CANDIDATES BEGIN WEEK OF CAMPAIGN

The present week of campaigning has revealed that there are several candidates who are running for office. The election is scheduled for the first week of next month, and the candidates are working hard to gain the support of the voters. One of the candidates, Joseph Franco, is running for the position of Student Body President. He has been involved in student activities for several years, and he is hoping to bring new ideas to the campus.

Another candidate, Jane Smith, is running for the position of Vice President. She is a senior at the college and has been involved in various student organizations. She is hoping to work closely with the President to make the campus a better place for all students.

The election will take place next Monday, and the candidates will be campaigning throughout the week. They are hopeful that they will gain the support of the students and win the election.

Rosenthal Speaks On Modern Poetry

by Leo Canale

A Post, Critic and Professor of English at New York University, M. L. Rosenthal delivered a discourse on "Modern Poetry and The Modern Theme," Thursday evening February 20, in the college theater.

Mr. Robert P. Lewis, an instructor in English here, introduced Dr. Rosenthal, citing that he is also the author of two books on modern poetry. Thus poems such as "Toad's" and "Toads Revisited" by Philip Larkin were read to the large audience as well as the following poems: "To A Dog Injured In The Street" by William Carlos Williams; "Moby," by William Butler Yeats; "Fall 1961," by Robert Lowell; and "Antip" by Sylvia Plath.

Dr. Rosenthal read and discussed these poems to bring out three main points concerning his topic, "Modern Poetry and The Modern Themes." The first is the viewpoint of Romantic aestheticism, that modern poetry expresses toward life in general. The professor's next motif covered the poetry of political and cultural criticism. Centering on the individual as the victim, Dr. Rosenthal expounded upon the aestheticism theme. Lastly he concluded with the viewpoint of the romanticism.

Wed. Lecture is scheduled

Peter A. Farrell of Albany, formerly an instructor in the Evening Division of Marist College is going to conduct an Investment Program at the College starting March 5th, 1969 in Room 248, Champlain Hall. The program will be open to people interested in knowing more about the financial world and how it operates.

Mr. Farrell is a specialist in economics. Mr. Farrell received his M.B.A. Degree from St. Bonaventure University.

He married the former Marie

Paine Visitors Welcomed

Joining the student body this semester are Jack Davis and Ken McKenda, two students representing Paine College in the Marist-Paine exchange program. McKenda, sophomore class president at Paine, is a history major from Little Rock, Arkansas. He finds the history department at Marist well-staffed and challenging. Davis, a sophomore from South Carolina, is a math-chemistry major.

Adjusting from Paine College, a predominantly black, Methodism-affiliated institution, to Marist, a primarily white, Catholic college, was the main concern of the students upon arriving here. The Paine students found, however, that they have made this transition.

Comparing life at Paine, McKenda noted that Paine is facing the same problems that Marist is facing. He cited the curriculum modifications as exemplary of these similarities.

One of the key observations made is that the student-faculty relations at Paine is much closer than at Marist. The students and teachers have a greater extent of communication.

Speaking on the students, McKenda stated that the students he has come in contact with are friendly and congenial. He added, however, that there is a great difference between the North and Southern white people regarding prejudices. Mr. McKenda observed that prejudice in the South is "real open," but in the North it is camouflaged with a "smile and a pat on the back." He emphasized, however, that this does not particularly apply to the majority of people he has come into contact with.

Math Lecture Attracts 150

On Thursday evening, Feb. 13, Dr. Torsilbala of our math department gave a major address in our theatre to the math departments of five college and universities in the Hudson Valley. His lecture was entitled "A General Geometric Theory of Surface Area." Dr. Torsilbala's new theory presents, for the first time, solutions to important historical problems whose origins may be traced to 330 B.C.

In the space of one hour and fifteen minutes, Dr. Torsilbala reviewed twenty-three hundred years of the history of his subject, concentrating on the intense activity of the last century. Beginning with the work of Serret in 1868 he traced the discoveries and (and disappointments) of Schwarz, Lebesgue, Goetze, Riemann, Cesari, Fano and numerous other important figures in the

About...

...That...  

Dear Sir,

Regarding the letter by Mr. Jones in the February 1969 issue of The Circle, I would like to express my disagreement with his的观点.

I believe that the public owes a certain level of responsibility to society, and it is not enough to simply participate in communal activities. While it is important to support those in need, it is equally important to ensure that such support is given in a way that promotes long-term solutions and sustainable development.

Sincerely,
[Your Name]

Up, Up, And?

Dear Sir,

Regarding the discussion on the use of space elevators in the February 1969 issue of The Circle, I would like to express my concerns.

While the concept of space elevators is intriguing, I believe that there are several significant challenges that need to be addressed before such technology can become a reality. These include the development of reliable and efficient materials for construction, as well as the need for a large and sustainable energy source.

