Mud, blood and beer mark River Festival

by STEVEN MURRAY
Senior Editor

After three students went to the hospital following last week's River Festival, Peter Amato, assistant dean of student affairs, raised the event as "fair" and said only an upperclassman could determine how it will be run next year.

This was the third year the administration sanctioned River Day by renaming it River Festival and fixing it up on the North Field. In the past, the event was run by the students on the banks of the Hudson River and typically resulted in severe injuries.

Falls, the injuries that came this year were avoidable and inexplicable, Amato said.

Two students were injured by other students, who threw incontinently in the air. They were treated and released from St. Francis Hospital in Poughkeepsie on Friday. A third student was punched in the face and was treated and released from the hospital on Saturday.

Steve Vecchia, a junior from Mansfield, Pa., N.Y., received two stitches on the top of his head after he was hit by a rock that was thrown from behind the beer truck.

Paul O'Sullivan, a senior from River Edge, N.J., received four stitches and a laceration on the side of his nose when he was hit by a glass bottle near the beer truck.

Lee Ann Sendra, a junior from Argentina, was punched in the left eye by a male student on the beer line. According to a police report, she complained of feeling fine that day.

Twelve security officers — three Marist patrolmen and nine brought in from Big Mac Security — policed the area.

Although the annual party is safer than it used to be, Amato said there is no way to prevent the irresponsible behavior of a few.

"I don't know how you prevent people from picking up a rock and throwing it at someone," he said. "It's just irresponsible acts on the part of a few individuals, but I don't know how you reach them."

In a recent letter to students, faculty, staff and administrators, Marc Adin, assistant vice president, cited physical beauty and an...See RIVER page 13

Poughkeepsie man arrested for mugging Marist co-ed

by STACEY MCDONNELL
News Editor

A Poughkeepsie man was arrested and charged with mugging a Marist student yesterday.

Fairview Avenue in the City of Poughkeepsie.

Clarence Coston, 37, of Tubman Terrace, was charged with third degree burglary and became class B, D felonies, and resisting arrest, a misdemeanor, after eluding the student's purse.

Shenando Hall resident Kimberly Hight of Newburgh, N.Y., was walking to Marist with another Shenando Hall resident, a Leo Hi Resi-

dent and a female who is not a Marist student.

Coston approached her and stole her purse.

The purse contained $34 and the students' ID cards and keys.

The property was not retrieved because Coston was able to get rid of the purse before he was caught.

The door locks have been changed, according to the Office of Security. Coston, a 6-foot, 240-pound man, was arrested after two deputy sheriffs who were patrolling the neighborhood got out of their car and asked Coston if he knew where the student lived, said Fred Scarrack, Dutchess County sheriff. The incident occurred around 10 p.m.

The incident was reported to the Office of Safety and Security at about 1:30 a.m. Sunday, said Joseph Leahy, director of the Office. Coston will remain in a city holding cell until his arraignment at 9 a.m. Sunday, Scarrack said.

The Marist College debate team finished its season sixth in the nation — its highest ranking ever — despite the departure of one of its top debaters. The ranking, which jumped from 11th last year and ninth two years ago, is based on the team's performance in all debates throughout the season.

Senior co-captain Mike Buckley left the team during winter intercession — an event that Director of Debate, Jim Springer said, left him "terrified." "Mike was one of the most respected and liked debaters in the country," said Springer. "I was afraid the team was going to fall apart." After Buckley left, however, the team attained more points, was ranked higher nationally, and also earned more awards and honors, Springer said.

Tom Kavan, a junior varsity team member, was moved up to varsity to replace Buckley and become partners with Anthony Capozzolo, now captain of the team.

Capozzolo, a junior from Parsippany, N.J., was one of four debaters chosen nationwide to be a video tape to teach new debaters how to debate.

He was also appointed to the only student position in the speech fraternity of Pi Kappa Delta. At one point during the season, Capozzolo was named as the top speaker of the tournament four times in a row, according to Springer, but Capozzolo was not the only debater that met success this season.

