By Edward O'Connell and Bernard Boruch

Fifteen to twenty students have been summoned before a Special Committee for their "disorderly" actions on River Day. They are being sought out for their active participation in events called for by Dean Wade as something which "we can react in with anger and sorrow."

The students, whose class status varies, were involved in a cafeteria riot that erupted after the River Day celebration.

The controversy has thus continued as to the validity of River Day. Should it be continued as a day for all of the college? Or should it be abolished?

Their staunch advocates of each belief and their opinions are shared in this week's CIRCLE.

The "traditional" event opened with a prayer at the River God, on the afternoon of last Wednesday. Approximately 200 students and faculty members were going through the ritual only to be interrupted by a fire truck which appeared to have no connection with the celebration.

River Day Discussed
Circle Interviews

Ralph Cerulli

By Leonard Boggs

Ralph Cerulli, a senior and one of a small number of students at East High School who are interested in environmental protection, believes that a River Day would be an excellent way for the school to get involved in the community. "We need to do something about pollution and the environment," he said. "We should do something about the river and get people involved." Cerulli said that a River Day could be organized by the Environmental Club and would include activities such as cleaning up the river and educating people about its importance. "It would be a great opportunity for people to come together and do something positive," he said. "We could make a real difference and raise awareness about the river and its importance." Cerulli said that he would support a River Day if it were organized and would participate in any activities that would be held.

Dr. R. Rhys Williams

By Edclare

Dr. R. Rhys Williams, a professor of psychology at East High, said that he believes that a River Day would be beneficial for the community. "We need to do something about the river and its pollution," he said. "It would be a good opportunity to get people involved and to raise awareness about the issue." Dr. Williams said that a River Day could be organized by the Community Service Club and would include activities such as cleaning up the river and educating people about its importance. "It would be a great opportunity for people to come together and do something positive," he said. "We could make a real difference and raise awareness about the river and its importance." Dr. Williams said that he would support a River Day if it were organized and would participate in any activities that would be held.

Dear Mr. Belanger

By Don_SEC

Dear Mr. Belanger,

I would like to express my concern about the situation at the Marist College. As you have mentioned in your last letter, there have been complaints about the quality of the food service and the cleanliness of the dormitories. I believe that these issues are serious and should be addressed immediately.

I would like to suggest that the college invest in a new food service provider and improve the cleaning staff. This would not only improve the quality of life for the students, but also increase their satisfaction with the college.

Thank you for your time and consideration.

Sincerely,

U. N. Trip

By Edclare

The U.N. trip was a wonderful opportunity for the students to learn about international relations and global issues. The trip included visits to various countries and allowed the students to experience different cultures and societies. The trip was also an opportunity for the students to meet with leaders and diplomats from around the world.

Gaelic Society Dinner Dance

By Priscilla Zanzinger

The Gaelic Society dinner dance was a great event for the students to get to know each other and to celebrate their Irish heritage. The dance included traditional Irish music and dancing, as well as a delicious dinner. The students had a great time and were able to connect with each other in a fun and festive atmosphere.

Arrests At Marist

By Edclare

Two arrests were made at Marist College last week, and the students are concerned about the safety and security of the campus. The arrests were made after a disturbance in the dormitories, and the students are worried about the possibility of more incidents in the future. The students are calling for increased security measures and better communication with the administration.

Hazing

By Priscilla Zanzinger

Hazing is a serious issue at many colleges and universities, and it is especially concerning at Marist College. The students are calling for an end to hazing and for the college to take strong action against those who engage in such behavior. The students are also calling for increased education and awareness about the dangers of hazing and its impact on the students.

A Commuter Looks At River Day

By Don_SEC

As a commuter, I was able to observe the River Day activities from a different perspective. I believe that the River Day is a great way for the community to come together and do something positive for the environment. However, I do have some concerns about the organization and implementation of the event.

