Mud, blood and beer mark River Festival

by STEVEN MURRAY
Senior Editor

A Poughkeepsie man was arrested after two students were thrown in indiscriminately in the air. They were treated and released from St. Francis Hospital in Poughkeepsie on Friday. A third student was punched in the eye and was treated and released from the hospital Saturday.

Steve Vecitc, a freshman from Millbrook, N.Y., received two stitches on the top of his head after he was hit by a rock that was thrown from behind the beer truck.

Barbara Walters, co-host of the ABC News Program 20/20, became the first woman to receive the Lowell Thomas Award at a luncheon last Thursday at the Hermes Palace in Manhattan. See the story on page 5.

Debaters finish sixth in nation

by JIM DREESLEY
Staff Writer

The Marist College debate team finished its season sixth in the nation — its highest ranking ever — despite the departure of one of its top debaters. The ranking, which jumped from 11th last year and two years ago, is based on the team's performance in all debates throughout the season.

Senior co-captain Mike Buckley left the team during winter intersession — an event that Director of Debate, Jim Springer, said left him "terrified." "Mike was one of the most respected and liked debaters in the country," said Springer. "I was afraid the team was going to fall apart." After Buckley left, however, the team attained more points, was ranked higher nationally, and also earned more awards and honors, Springfield said.

Tom Kavan, a junior varsity team member, was moved up to varsity to replace Buckley and become partners with Anthony Capozzolo, now captain of the team.

Capozzolo, a junior from Parsippany, N.J., was one of four debaters chosen nationwide to make a video tape to teach new debaters how to debate. He was also appointed to the only student position in the speech fraternity of Pi Kappa Delta.

At one point during the season, Capozzolo was named as the top speaker of the tournament four times in a row, according to Springer, but Capozzolo was not the only debater that met success this season. Three junior varsity speakers placed in the national top 10, the only school in the nation to accomplish this task. Mark Liepitz finished as the number one speaker in the nation.

The junior varsity team of Mike Cork and April Ansonia, sophomore, won Cornell University's varsity team at the New York State Championships, which Marist hosted for the second year in a row. The novice team finished fifth nationally, and Ed Fridell was named the second best speaker in the nation, while Marist earned the number five spot in the U.S.

Marist's best team performance came at the John Carroll meet in Cleveland, Ohio. In a field of about 100 teams, both the varsity and novice teams brought home championships. The junior varsity lost to West Point in its championship match.
Concerts make summer no time for the blues

The summertime blues. Real world. School rolls around again. You're back at some summer job, merely a task. Your mind temporarily distracted from summer. Right for dancing in the streets. Or at the Concerts make summer no time for the blues, for sure.

The British band “The House of Love” just released its first album in the United States. I'm interested in finding out more about this. Can you provide some information about the album and the band?

The “Glass Spider Debacle” was a notable event in the band’s history. I’d like to know more about what caused it and how it affected the band.

I've heard that some members of the band have faced personal issues. Could you tell me about any significant personal struggles or changes that the band members have undergone?

I’m curious about the band’s views on their recent album. Have they shared any insights or opinions about their latest release?”

**Earth Day jam**

By KELLEY GASKELL

The great news for Marist’s TV/Video Production students is that the program is expanding and offering more opportunities for students. The need for talented filmmakers is constantly increasing, and the program is responding by offering more hands-on experience and exposure to industry professionals. This year, the program is expanding its offerings to include a new major in TV/Video Production.

---

**Lack of equipment jeopardizes camp**

By JANET RYAN

For the second year in a row, the Marist TV/Video Production students are facing a lack of equipment and resources. The program relies on student donations and sponsorships to keep the equipment functioning and to provide opportunities for hands-on experience. Without adequate equipment, the students are unable to fully realize their potential and to develop the skills necessary to succeed in the industry.

---

**Canterbury prisoners arrested**

There were a number of interesting developments in the world of television this week. One story that caught my attention was the arrest of a group of Canterbury prisoners for vandalism and theft. The details of the case are still unfolding, but it’s clear that the situation is serious and requires attention.

**Celebrations for Earth Day sprout in nature**

By LISA DAVISON

Celebrations for Earth Day are sprouting up in nature. From local events to international festivals, people are coming together to celebrate the Earth and to work towards a more sustainable future. The focus is on education, awareness, and action, and it’s clear that people around the world are taking the issue seriously.

