Refrigerator Issue

List Circulated

Student government vice-president, Leo, and his housemates in Clappanget, Leo, and Shannon have this week been asking to ask students to sign a petition to overturn Dean Anthony Perez's decision to remove refrigerators over 48 inches in the dorms next semester.

Perez has given for limiting the size of refrigerators in residence halls. Perez said that he envisions the larger machines are used for more energy than small ones. He added that many big refrigerators are often used by 5 to 12 people, and if they are eliminated, many smaller ones will be used, thus consuming more energy.

He said that the reasons which

Commercial Union

Higgins New President

By Elaine Buse

115 people turned out to vote in the Commercial Union elections.

The winners were President Joseph Higgins, Second Vice President Susan Van Parys and Treasurer Serafino Celano.

Joseph Higgins, a sophomore, ran against abstain and won with 67 votes.

Susan Van Parys, a junior who has served as Second Vice President for the past year, won unopposed and won with 80 votes.

Serafino Celano, a junior, ran against Donna MacRae and won with a count of 60 to 46.

Jim DePalice, outgoing President, said the voting turn-out, which compares favorably with last year's turn-out of approximately 20, is encouraging.

Rat Damage

Amounts to $500

By Cathy Ryan

The Rathskeller will not be able to sell bottled beer as a result of the acts of vandalism which occurred on November 10 after a night in the Rathskeller. The incident occurred as the Rathskeller was closed for the weekend night. The receiver was ripped out of the phone and the phone lines were broken. Garbage was strewn and the towel dispenser was ripped out of the wall in the bathroom, he said.

Candles and several albums were stolen from the Rathskeller, said VanDervoort.

VanDervoort said a Marist student was one of the people involved in the incidents, and identified them as Marist students.

"It's really a shame that 300 people are facing this, enjoying themselves in the Rath should suffer because of the misconduct."

Vandals Rampant

By Edward P. DeLelle

To Mr. Fred Janus, assistant director of maintenance, the vandalism which occurred in the Rathskeller last Tuesday is an everyday occurrence at Marist College.

After a social event held in the Rathskeller a light fixture was broken, towels dispensed and ripped out of the wall and a public telephone damaged.

Mr. Janus estimates the damages in the incident in the Rathskeller to be several hundreds of dollars, including physical damage and "time of labor by the maintenance crew."

According to Janus, "this situation exists in every dorm at least once a day".

James Janus related incidents of new doors on campus having to be replaced due to vandalism, a marble statue of the Virgin Mary outside the campus, and garage doors being broken and ripped out, among other damages.

"In the elevators of Champlain, the elevator doors have been ripped out and have been left in the elevator, and in the pool, the pool door has been ripped out, and the pool has been left open," Janus said.

President Limus Foy said the reason the student activities fee was raised from $40 to $60 was due to anticipated operating costs of the McCann Recreational Center when it opens.

He said that construction costs are being covered entirely by gifts the college has received, but once the pool is opened the costs of heating and maintaining it will be paid in part from tuition.

Incident Probe Pursued

By Regina Clark

There has been no progress in apprehending the suspect of the reported garbage depositing according to Fr. Lambert, assistant dean of students.

Fr. Lambert said that some of the incidents, Lambert said, in reference to the October 21 occurrences.

A Marist College cop, who wishes to remain anonymous, and a friend were talking to the library from Champlain Hall about 6 p.m. one evening.

Feeling something brush against her dress she thought someone was passing her. She then felt a hand up her dress. She turned around and a man looked at her and walked away, said the student.

Plans for relocating the art on the wall is being discussed, said Lambert. One possibility is relocating the art on the wall and the other is relocating the art on the walls and into the art rooms.

Activity Fee Raise Explained

President Limus Foy said that the deficit for the first year of operation of the complex to be $20,000, but added, "You always have that problem in the beginning when you start a new type of this."

In order to pay off the deficit, approximately $6,000 will come out of tuition.

After the first year of operation, he said the fieldhouse will still be operating at a deficit of $20,000, and that money will be raised through tuition. But he added that if it is the usefulness of the facility would outweigh the money that it lost.