Three junior varsity speakers placed in the national top 10, the only school in the nation to accomplish this task. Mark Liepitz was the number one speaker in the nation.

The junior varsity team of Mike Cocks and April Amato was selected, along with Cornell University's varsity team at the New York State Championships, which Marist hosted for the second year in a row.

The novice team led by freshmen Mary Ellen Ronee and Greg Magnin, won five tournaments throughout the year, including victories over Cornell and Columbia University in championship rounds.

The novice team finished fifth nationally, and so Ed Fluid was named the second best speaker in the nation, while Magnin earned the number five spot in the U.S.

Marist's best team performance came at the John Carroll meet in Cleveland, Ohio. In a field of about 100 teams, both the varsity and novice teams brought home championships. The junior varsity lost to West Point in its championship match.
Concerts make summer no time for the blues

The cruise has had its ups and downs, but in the end, it got me a ticket or a ticket for the next cruise.

The concert was a part of the Seaside Performances series and was held at the Seaside Amphitheater. The band was R&B sensation, and the audience had a great time.

The "Cats" have had, and without much ado. Their latest single, "A Sudden Impulse," has been burning up the charts for the past several weeks. The song is a catchy, upbeat tune that has been on top of the charts for the past three months.

A varied and compelling setlist, with a blend of rock, pop, and R&B, showcased their musical abilities. The band's repertoire, spanning from classic rock like "Stairway to Heaven" to contemporary hits like "Uptown Girl," demonstrated their versatility.

The crowd in the audience was enthusiastic, cheering and dancing to the music. The energy was palpable, with the audience fully engaged in the performance.

The "Cats" are currently on tour, and their next stop is a sold-out show in New York City. Fans are eagerly awaiting their next performance, with anticipation building as they tour further across the country.
Distance across ocean can't strain family ties

By PAUL O'SULLIVAN

In her acceptance speech, Walters emphasized how much TV news has changed since 1964, when she became the female host of national news programs. Since then, TV news has changed dramatically, with Walters becoming a household name.

For Walters, the transition has been a challenging one, as she has had to adapt to new roles and demands in a rapidly changing industry. She has always been known for her ability to adapt and be flexible, which has served her well in her career.

Walters, a native of New Zealand, started her career as a journalist in the late 1960s, working for a variety of news organizations. She quickly rose through the ranks, becoming a well-known and respected news anchor.

In 1983, Walters began hosting her own talk show, "20/20," which quickly became one of the most popular programs on television. She has since hosted a variety of programs, including "The View," "The Today Show," and "Ellen.

Throughout her career, Walters has always been known for her sharp wit and quick thinking, which has made her a beloved figure on television and in print. She has also been involved in a variety of philanthropic efforts, including the establishment of the "Walters Foundation," which supports education and arts programs around the world.

Despite the challenges she has faced, Walters remains committed to her work and continues to be a respected figure in the world of journalism. She has always been known for her ability to adapt and be flexible, which has served her well in her career.

In 2019, Walters announced that she would be stepping down from her role as host of "The View" after 11 years, citing a desire to pursue other professional opportunities. She has since been involved in a variety of projects, including a travel book and a memoir, which she plans to release in 2023.

Overall, Walters has had a long and successful career in television news, and her legacy will continue to be felt for many years to come. She has been a trailblazer for women in the industry and has set a high standard for excellence in journalism.

Spotlight on Greek campus frosts

In her acceptance speech, Walters promised that TV news has been changed since 1965, when she became the female host of the popular show "Today" on NBC.

Walters said that the show was "no longer just a talk show." Instead, she said it has evolved into a "news show" with a focus on current events and important issues.

She went on to say that the show has "changed the way people think about news." She said that the show has helped to make news more accessible and engaging for a wider audience.

Walters also said that the show has helped to "break down barriers between different communities." She said that the show has helped to bring people together and to help them understand each other better.

As a result, Walters said that the show has become "more influential than ever before." She said that the show is "a force for positive change in the world."
In Brief

Holocaust observed on 50th anniversary

The 50th anniversary of the liberation of the Dachau concentration camp was observed on campus by hundreds of students and faculty, who gathered in the Campus Center to commemorate the events of World War II.

