Two TKE leaders removed by CSL
by Kevin St. Onge

The Council of Student Leaders last week voted unanimously to remove two officers of Tau Kappa Epsilon and to impose other sanctions on the fraternity for alleged misconduct.

Citing "unfavorable actions and certain infractions of the group and its members which were acting on part of the group," CSL is requiring the resignations of TKE President Mike Flynn and Edward Roche, the recruiting coordinator.

The agreement, which CSL required TKE's president and vice president to sign, also includes:
- the suspension of all TKE activities until May 20, including the display of the fraternity's letters.
- the extension of probation from January 1990 to September 1990. During probation, the group must give monthly progress reports to CSL and then apply for a permanent charter.
- the suspension of all recruiting until January 1990.
- mandatory revision of pledging procedures, which will apply to all new members.

The CSL sanctions follow deliberations on TKE's punishment for misconduct.

The appeal emphasizes what TKE calls "unquestionable presence of extreme prejudice" on CSL. This claim is based on the fact that five voting members of CSL are members of the Sigma Phi Epsilon fraternity.

Also stated in the appeal were concerns that TKE had about Ferony's membership in Sigma Phi Epsilon and comments he made in an article in The Circle on April 6.

In that article, Ferony was quoted as saying: "If you ask me, they should have been thrown off campus..." The appeal claims that the statement indicates bias before deliberations on TKE's punishment began.

TKE members also questioned CSL's authority to enforce punitive measures outside of revoking their charter. But according to the agreement, CSL required Flynn and Vice President Patrick Reilly to sign the agreement Monday as a condition for continued temporary recognition. But Flynn and Reilly later filed an appeal with the Judicial Board.

Sunny weather, beer and River Day made a great combination for these students, who were among the revelers at last Friday's college-sanctioned event.

Students and faculty said the fights were taken care of quickly and did not detract from the festivities.

Students were required to show a driver's license and a Marist I.D., and 17 security guards surrounded the field to prevent underage students from entering.

The WPDH Boombox provided the music after being towed across the field early in the day because it was stuck in the mud. The Boombox left at 3:30 p.m. because of a previous engagement.

Although some at Marist point out that condom sale accompanied with information promotes responsible behavior, some administrators, professors and other faculty reportedly attended, but Pierce Redmond, a senior committee member, said it seemed to be a relatively small number.

Peter Amato, assistant dean of student affairs, said, "It was by and large an excellent event and I was very pleased with the way it was organized."

There were a couple of scuffles between students, but no one was seriously injured, according to Joseph Leary, director of safety and security.

After class

Lectures and Seminars

Chemical Dependency

Mental Health students in the Poughkeepsie area are sponsoring "Breaking the Chemical Dependency Code," a series of lectures and seminars. The first lecture will be held on Friday, April 20, at 9:30 p.m., in the Poughkeepsie Center room. The focus will be on the importance of chemical dependency and its impact on society. Attendees are encouraged to participate in the discussion and share their experiences.

Business students

The National Black MBA Association, Inc., is sponsoring a job fair for business students in business administration and finance. The fair will be held on Friday, April 21, from 10 a.m. to 4 p.m., at the Poughkeepsie Center. For more information, contact the NBBMA at 336-4747.

Newspaper

The Daily News is looking for student reporters to cover events on campus. If interested, contact the newspaper office at 473-2072.

Scholarships

Mental Health students

A scholarship for students with a declared major in mental health is available. The scholarship is funded by an anonymous donor and is open to students with a grade point average of 3.0 or higher. For more information, contact the Mental Health Office at 473-2072.

Arts

Art Exhibit

The Mill-Hudson Arts and Science Center is sponsoring an art exhibit, "Two Faces of Magic," which will feature paintings and sculptures by two local artists. The exhibit will be held from April 25 to May 10, at the center. For more information, call 473-2072.

Entertainment

The College of Arts and Sciences presents the film "The Colors of the Wind" starring Michael Douglas and Morgan Freeman. The film will be shown on April 26, at 7:30 p.m., in the Poughkeepsie Center. For more information, call 473-2072.

Student discounts

Students can purchase tickets for $5. Student ID will be required at the door. For more information, call the Box Office at 473-2072.

Slow ticket sales threaten future concerts

by Mike Yost

Low student ticket sales for the recentabal tour are causing concern. While the band is still selling out small venues, the lack of students attending concerts is a concern for the college. The band's upcoming tour dates in Poughkeepsie, New York, and in the third or fourth year of college. To purchase tickets, call 473-2072.

New class schedule to upset activities?

by Anne Tomlinson

The new schedule for the fall semester, which will replace two activities per month, has caused concern among some students. The change was made to accommodate the needs of some students who are unable to attend activities during the week. For more information, contact the Activities Office at 473-2072.

A teen's vision opened door for local kids

At 17, Robert Watson took a trip to the Deep South, to Mar­

Nonprofit Organizations

Four local organizations are seeking volunteers to help with various events. The organizations include the Poughkeepsie Visitors Bureau, the Bardavon Opera House, the Poughkeepsie Symphony Orchestra, and the Poughkeepsie Symphony. Volunteers are needed to assist with events such as the Bardavon Opera House, which is hosting a summer music festival. For more information, call the Volunteer Coordinator at 473-2072.

champagne-toting graduates ruined what was supposed to be a ceremony as well as a delay of up to one year in receiving their course, the behavior at last year's ceremony was reminiscent of a major academic event, which celebrates the collective achievement of students. Owens' letter asking why Arts and Science students are being required to sign the letters of the RSVP number; I am sure they will respond, as I expect that the majority of Arts and Science students will sign the letters.

The administration has attempted to save this year's Commencement by giving it a new format, but the results have been disappointing. The ceremony was held on Friday, May 1, at 10 a.m., and it lasted for three hours. Despite the efforts of the administration, the ceremony was marred by a number of problems, including technical difficulties with the sound system and the lighting.

Some students felt that the administration should have done more to prevent the problems. They pointed out that the administration could have taken steps to ensure that the sound system worked properly and that the lighting was adequate. They also suggested that the administration could have provided more information to the students about the ceremony.

The administration has attempted to address these issues by providing students with information about the ceremony and by making changes to the format. However, many students feel that these efforts have not been enough to prevent the problems that occurred.

A Day By The River

by Vanessa Colombo

A group of Mexican teenagers visited the Marist campus last Wednesday as part of a five-week tour throughout the United States. The group of nineteen Mexican English-speaking high school students, sponsored by the organization La Raza Unida, performed a musical and dance show at the College Union Building. Many Marist students were impressed by the cultural diversity and energy of the Mexican performers.

The group's director, Jack Jackson, said the concept of the tour is "to recruit young people from abroad to perform in the United States and engage in cultural exchanges with other cultures." Jackson said the group is very excited to perform and share their culture with others. The group has been training in music, dance, and other cultural activities for the past few months.

At the College Union Building, the group performed a variety of songs, including a Spanish language song and a dance performance, which was met with enthusiastic applause from the audience. The group's performance was a tremendous success, and many Marist students expressed their appreciation for the cultural exchange.

The Mexican performers impressed with their energy and dedication to sharing their culture. The group's performance was a wonderful opportunity for Marist students to learn about Mexican culture and the importance of cultural diversity.