Part of the agreement of the McCann grant stipulated that Marist left the surrounding community use the fieldhouse. Foy said that it will also be used for outside conventions such as boat shows and meetings.
Midterm marks low

By Kevin Clark

The average rank of students has dropped this semester, according to Fred Loder, assistant dean of Students. Dean Loder, 57, said that the grades for grading means were due to a "drastic change in the curriculum" which has increased the difficulty and workload of students. Loder also said that it is hard to be students and work full-time jobs, which leads to a decrease in academic performance. Dr. Loder said that he believes in assessing the campus for previous years to improve academic performance. If a drastic change in the curriculum is made, he said, "I feel like the students would benefit more in the long run." Dr. Loder said that the average rank of students has dropped this semester. He said that for this reason, he has decided to assess the campus for previous years to improve academic performance.

Flu Shots Queried

By Wendy Stark

Skepticism is the primary reason why more than half of the senior students and staff have not received the flu vaccine, according to Dr. Wendy Stark, director of the Health Center. "There are many reasons why people are hesitant," said Dr. Stark. "Some people believe that the vaccine is not effective, while others think that it is too expensive." Dr. Stark said that the vaccine is effective and that it is important to receive it to protect yourself and others around you. "I encourage everyone to get the flu vaccine," said Dr. Stark. "It is the best way to protect yourself and others around you."}

Gym To Be Communications Center

By Jeff Denard

The Communications Center will be moved to the gym, according to Dr. Jeff Denard. "This is a step in the right direction," said Dr. Denard. "The Communications Center has been in need of a new location for some time now." Dr. Denard said that the gym will provide a more accessible location for students and staff.

Carney New CUB Vice-pres.

By Robert Clark

The CUB has appointed new CUB Vice-presidents. The new CUB Vice-presidents will be appointed by the CUB President and will represent the student body. The CUB President will be appointed by the CUB Board of Directors. The CUB Vice-presidents will be responsible for representing the interests of the CUB students and for carrying out the policies of the CUB Board of Directors. The CUB Board of Directors will be appointed by the CUB President. The CUB President will be appointed by the CUB Board of Directors. The CUB Board of Directors will be responsible for governing the CUB and for ensuring that the CUB is operating in the best interests of the CUB students. The CUB Board of Directors will be responsible for governing the CUB and for ensuring that the CUB is operating in the best interests of the CUB students.
Midterm marks low

Dr. Brothers on love

By Charlie Yates

Although Dr. Joyce Brothers, Department of English, was not available for a previous announcement, she was on hand to talk with The Circle about the grading policy for the first midterm of the semester.

"The students come to me and tell me they are taking it hard," said Dr. Brothers. "But I feel that the students must understand that they can achieve if they put in the necessary effort." He added that he feels that the students must understand that they can achieve if they put in the necessary effort.

"The students come to me and tell me they are taking it hard," said Dr. Brothers. "But I feel that the students must understand that they can achieve if they put in the necessary effort." Flux Shot Leaders

By Wendie Stark

Skips in the primary reason why more than half of the faculty, staff and students surveyed would not recommend receiving the entire flu vaccine at Marist.

"More than half of the faculty, staff and students surveyed would not recommend receiving the entire flu vaccine at Marist," said Dr. Brothers. "There's a lot of variability in the vaccine, and we don't know if the vaccine will be effective for everyone."

Carney New CUB Vice-pres.

By Cathy Ramsey

"I know the Carney CUB has had a lot of success in the past," said Dr. Brothers. "But I feel that we need to continue to work hard to make sure that the students are getting the most out of the CUB." He added that he feels that we need to continue to work hard to make sure that the students are getting the most out of the CUB.

False Alarm Caugth

By Raelle Clark

A suspense has been ap- proved with the Board of Trustees according to Beth Sailer. "The alarm was triggered from the sixth floor of the building," said Sailer. "It was the building at the time of the fire alarm."
Unneeded Waste

Last Tuesday in the Rathskellar there was a social event sponsored by the World College Theatre. A burger dinner, milk, dinner rolls, and hot dogs was enjoyed by all. Over 26 people attended, and according to one server they had a great turnout.

Unfortunately, a few people got out of hand and caused some noise, disturbing the other patrons. This incident is nothing new, however, and it is unfair to blame everyone for the actions of a few.

We are not all at fault, as the people who received the blame have not been present at these events. The person or persons who caused the disturbances are identified and will be disciplined.

It is unfortunate that the World College Theatre is not able to continue its events because of these incidents. The theatre is a valuable asset to the college and should be preserved.