Sincerely,
[Your Name]

Part III of a Series

Thoughts on Pacifism

by Fred Alman

Because of my upbringing, the belief in a change of heart rather than a change of dispositional form is the stance of constitutionalism. I am usually the advocate of constitutionalism for all political parties. The only difference between the two is that constitutionalism is more flexible than elitist. Elitism holds that in wisdom and political skills, there are only a few elites who are capable of controlling the affairs of the state. In my case, these elites are always interested in the exercise of the utmost discretion of the people. The idea of constitutionalism is that people do not have to be trained in order to exercise their rights. I am not sure how many of you are aware of this, but I am a constitutionalist.

Pageant Players Arrive on Campus

by Liz Lamberti

As the hour of the changing of the guard approaches, a few last-minute preparations are under way for the upcoming night. The evening will be filled with the usual array of events, from formal dinner to dance to fireworks and more. The students are excited to enjoy the festivities and make memories that will last a lifetime.

With the financial problems facing the school and the student body, the administration has decided to cut back on some of the usual activities. However, the students are determined to continue the tradition of the changing of the guard, and they are already planning ways to make the event as memorable as possible.

**BABA Holds Second Meeting**

The second meeting of the BABA (Business Alliance of Business Students) was held on Monday, February 15, 1968. The meeting was well attended and productive, and the members of the organization discussed a variety of topics related to business and entrepreneurship.

Hayakawa Favors Autonomy Aid Cuts

Youths Are Violent?

By Joe Bixby

TOCCOA 

"Youth know better than their elders, and even though they may have experienced the 'difficulties' their forefathers faced, they are not subjected to them now. The problems of the past are often different from those of today, and as such, the solutions that were effective then may not be as effective today. It is crucial that we recognize the differences and address them accordingly."

"The problem is not whether youths are violent, but how to prevent violence, especially among the younger generation. We need to focus on the root causes of violence and implement strategies that can effectively combat it. Education, family support, and community involvement are key factors in reducing youth violence."

"We must also address the issue of access to firearms. The availability of weapons can greatly increase the likelihood of violence. By implementing stricter gun control measures, we can help reduce the incidence of violent incidents."

"In conclusion, I believe that instead of focusing solely on cutting autonomy aid, we should invest in programs that target the root causes of violence and support communities in creating safe environments for young people. By doing so, we can work towards a future where violence is not a concern."

Washington (CP) - President B.O. Hayakawa has announced a new policy on the provision of autonomy aid to schools. Hayakawa believes that the current system is too costly and ineffective, and that schools should be given the option to choose between autonomy aid and traditional funding. He stated, "We need to empower our schools to make decisions that best serve their communities."

"I understand the concerns about violence, particularly during the school year. However, I believe that by giving schools autonomy, they can better address the specific needs of their students and the unique challenges they face."

"I am confident that with the right support, our schools can thrive and provide a safe and nurturing environment for all students. Let's work together to find solutions that benefit our students and our communities."

"Thanks to the support of our students, families, and the community, we have successfully implemented this new policy. I am proud of our schools and the positive impact they are having on our communities."

"I encourage all of you to support our schools and help make a difference in the lives of our students. Let's work together to ensure a bright future for all."
The Circle Encourages You To Be A Responsible Voter And To Hear Them Speak, And Above All To Vote On March 5.

Youths Are Violent?

Walter L. Hayakawa, Mandatorily Aid Cut

WASHINGTON (CPS) - A preliminary report on the national commission on the causes and prevention of delinquency has been completed by the "Hayakawa Commission," named after Senator Charles E. Hayakawa of California. The report says: "The problem of the violent youth... is the most serious and pressing problem facing our nation today.

The commission is based on research by Dr. Hayakawa, who has been a member of the commission.

Revitalization

The Revitalization process, which is a significant step in the country's economic recovery, is in the form of a new and improved federal agency that will consider the major issues of the day. The new agency, called the "Reorganization Commission," will be set up to provide new directions for the economy and for the country's future. It will be chaired by the chairman of this commission.

What is the Reorganization Commission?

The Reorganization Commission is a new federal agency that will be created to consider the major issues of the day. The commission will be chaired by the chairman of this commission.

CAGERS FACE NEW PALTZ IN HOME FINALE

1968-69 WRESTLING TEAM

Wrestlers Pin Yeshiva

Marist's wrestling team saw it's hopes for a 3-1 dual season go down the drain last week. After overwhelming proofs of strength on Wednesday night, the grapplers couldn't continue their winning path against C.C.N.Y., dropping a close 21-18 match to the city club last Saturday.

Backed by a partisan home crowd, Marist completely crushed the Yeshiva squad. John Eisenhardt triggered the rout by troweling Yeshiva's 123 lb. Arnie Wolfe. Eisenhardt was on top all the way routing the visitors 10-5. Ted Brosnan, who just joined the team, found himself rusty and not yet in shape as he dropped a 1-3 decision in the 150 lb. class.

Murderer's Row found a new candidate in the next match. Pete Masterson, who tips the scales at 190 and has a half-national and armbar to demolish Yeshiva's Gary Rublin in 2:45.

