the closet. The college will not assume any liability for personal belongings.

Students must make an appointment with their R.A/U.C. to have their room inspected. R.A.'s and U.C.'s will inspect each room and file a room inspection form with the Residence Director. Upon leaving rooms must be secure (lights off, trash removed, appliances disconnected, curtains closed and doors locked).

Trash bags will be distributed by the R.A/U.C. to each resident on December 12th and 13th. Due to the large amount of refuse at the end of the semester, students are requested to bring garbage to the dumpsters themselves.

**ARNOFF STORAGE**

An off campus storage service will be available to all resident students. Students will be able to store up to five pieces for $25.00 and up to ten pieces for $50.00.

The storage service will be available on Wednesday, December 18, 1984 - 8:00 a.m. to 5:00 p.m. in front of Champagnat Building. Delivery of the items stored will be Monday, January 21, 1985 from 8:00 a.m. to 5:00 p.m. in front of Champagnat. Students must present a receipt to receive their belongings.

This service will be a great help if you have requested a room change and must vacate your room or if you do not want to bring all your belongings home.

**Sign up with your R.A. or U.C. today!!**

If you have any questions or concerns, please contact the Housing Director. Thank you for your cooperation.

On behalf of the Residence Staff we wish you a safe and enjoyable holiday season.

Marist Learning Center takes on new image

by Maristian Commentators

The Learning Center is not just for failing students anymore. According to John Toscano, coordinator of linguistic studies, the Learning Center is now open to students wherever average students are going to study for exams.

Toscano said: "This is in response to the demands of students who want to improve their grades." Toscano said that the Learning Center is open to students who are failing their exams and need help.

There are two categories of students who use the Learning Center: those who are failing their exams and those who are doing well and want to improve their grades.

The Learning Center is open to students who are failing their exams and those who are doing well and want to improve their grades. The Learning Center is not just for the students who are failing their exams, but also for the students who are doing well and want to improve their grades.

Next to All Sport. A short walk from Marist.
Foxes end road trip, set to host Monmouth

by Ian O'Connor

The Marist men's basketball team ended its string of five consecutive losses with a 92-80 win over Wagner University Tuesday night.

The Red Foxes, who entered the game with a record of 7-25, 0-16 in Colonial Athletic Association play, dominated the game from start to finish, outscoring the Seahawks 54-33 in the second half.

"It was the lack of aggression and intensity on the part that led to the Flying Dutchmen's end road trip, set to host Monmouth.

"We've got to have more energy and intensity on defense, and we've got to get more rebounds," said senior forward Gil Padilla. "We've been giving up too many easy baskets and not getting enough back-to-back possessions on offense."

The Foxes shot 53 percent from the floor and held the visitors to 40 percent.

"The team is starting to play better together," said coach John Quattrocchi. "We're starting to play with a lot more intensity and effort on defense."
Even though you’re nice, stupid, I’ll peel potatoes with you anytime! It’s college!

Theresa (Mama Rocco),

Thanks for the sweet look; that always calms me down and reminds me that I’m a mature adult. It’s too bad everyone’s not Italian!

Dee (my fuzzy-headed friend),

Always in the middle, keep smiling—your hugs can cure everything!

Ellen,

And by the way, Nickie is cute! — Murphy,

Sometimes good friends—sometimes strangers. Thanks for your opinions and all those butts.

Clara-belle,

It must be that Portuguese blood that puts a sparkle in your personality. Good luck at NBC— I’m proud of you!

Trisha,

I love you! See you for the rest of our lives! — Boubie

Marist College,

Bye-bye. Love always, KS

A special good-bye,

To: the old ninth floor; the third floor, the housing staff, the B-4 guy (see you in May, if not sooner), all other seniors, The Circle & staff, WMCR & staff, and, of course, the roommates, in that order. What makes it so special? Nothing, really. Good luck always — KSB

Janice,

Maybe we’ll have lunch sometime. Why is it that I seem to have seen you more last year than this year? Merry Christmas to all and to all a good year. Greetings from the Circle staff.

Hey, Howard, where’d you get those? I thought you gave that up years ago.

Bof, You’re a real pal, Bif