- About 200 students, faculty, and staff attended a vigil held by the Jewish Student Union in the Campus Center.
- The event included a reading of the names of those who died in the Holocaust by students and faculty.
- A moment of silence was observed at 12:01 p.m., the time when Dachau was liberated.

Clubs honored during CSL awards

The Student Union hosted a CSL Awards Ceremony on April 15 to honor the best student clubs on campus. The winners were announced during a ceremony held in the Campus Center.

- The International Student Union was named the CSL Club of the Year.
- The Environmental Club was named the CSL Club of the Year for its outstanding environmental efforts.
- The Student Health Services Club was named the CSL Club of the Year for its contributions to student health and well-being.

Singers gear up for glasnost tour

The Choir of the College of Arts and Sciences will be performing a concert in Glasnost, a country in Eastern Europe, as part of their tour to promote cultural exchange.

- The choir will perform in Glasnost for three days, during which they will be accompanied by a group of local musicians.
- The concert will feature traditional and modern compositions from Glasnost and the surrounding countries.
- The choir will also participate in community service projects, such as teaching music to local children.

River Day reveals memories of the old days

The annual River Day celebration was held on April 15, with students and faculty participating in various activities, including a parade, a picnic, and a talent show.

- The parade featured floats and costumes related to the history of the college.
- The picnic was held on the campus green, with students and faculty enjoying food and games.
- The talent show featured a variety of performances, including singing, dancing, and magic tricks.

Only in America

Here are some of the fascinating stories that have been reported in the news recently.

- A group of students organized a flash mob on campus to protest a proposed tuition increase.
- A professor was fired for exposing a student's plagiarism.
- A student was cleared of all charges after being accused of cheating on a test.

Holocaust observed on 50th anniversary

The 50th anniversary of the Holocaust was observed on campus last week as part of a $6 million novel art project by the National Museum of American Jewish History.

About 175 students, staff, and faculty gathered in Cooper Center 345 last Wednesday night for a presentation and discussion of "From the Depths of Hatred: Stories of Survival."

"It is our mission to remember and honor the survivors of the Holocaust, to pay tribute to those who lost their lives, and to educate ourselves and the next generation about this tragedy," said Dr. Susan Silber, associate director of the museum.

Clubs honored during CSL awards

The International Student Union was honored as Club of the Year at the CSL Awards dinner and cultural program last Tuesday night.

The CSL, which is part of the Center for Student Involvement, sponsors the awards program to recognize excellence in student leadership and campus involvement.

"We are proud to recognize these clubs for their achievements," said CSL Director Dr. Christine Tackaberry.

Singers gear up for glasstown tour

The Male College Singers will carry their team to the States Union and Carnival this summer for an international tour.

"We are excited to have the opportunity to represent our school and our country on a global stage," said Dr. John Adams, director of the choir.

Reasoning: A conversational option from EFG

The University of Arizona is seeking to improve the satisfaction of its students by providing a more comprehensive campus experience.

"We want to ensure that our students have the best possible experience," said Dr. John Adams, vice president for student affairs.

LOW COST FLIGHTS TO EUROPE $129

Looking for a fraternity, sorority or student organization that would love a $600,000 grant to create a new campus-based program? Must be organized and nuted by Uriah Beal at (800) 591-2212.

Reasoning: A conversational option from EFG

The University of Arizona is seeking to improve the satisfaction of its students by providing a more comprehensive campus experience.

"We want to ensure that our students have the best possible experience," said Dr. John Adams, vice president for student affairs.

PARKING

...Continued from page 3

reasons for the parking policy.

"The policy has been in place for several years and has been effective in managing the parking demand on campus," said Dr. John Adams, vice president for student affairs.

"We have also implemented a new parking system that allows students to reserve their parking spots in advance," said Dr. John Adams.

Reasoning: A conversational option from EFG

The University of Arizona is seeking to improve the satisfaction of its students by providing a more comprehensive campus experience.