---

**Getting involved**

Volunteers are still needed for tomorrow’s One to One Day, a program that matches students with children in the community. Volunteers are needed in a variety of roles, from tutoring and mentoring to providing children with activities and support. If you’re interested in getting involved, please contact the Office of Safety and Security.

---

**The United Nations**

The United Nations will be hosting a number of events and activities related to Earth Day. These include workshops, panel discussions, and a film screening. The events are designed to raise awareness of environmental issues and encourage action towards a more sustainable future.

Distance across ocean can't strain family ties

In her acceptance speech, Walters commented, "I wasn't looking for any national exposure, but it did come with the program." She said she was looking forward to working with the other honorees and to helping young people in the community.

In addition to being the first woman to anchor a major national news program, Walters has interviewed some of the most notable figures in history, including Albert Einstein, Martin Luther King Jr., and various political leaders around the world. She has also hosted numerous specials and events, including the annual Macy's Thanksgiving Day Parade.

The closeness of the family here is a result of the European Community.

With the rise of the internet and social media, it is easier than ever to stay connected with family and friends around the world. However, some people still prefer to travel to see family in person, as it allows for more meaningful interactions and shared experiences.

All is not longer Greek campus frats

Some of the Greek fraternities on campus have faced challenges in recent years, including allegations of hazing and sexual misconduct. However, many of these organizations have worked to address these issues and improve their cultures.

The first meeting of the Marist College Greek Council took place last spring, as the school made strides to improve its Greek community. The council has worked to implement new policies and practices, including mandatory training for members on topics such as hazing prevention and bystander intervention.

"We're looking to bring the different groups together so we can work on addressing these issues," said Larry Darro, president of Sigma Phi Epsilon. "It's important that we support each other in these efforts, and that we continue to work together to create a safer, more inclusive environment for all on campus."
In Brief

Holocaust observed on 50th anniversary

The fiftieth anniversary of the Holocaust was observed on campus with two events: a panel discussion and a reading by the Vermont Holocaust Survivor Mark Smedley.

About 80 friends, faculty, staff and fellow religious students gathered in Comper Center 349 in Wednesday night for the discussion and reading. The Vermont Holocaust Survivor Mark Smedley spoke about his experiences of being a young survivor. His story of “Journey of the Holocaust” as well as a talk by perhaps the most chilling memory of his time under the Nazis is being heard in the United States Army when the day was one.

Hindred gave a vivid account of what he saw. “One of the things that affected me the most, besides the main message, was the smell of babies,” said Haidan. “The Germans remembered everything.

The presentation led by Tichman and all students discussed the hope, courage, and saw all of the victims of the Jewish people. Even with the tens of teeth and death there was resilience, Tichman said.

“A hold on hope was even a form of resistance,” Tichman said.

Tina DeAndres, Marcie chaplain, urged the group to remember those who died in the Holocaust, so that such a horror could never happen again.

Singers gear up for glasnost tour

The Marx College Singers will carry their tunes to the Pointe Unis and Canalizing for this last five performances.

Joining those groups from local college, the 25 singers will not only perform, but they will tour the country and experience it as they did in the Russian province. This was a project of the Pointe Unis, a big part of the trip is commitment.

“We’re all very passionate, and we’re all very public-aware of the world and the entire world, the entire world, the entire world,” said the artists of the singers, who were founded last year.

Now that the weather is better it’s not too pleasant to wait until this summer to start waiting until this summer to start.

The ceremony keg rolling took place yesterday in the morning in a Barstow location that had the WPCF high in its books.

The students are the main organ of student government and are responsible for selecting clubs and organizations. The CSL is comprised of the following: student body president, the office of student body president, as well as various positions he appoints; the president of the College Union Board, president of Student Council, the president of the Community Relations Office, the president of the Social Events and the president of the Student Life and Recreation Committee.

It’s as easy as EFG: No one else...”

Some straight ‘A’ options from EFG

Quizzed and one programmed item, lines of credit, flexible budget plan. Given the high cost of higher education, CSL is not only there to have more than one financing option to cover your tuition costs. That’s where The Educational Financing Group of Manufacturers Hanover offers a straight ‘A’ despite of options designed to help.

On the other hand, your educational objectives.

I asked my two-earner, no-earner situation. Why not call me to provide some information about the options you have.

If you’re an EFG, we have the option of offering a comprehensive range of options. Because no one understands your goals better than us.