Giving Thanks

Thanksgiving is here once again and we may ask what do we have to be thankful for? The editors that we need to thank the campus community, who have received. We need only look at the impressive list of accomplishments and initiatives that have taken place over the past year.

In particular, let us be thankful for the efforts of the UNDRA (Undergraduate National Drug Resistance Action) program, which has made significant strides in raising awareness and combating drug resistance.

Let’s find out

The Academic Affairs Committee has been working to improve the course curriculum. They have proposed a new program that will enhance the learning experience for students.

One of the key components of the new program is a series of workshops designed to help students develop critical thinking skills. These workshops will be led by experienced faculty members and will be offered throughout the year.

The goal of the workshops is to help students develop the skills they need to succeed in college and in their future careers. We encourage all students to participate in these workshops and to take advantage of the opportunities they offer.

Christie’s Whodunit Closes

By David Ng

The Marit College Theatre closed its production of "Christie’s Whodunit" after a successful run. The play, which was written by Agatha Christie, was directed by Anita Milla. The production was well-received by audiences and was praised for its strong performances and effective staging.

The play tells the story of a group of people gathered at a house party, each with a motive for murder. As the play progresses, the suspects are narrowed down until the killer is finally revealed.

The play was well-rehearsed and the actors delivered strong performances. The set design was also praised, with the house party setting providing a sense of tension and unease.

Overall, "Christie’s Whodunit" was a successful production and a fitting conclusion to the 2021 theatre season.
Unneeded Waste

Last Tuesday in the Rathskeller there was a social event sponsored by the World Culture Board. Dinner, drinks, and late night dancing were all available. Over 200 people attended, and according to observers they had a great time.

Unfortunately, a few people got out of hand and caused noise disturbances and general commotion. The Student Body Senate has received the complaints, and if the problem continues, it will be necessary for them to take action. This is due to the date of the month and the time of the event. How many more social events will be able to be held without producing $300 worth of damage? Hopefully the same way will be followed the next time.

Giving Thanks

Thanksgiving is here once again and we may ask what do we have to be thankful for? It’s the editors that we need not mention all the blessings we. The Marist community has received. We need only look at all the improvements that have occurred.

Official Notice

In accordance with established constitutional procedures, the President of Student Government has appointed Ms. McCall, Jerry Marvin, and Mark Thompson to fill the vacant positions on the Student Senate. These three individuals have been granted temporary authority to serve as Secretary to the Board.

The Board of Directors is presently reviewing the application to determine the validity of an election. This process is expected to be completed within the next two weeks. The Board is expected to announce its decision before the next regular meeting of the Board.

Two Walk for Hunger

By Chris Patrick

Two Marist students, Jim Kennedy and Dave Schwartz, plan to hike the 150 mile course through the streets of Poughkeepsie, and along the Hudson Rail Trail. The students are raising money for the Open House of Poughkeepsie, a non-profit organization that provides services for the homeless.

By Tom McTigan

Van Wagner supervised operations of the college's outdoor programs, including a year of experience at the National College of Education in Chicago. In early 1978, Van Wagner was appointed as a full-time coach at St. John's University in New York City. In 1980, Van Wagner was named head coach of the women's swimming team at St. John's University, where he coached the team for seven years.

Tom McTigan retired after coaching the swim team at St. John's University for 20 years. He was named head coach of the men's swimming team at the University of Notre Dame in 1978. During his tenure, McTigan led the Irish to three national championships and six conference titles.

The Sherritt Seven were named to the NCAAs "Pacific" team for their outstanding performances in the NCAA championships. The Sherritt Seven included: Gayle Millard, Linda Stimpson, Wilma Steel, Linda Smith, Sandy Stearns, Sue Bensinger, and Susan Johnson. They were recognized for their outstanding performances in the NCAA championships.

This is the epilogue. It means the story is over. But the book is not over. The book is just starting to become something else.
If you like good music friendly people and great haircuts then you'll like the Village Cutter Uni-Sex Haircutting Salon.

By Brenda Gill

The Village Cutter, located at 600 George Ave., is a popular salon featuring both men's and women's services. They offer a wide range of hairstyling options, from classic cuts to modern looks. The salon's welcoming atmosphere and knowledgeable stylists make it a favorite among locals. Whether you're looking for a quick trim or a complete transformation, the Village Cutter has you covered. Give them a call at 555-1234 to schedule your appointment today! article

160 YEARS LATER

Established in France after the French Revolution, to meet the needs of those who had difficulty comprehending the news in search of ways to help work with the needs of today.