"We want to ensure that our students have the best possible experience," said Dr. John Adams, vice president for student affairs.

River Day revealcs memories of the old days

Only in America. Here are some of the families behind them, having fun at the annual River Day celebration, enjoying the sun and scenery while attempting to catch fish near the statues.

Where are the other groups when you need them, the hikes, the hikes and the hikes?

"We used to have a rule that we would not hold River Days on weekends," said Dr. John Adams, vice president for student affairs.

"Now we hold River Days on weekends and holidays, so we can have more fun!"

The parking plan is reasonable

The challenge of the Lowell Thomas Park--with its low vantage point of 15 feet--has given us a unique opportunity to shape our view of the campus.

Our first step is to implement a parking plan that will give students a reasonable amount of parking.

We believe that this plan will improve the overall quality of life on campus and help to create a more pleasant environment.

The plan includes:

1. Construction of a new parking lot adjacent to the Nurses Building.
2. Expansion of the current parking lot near the gym.
3. Implementation of a shuttle service to transport students to and from the main campus areas.
4. Designation of specific areas for bicycles and motorcycles.
5. Establishment of controlled access to certain areas of the campus.

We invite you to participate in the development of this plan by providing your input and suggestions. Together, we can create a more sustainable and enjoyable campus environment.

Thank you for your support.

The parking plan is reasonable

Two years ago, the North End was headed to becoming a shopping center, when the proposed Martin Village was high on the priority list. Now, administrators are trying to eliminate the encroaching car-stomped atmosphere of the campus.

Students, faculty, and staff administrators won't be missing cars much longer because of the plan for the North End, and it's the right thing to do. Joe Addie's plan goes into effect. Mr. Addie's plan to assign each vehicle a parking spot is a reasonable way to control the parking problems on campus.

Under the current system, lots are designated for students, faculty, and staff parking, but people are not accustomed to classic, 1960s-style parking lots. In fact, very few people, including McKean, go to the lot, and McKean, who is mostly empty.

It's a very good sign that the other way around, any man per per person,

A fair and foul

If anyone wants to respond to a column penned by The Circle, feel free to let me know. I will try to incorporate their responses into my column. This is open to any response of opinions.

That's a welcome sight in the world of football, a place where big men and big names are the norm.

In a serious sense, the three opposed in a juggling act just to stay afloat, the world of football, a place where big men and big names are the norm.

The Editor's Notebook

Bill Johnson

The 12 security officers that surround the campus are doing their best to keep the campus secure, but there is no way to keep the campus secure without a major increase in personnel.

International control is also necessary. Because of the growing number of students and the growth of the international student population, it's important to have some kind of control over the campus. International students are more likely to be interested in the development of the campus, and it's important to have some kind of control over the campus.

It will be interesting to see how this new system works, but it's a step in the right direction. The system is not perfect, but it's a step in the right direction. The system is not perfect, but it's a step in the right direction.

The parking plan is reasonable

Chinese to be offered

by CHRIS ROHDE

Students will have another language option this year: Chinese. Language classes are offered in the Chinese language, which is based on the English language and a tonal change different from every word.

Students who want to learn Chinese will have to enroll in the Language Lab.

Language Lab students will be able to use the Lab at any time during the day. The Lab is open from 8:30 a.m. to 9:30 p.m. Monday through Friday.

The lab is staffed by a full-time teacher and two part-time teachers.

Students can choose to learn Chinese for several reasons. Some students want to learn a new language, while others want to improve their English language skills.

By learning Chinese, students can gain a new perspective on the world and learn about different cultures.

Exiting procedures for Spring 1990 Semester

Please be advised that the college residence areas will close at 10:00 pm on Wednesday, May 9, 1990 for summer vacation. Dinner will be the last meal served on May 9.

All students must VACATE THEIR ROOM ON THE DAY OF THEIR LAST FINAL EXAM. Begin to plan your departure arrangements now in order to avoid travel complications. Your immediate departure affects students who have final exams and the ability of students and professional residence staff to complete their work and begin their vacation plans. The time period of Thursday, April 26 until Wednesday, May 2 all students must sign-up with their RA/RC for a room inspection/checkout.