I would like to suggest that the organizers of the River Day focus on involving the community members and making the event more accessible to those who are not able to participate directly. This would not only increase the impact of the event, but also make it more inclusive and welcoming for everyone.

Thank you for your time and consideration.

Sincerely,

River Day Discussed
Circle Interviews

Dr. R. Rhys Williams

CIRCLE. What are your reflections on River Day?

Dr. Rhys: River Day is the beginning of an important tradition at the College. It is an opportunity for students to reconnect with the river and the natural environment.

CIRCLE. Do you think that the non-participating student's rights are being respected during River Day?

Dr. Rhys: I believe so. We have a code of conduct for the event, which ensures that everyone's rights are respected. I do think there is room for improvement, however, in terms of communication and education.

CIRCLE. Do you think that the on-going student-employee relationship is being respected during River Day?

Dr. Rhys: Absolutely. It is crucial that both parties feel valued and heard. We have had few complaints about this in the past.

Letters To The Editors

A Response To "Abortion, A Choice"

I object strongly to the Marygrove College newspaper's promotion of abortion in the editorial section in the April 11, 1987 issue. A response to this article is shown below.

The power to make or break one's life is in the hands of others, not ourselves. This is a dangerous stance to take.

The preservation of abortion is not simply a matter of freedom or the right to choose. It is a matter of protecting the rights of the unborn. The decision to have an abortion is a personal one that should be made by the individual and their医生.

My Mother And Father

By James McLaughlin

As men's experiences of a free society, our mother and father are a good deal closer than we sometimes realize.

In theory, there are few who will disagree with that. But in reality, this is not always the case. Many people, especially those who have spent much of their lives in the company of their parents, find it difficult to accept the idea that their mothers and fathers are not perfect.

Yet, as we grow older, we begin to see that there is much more to our parents than we ever realized. We see that they are not perfect, but that they are still human beings who have the same weaknesses and failings as everyone else.

In conclusion, the relationship between a son or daughter and his or her parents is one of the most important in life. It is important to remember that there is nothing perfect about our parents, and that it is important to accept this.

**Football**
The Year In Sports

For the second straight year, the Viking football team didn't have it easy. In fact, they had it hard in their second straight season in the MAC, finishing with a 4-4 record overall and 2-3 in their conference. The team was led by head coach Joe Jone, who had previously coached at Wabash and DePauw. The Vikings were also led by a strong senior class, including seniors Matt Davis, Mike Mack, and Doug Peterson. Their defensive line was especially strong, as they held opponents to just 11 points per game.

The team finished the season with a disappointing 4-6 record, but many believe they could have done better with a stronger schedule. The team was eliminated from the playoffs after losing to the Ohio Northern Bobcats in the first round.

**Basketball**

Marist College basketball had a disappointing season, finishing with a 12-9 record overall. However, they managed to make a statement in the conference, finishing with a 7-5 record and winning three of their last four games. The team was led by senior guard John Smith, who averaged 15 points per game.

The team was eliminated from the playoffs in the first round after losing to the University of New Haven in overtime.

**Fall Crew**

The beginning of the fall season saw the return of the historic Marist crew team. The team, led by head coach Joe Davis, finished the season with a 4-2 record, including victories over the University of Pennsylvania and the University of Notre Dame.

The team was eliminated from the conference tournament after losing to the University of Virginia in the semifinals.

**Soccer**

For the third time in four years, the soccer team finished in fourth place, earning a 5-5-4 record. The team was led by head coach Joe Jone, who had previously coached at Wabash and DePauw.

Trinity Regatta

By Jim Voelker

This past Saturday, April 22, the Red Foxes took to the Connecticut River for the Centennial Regatta. Trinity had to overachieve, because of the severe current. The school participating in the race were as follows: Hot Trendy College, Marist College, Ithaca College and the Merchant Marine Academy.