Chinese to be offered

by CHRISS RODHE

Students will have another language option to choose from next semester when Marist begins to offer Chinese, the language spoken by 25 percent of the world's population.

"Students of all language backgrounds will have the opportunity to learn Chinese," said Professor Anthony Meola, chair of the Modern Languages and Literatures department. "If there is sufficient student interest, advanced classes will be offered.

This course will concentrate on Mandarin Chinese, and will focus on the aspects of Chinese culture that are meaningful to students majoring in a variety of fields. The course will also provide students with an understanding of Chinese language and grammar."

The Chinese language has existed for over 4,000 years. It has a rich history and plays a significant role in modern China, and will focus on the Chinese language and culture.

As is the norm, along with providing students with an understanding of the Chinese language, the course will also provide students with the opportunity to develop listening and speaking skills in the language.

The course will be spread over two semesters, with the first semester focusing on basic vocabulary and grammar, and the second semester focusing on more advanced topics.

The course will be taught by Leslie Gabriel, the head of the Modern Languages and Literatures department. She has extensive experience teaching Chinese and has a deep understanding of the language and culture.

This course will be highly beneficial for students interested in pursuing careers in business, education, or government, as well as for those interested in learning about Chinese culture and history.

In conclusion, the Chinese language course offered by Marist is a valuable addition to the school's offerings.

Dr. Gabriel is available for interviews and can provide more information about the course.
Intramurals look to grow

by RICHARD GUERRIERO - Staff Writer

The Marist Intramural Board is hoping that the 1990-91 season will be more of the same. A much-improved program, indicating the support of the intramural director.

This season, the Marist Intramural Board has increased the number of teams in its most popular program, basketball. The number of teams in basketball has nearly doubled from last season's 32 teams to this year's 64.

"We've increased the number of teams in all our programs, but basketball is the most popular," said Staff Writer, RICHARD GUERRIERO.

The increased number of teams in basketball is due to a more competitive environment and an increase in student participation. The Intramural Board is hoping that the increased participation will lead to a more competitive environment.

"We're trying to make intramurals more competitive," said Staff Writer, RICHARD GUERRIERO.

The Intramural Board is also looking to increase participation in other programs, such as flag football, volley ball, and racquetball. They are hoping that by increasing participation in these programs, they will be able to offer more competitive tournaments.

"We're trying to increase participation in all our programs," said Staff Writer, RICHARD GUERRIERO.

The Intramural Board is also hoping to increase participation in other programs, such as flag football, volleyball, and racquetball. They are hoping that by increasing participation in these programs, they will be able to offer more competitive tournaments.

Tennis returns to winning form

by MIKE O'FARRELL
Staff Writer

Fred Ingles now holds the title of the school's leading scorer with 1,606 points. He became the school's leading scorer with 1,606 points. He defeated Pace 6-3 on Monday. Cagney's record of 6-5.

The men's tennis team snapped a two match losing streak when it defeated Pace 6-3 on Monday.

After beating Bard 9-0 back on April 6, the Red Foxes lost two matches in a row to St. Rose and Vassar — Siena downed Marist 6-3 and on April 18, the Red Foxes were beaten 7-2 by Vassar. Following the Vassar match, Marist traveled to Mt. St. Mary's College in Emmitsburg, Md., to take part in the Northeast Conference tournament.

By defeating Pace on Monday, the Red Foxes increased their spring record to 5-3 with an overall record of 15-5.

Number two singles player Jim Cagney won his match over Scott Plushau 6-2, 6-3. Chris Trieste, number two doubles tandem, won their match 6-3, 6-3.

The Red Foxes gave a decent showing at the NEC tournament the April 20 and 21 at Mt. St. Mary's.

In the singles "A" bracket, Cagney was defeated 6-2, 6-2 by Dan Pluhar of Brandeis and number three doubles teammate, playing the number three spot, defeated his opponent 7-6, 7-6 in a match that required Trieste to win two tiebreakers.

Freshman John Favazzo defeated his foe 6-3, 6-4 while playing in the number four spot. Number five man Rob Cugno also needed a tiebreaker to polish off his opponent. Kirk downed Steve Miller 6-2, 6-7 (7-5), 7-6 (7-5) in another exciting match.

The doubles team of Stan Phelps and Chris Trieste were no match for Vassar's 6-1, 6-3 victory over their opponents. Cagney and Favazzo, playing the number two doubles tandem, won their match 6-3, 6-3.