This room inspection/checkout will take place after your last exam and when you are ready to leave.

To assist you in returning your keys, a return key envelope and instructions will be sent directly to you through your P.O. Box. The key envelope will be labeled with your name and residence area. When departing campus after your last final exam, you should place your college issued key(s) in the envelope, seal and return it to your RA/RC or Residence Director. If you are unable to find a student and are unable to find the student and are unable to find the student with the keys (under the door of your Residence Director. Students who do not return their College issued keys) within 72 hours after the close of the semester will be billed $50.00 per key.

If you are unable to find a student and are unable to find the student and are unable to find the student with the keys (under the door of your Residence Director. Students who do not return their College issued keys) within 72 hours after the close of the semester will be billed $50.00 per key.

The last van shuttle to Canterbury Apartments leaves Marii at 10:45 pm on Wednesday, May 9.

REMEMBER, ALL STUDENTS MUST VACATE ON THE DAY OF THEIR LAST EXAM. Consult your RA/RC or RD for further details regarding exiting procedures. Students residing in the Townhouses, North Road, Garnett Commons, and Canterbury Apartments will receive through their P.O. Box a more detailed exiting procedure booklet to assist them. Final exam schedules are available in the Registrar’s Office, in Donnelly Hall.

This year, all priority point total will be recalculated at the conclusion of the Spring 1990 Semester. Fall housing assignments will be mailed on August 15, 1990.

Intramurals look to grow

by RICHARD GUERRIERO
Staff Writer

Minnesota residents may face an extra loud mouth on campus this spring as the Marist College Intramural Office plans to increase the number of participants in each sport.

Intramural programs are designed to give students an opportunity to compete against each other without the pressure of intercollegiate athletics.

The Intramural Office is looking for an increase in participation in all sports, including basketball, volleyball, soccer and tennis.

On March 23, the Intramural Office will begin hosting tryouts for the upcoming season.

Weather permitting, tryouts will be held on the Marist College campus field and the Intramural Office will publicize the exact dates and times.

Students interested in participating are encouraged to attend tryouts and bring their own equipment.

If you have questions or would like more information, please contact the Intramural Office at 787-6000.

Coxswains need more than a loud mouth

by DONNAMARIE D’ANGELICO
Staff Writer

Intramural coxswains are typically not known for their vocal ability; they are expected to provide silent, supportive leadership to their crews.

However, a team of Marist College coxswains is challenging the traditional role of a coxswain by taking an active role in the team’s performance.

The coxswains, who are currently preparing for the upcoming season, are working to improve their team’s competitive edge.

They are focused on developing strategies that will help their crew succeed both on and off the water.

Their goal is to create a team that is not only competitive but also enjoyable for all members.

The coxswains are committed to fostering a positive team atmosphere and are excited to see what the season has in store for them.

The Intramural Office wishes the coxswains all the best as they prepare for the upcoming season.

BUZZ OFF

With the opening of the spring semester, the Marist College community is gearing up for a new academic year.

Many students are excited about the opportunities that the new semester offers, including a variety of extracurricular activities such as clubs, organizations, and sports.

Intramural sports are a popular option for students looking to stay active and challenge themselves.

The Intramural Office is dedicated to providing a fun and supportive environment for all participants.

Whether you are a seasoned athlete or just starting out, there is a sport for everyone at Marist College.

Keep an eye out for tryouts and additional information on upcoming events.

Together, we can make the Marist College community thrive and build a strong, vibrant community for all students.

Laxmen still aiming at .500

The Marist College men’s lacrosse team is still aiming for a .500 record.

With two games remaining in the regular season, the team is in a position to achieve its goal.

Head coach John Armstrong said, “We need to keep playing our best and continue to work hard.

The schedule is tough, but we have been playing well in recent games.

We need to keep building momentum and focus on improving our performance.

If we keep playing our best, we can achieve our goal of a .500 record.”

The team will face challenge against tough opponents in their final games, but Armstrong remains optimistic about their chances.