Reliable Bill Moody then gave another strong performance in the 145 lb. class, as he used a wade to pin Marc Spence. Moody needed only 1:59 to gain the pin. Berniece O'Neill proved himself to be too much for Yeshiva's Mort Finkel as he posted a 2-0 decision. The win gave Marist a 16-3 lead.

Bobby Krean rounded out the row with an impressive third period performance. Krean, down 8-4 after two periods, came through with four points in the last period. Combined with 15 points for "holding" time, Krean gave the 160 pounder a 18-8 victory, with Noah Nymphor.

Two of Yeshiva's 167 lb. grapplers failed to get past the 2nd round to define John Lonstolitho by a 1-0 split. Jack Walsh, 177 lbs., needed only 1:26 to pin his man with a simple cradle, a first year man who has been growing steadily, this being his second win of the year.

Jack is a sophomore. Head coach John McGarr literally destroyed his man, winning 11-2 decision with his opponent backing on the mat and giving Starrett the win in the 220 lb. class. The win gave Marist a 28-8 victory.

Two exhibition matches saw Fred Wagner and Bill Douvill give impressive performances.

Foxes Drop Two In A Row

Last week began with a roar at Marist rolled to an easy 59-67 win over Brooklyn College. Showing an unbelievable 71% from the floor in the second-half, Marist rapidly pulled away from Brooklyn who just couldn't keep up with our fast break. The score stood Brooklyn 43-42 at half time, but some fine shooting by Ken Thompson, Ray Manning, and Bill Spensla soon found the Foxes back on top by a considerable margin.

Marist hit a blistering 57% from the floor for the game, their highest percentage yet this year. High men in the point department were Ken Thompson 22, Ray Manning 17, Bill Spensla 16, freshmen Joe Scott-15, and Ray Charlton - 14.

Joe Scott found the boards at Brooklyn to be quite favorable as he matched each of his points scored with a rebound. After Scott's 15 rebounds came Bill Spensla with 14. Marist out-rebounded Brooklyn 27 to 49.

After the good game the team had against Brooklyn, Coach Petro had to be disappointed by the devastating weekend they suffered at the hands of Ononta and Stony Brook.

Friday night saw Marist go down to defeat at the hands of Ononta 80-66, in a game played at Washington High School. The score at the half was Ononta 36 - Marist 24. Marist was not playing their own game. Their ineffective jumpers to play slow-down basketball in the second half. They kept the big guns for Marist at bay by playing a very tough, zone defense. Coupled with the poor shooting night Marist, only 33% from the floor. Ononta was able to build a lead and hold it, without too much difficulty.

Marist also had foul trouble in the second half, as Kenny Thompson and Joe Scott fouled out and Spensla and Manning played the final minutes in jeopardy with four each.

High point men were Ken Thompson and Ray Manning with 14 points apiece and Bill Spensla with 11. The rebounding was led by Spensla - 18, Ray Manning -11 and Joe Scott-9.

Saturday night looked like a video taped instant replay of Friday as Stony Brook celebrated Washington's Birthday with a 63-58 win over our Foxes. Playing a slow-down, deliberate type of ball, Stony Brook was able to keep the top of Marist for the first half (they led 32-27 at the mid-point), and then play even ball for the last twenty minutes to cop their 5-point win. Another poor shooting night for Marist did not help matters any, as only 31% of their shots dropped through the hoop. Marist had a good showing at the game up until the final seconds because the margin was only one to five points throughout most of the second half. Stony Brook started freezing the ball with about 3 minutes to go forcing Marist to try to get the ball. Stony Brook's final ten foul shots were made. Two men hit double figures for Marist; Thompson had 23 and Manning had 16. Marist out-rebounded Stony Brook 55-44 with our high men in that department being Bill Spensla -13, Ray Manning -12, and Bill McGarr.

After the week of play ending February 22, Marist's record stands as 15-5 overall and 5-2 in conference play, our sixth league game.

Track Team Bows To Queens 46 1/2 - 35 1/2

In the first indoor meet in Marist history, Queens emerged the victor by a score of 46 1/2 - 35 1/2. The competition was close the entire way until Queens finally pulled it out by winning both the mile relay and the two-mile relay. Turning in outstanding performances for Marist were Phil Cappio, F.M.S., who won both the one mile and the two mile and Steve Kopi, who won for first in the high jump and second in the hurdles, and Henry John who won the shot put.

In the mile, Cappio turned in a 4:45.8, as he paced easily through quarters of 72, 74, and 76, and then opened up and sprinted his last 440 in 63 seconds. Bob Mayerrether finished third in this race with 4:55.8.

The shot put proved to be a coup for Marist as Henry Blum 32"-2", Berniece McGovern, 36" 4", and Paul De Coba, 33" 4", took the top three spots.

Austin Randolph jumped 7' 8" to tie for first with Joe Nagy of Queens in the high jump. Richie Mazel finished second in the long jump.

In the 400 yd. run, Charlie Tebish of Queens ran a 1:19.2 to edge Ed Walter at 1:19.8, while Steve Kopi nailed down 1:16.9.