The Varsity Crew Team (Coach William Austin, oarsmen: stroke, Debbie Griffith; 7 John Wilson; 6 Matt O'Brien; 5 Steve McDermott; 4 Bob Croaden; 3 Joe Pennino; 2 Joe Mccugh; Bow Marty Torrey) and Coxswain Mike Davey were plagued with problems throughout the race. The crew got off to a bad start which cost them many seconds of valuable time. During the body of the race, more problems arose which just added to the frustration of the Red Foxes. In the last five hundred meters, the oarsmen got together, but it was too late to change the outcome of the race. At the finish, it was Trinity taking first place, Marist second, Ithaca third, and Vassar trailing in last place.

Marist Levels Livingston

By Don Cappiello

Mud and rain hampered both teams as the Marist teams defeated Livingston, in Saturday's Club football class. Although the Violets scored only six points, they dominated most of the game. The only touchdowns occurred on a three yard run by Tom O'Sullivan; a touchdown run by Steve Giese; and a touchdown pass by Mike Lewis. The defense was led by linebacker John Lewis and left guard John Giesler. A touchdown run by Nigel Davis was called back because of an illegal block. Numerous other long drives were halted by fumbles caused by the conditions.

Lacrosse Team Bows To Siena

by Robert Parga

Last Tuesday the Lacrosse Club was on the road to Siena College. It was a tough game but the team managed to win 12-11. It was only our second loss of the season, but already all of the team members felt that they are starting to know each other better and are getting better at playing better as a team. The team started off really well, as the team had a little trouble getting together, but before the first quarter was over the players settled down and started playing a hard ball game. The Siena players on the other hand were not able to control the ball as much. But this week, the Marist players really looked good. The offensive line did a really good job and really played their best. For the first score Steve came around from his corner attack position to make the score unassisted. Later, Steve and Doug combined their efforts. Doug made the scoring pass and Steve eating the animal role. John Mullins really got a workout at the goal but John was all together in control. He had made two saves in the first quarter, and worked the corners with great cool. The defensive unit was also well aware of improvements in scoring, the sure use of their aggressiveness. The offensive unit, got their ability to aggressiveness, and also a great improvement in working out their plays and performing the basic skills. Toward the end of the game, center attack man, Jeff Mullins, was injured and forced to leave the game. He was replaced by Robert Parga, but before he left the game, Jeff let the Siena players know that we can be a tough club.

Yoga: A New Experience On Campus

by Mike Ertl

"Without having the Kundalini awakened, your soul is not awakened. And if your soul is awakened what else do you need? And if you get into the action to awaken the Kundalini, the service of the soul, and thus the care of yours will be driven or overshadowed by the red and not by the negative emotions. Then you have found God in yourself. And I shall be the greatest man on earth, if I shall be privileged to touch the dust of your feet, if you had that state."

YOGI BHajan

The teaching and techniques of Kundalini Yoga are new fangled, given without an instruction which often lasted ten to fifteen years in Eastern countries. Yogi Bhajan said the need to teach this first powerful, and practical yoga to people throughout the world, especially the United States. Yogi Bhajan forewarns in 1969 the need to train strong disciplined, spiritual leaders whose faith will be tested in the near future. The 1969's saw the birth of the "flower child" concept and many people became aware that "peace and love" could become a reality.

The defensive unit of the Vikings was commanded by defensive coach Tom Mullen. He said, "the defense did everything it was supposed to do. Almost every time Livingston got the ball, they had them for that play and they were forced to kick. We also forced many fumbles." An interception by Kevin Swemy was the highlight of the defensive unit's play.

On the Con Lin former reported "I'm really proud of the team's showing. The only way to win in this game is by holding together and making no mistakes." The coach had intended to test the execution of the triple option and the passing attack in the spring game. But the inclement weather caused him to alter his game plan. He said that the team could not pass or run the triple option with a wet ball, so they used a basic offensive attack.

However, Coach Levine contended "We may not have been able to follow our original game plan, but we may have learned a greater lesson from this game; we really played as a team."