From our conception in rural France we have worked through the years to meet our own needs. We have worked with different groups of people, but one thing has remained consistent - our commitment to helping others.

From our beginning in education, we have been committed to providing quality education in high schools, colleges, and even university levels of education.

From a small band of three brothers, we now have over one hundred students. We are proud to be a part of the Marist College family.

There are over one hundred fifty college students on campus every year who benefit from our educational programs. This year, we are especially proud to have over fifty students who are working in the fields of education.

There will always be a need for education, and we are committed to helping people find the best possible path for themselves.

MARIST PLACES SIX ON CACC SOCCER TEAM

The disappointment of failing to win championship honors was somewhat lessened when Marist had six players selected to the All-CACC last Wednesday. Nyack, the new champions, had just four players named to the team.

Representing Marist are Firmo and Zenoe Nataf and seniors Jim Deline, John McCormack, and Richard McHale. McCormack and Nataf were also named to the team last year.

Zenoe was the top scorer during the past season, finishing among the leading scorers of any college team in the nation. He scored 41 goals and made things happen with his smart plays from the outside.

Another hard worker was McCormack, who earned selection to the All-CACC team two years in a row as a forward. This year, the Levittown native scored just one goal but Goldman explained, "More important than any goals was the way that he controlled the ball on our offense from the middle.

Deline was described as Goldman as a 'steady and dependable player who controlled our backfield for the last three years.' The co-captain also scored his first goal of his varsity career this season on a penalty kick against Pace.

"The greatest goals ever at Marist" is the label Goldman pins on Saturday, November 29 - Crow: Philadelphia Eagles - Sailing: Southampton Froshhote

Vikings Tourney Marist Captures

By TOM MC TERNAN

It was a weekend that will be remembered as long as soccer is played at Marist. The Red Foxes, concluding the most successful season in their 24-year history, emerged with two dramatic victories to capture the championship of the ECAC Metropolitan Regional tournament held at Leonidoff Field. Marist edged Tren сент 3-2 in the closest game ever played at Marist when Zenoe Nataf scored on a penalty kick in the 11th minute of sudden death overtime. Minnies then upped mir 3-1 on a goal by Zenae Nataf in the 11th minute of sudden death overtime. Marist had to come from behind in both games.

"This tournament showed the abilities of our players, the students and the local community that are the result of the effort we are putting into the program," noted coach Howard "Dini" Goldman.

"It gives us the players the feeling that all at long, they can step on the field and play in front of区域内.

They had to step on the field to beat Tren sent. The game was begun on Friday and was tied 1-1 at the end of the 90th minute when the referees stopped the game on account of inclement weather.

The two teams returned to the field 30 minutes later, the time when the referees supposed to play the match. They played through 95 minutes and through 95 minutes of sudden death overtime and three minutes of sudden death before Zenoe scored the winning goal in the 11th minute of sudden death overtime. Zenoe has scored 26 goals during the season and was the 2-1 mark of the third sudden death period.

The weather was not even game throughout," said Goldman. "But the referee let control in the second half Friday and we decided to use the penalty shot for no. 3.

The game was played in the rain against the New England teams, who were unable to participate due to lack of money to pay the referees.

The Red Foxes were defeated by the Oakdale High School Saturday and the Red Foxes were defeated by the Oakdale High School 2-1 and the Red Foxes were defeated by the Oakdale High School 2-1 and the Red Foxes were defeated by the Oakdale High School.

"We scored only twice and we were not very happy," said Goldman. "But the weather was not even game throughout," Goldman said. "Our defense was very good in the first 25 minutes but Jay McEwen played an outstanding game defensively.

Vito Aprignone scored an unassisted goal on the 1-00 mark to give the game a 1-0 lead, but Goldman noted that the Red Foxes had a 2-0 lead and a 2-1 lead on a goal by Henry Tamayo just ten minutes after his goal got under way.

"We were emotionally drained from the Trenton game," Goldman said. "Our defense was very good in the first 25 minutes but Jay McEwen played an outstanding game defensively.

Vito Aprignone scored an unassisted goal on the 1-00 mark to give the game a 1-0 lead, but Goldman noted that the Red Foxes had a 2-0 lead and a 2-1 lead on a goal by Henry Tamayo just ten minutes after his goal got under way.