He added, “We are confident in our abilities and will give our best in every game.”

COSWAINS NEED MORE THAN A LOUD MOUTH
BY DONNAMARIE D'ANGELO
Staff Writer

While most Marist students have some, few people will be as thankful as those who received bills from their banks last month. To many who have had the opportunity to work, the money was an unexpected boon. As the spring term approaches, the money will be needed. In fact, a loud mouth is needed to make the campus a more pleasant place.

The campus is filled with people who are not satisfied with their earnings. This is a hard work that many are not used to doing. It is something that most people have never experienced. It is something that most people will never experience.

 vær

Intramurals look to grow
BY RICHARD GUERRIERO
Staff Writer

Intramural sports at Marist are seeing a growth in participation. The increase is being attributed to the popularity of basketball and track. The basketball teams have been very successful this season, and the track teams have also been performing well.

The basketball teams have been successful due to the hard work of the coaches. The coaches have been working hard to develop the players. The track teams have also been successful due to the hard work of the coaches. The coaches have been working hard to develop the players.

The team is looking to improve its record. The team is looking to improve its record.

BUZZ OFF

Now, with Stewart Airport offering six round-trips a day to Chicago/O'Hare, Albany/Durham and the world beyond, it's a lot easier for Marist students, parents, and staff to buzz off from - and into - the Hudson Valley.

Forty-five minutes or less from campus, Stewart offers Marist their hassle-free travel. New FAA rater and a different air traffic control radar from the big City airports mean there's no giving seven or seventeens in line for take-off or landing. FREE parking, outside check-in, a modern terminal complete with car rental, open highways to and from Stewart International (located where the Thruway and 144 meet) add up to THE EASY WAY TO FLY.

Call your travel agent or American Airlines and learn how you can buzz off.

Tennis returns to winning form

by MIKE O'FAIRRE
Staff Writer

The men's tennis team snapped a two-match losing streak when it defeated Penn State 6-3 on Monday.

After beating Bread 9-0 back on April 13, Penn State went on to beat Temple 6-3 on April 18, the Red Foxes were 7-2 by Vassar.

Following the Vassar match, Mariott traveled to Mt. St. Mary's College in Emmitsburg, Md., to take part in the Northeast Conference Tournament.

By defeating Pace on Monday, the ring ceremony happenings, and a semi-final to 5-3 with an overall record of 12-9.

Number two singles player John Cagny won his match over Scott Pflug, leading the Red Foxes to a 6-3 victory.

Despite losing their first round matches, Cagny and Pflug both won their consolation matches by a score of 8-2. Cagny was defeated in the consolation semi-finals but he moved on to win the championship of the "A" consolation bracket. Pflug knocked off Gary Gross of St. Francis (NY) 7-6 (7-5), 6-2 to earn the victory.

In the "B" consolation bracket, both Trinte and Fava were defeated 8-5 and 9-7, respectively.

Jamie Breen and Kirk completed the only doubles team entered in the final round, 6-2 by a team from Monmouth College.

However, in the doubles consolation bracket, Breen and King defeated a team from St. Francis (PA) 46-46, 6-4, 6-4 to earn the consolation championship.

Results from Tuesday's match against Fordham and Wednesday's match against St. Rose were unavailable at press time.

Athletic department denies request for volleyball grant

by TERRY HOMER
Staff Writer

For the second time in as many trigs, the Mariott men's volleyball club has been denied national grants which would raise the standard of the program.

Mariott Director of Athletics Gene Doris cited financial obligations as well as an unpredictable environment within the NCAA as reasons for denying the volleyball club's request to apply for a United States Volleyball Association grant that — if received — would turn the club into a varsity team.

The decision came in response to the club's request for permission to apply for the second set of USVBA grants for the 1991 season.

The club was given permission last year and was selected as one of the colleges to receive the grant.

Mariott turned down the request. The club has not been invited to the athletic department last summer when the grant was applied for and received, and contributed to the current situation, according to Doris.

In the summer of 1989, Mariott was still without an athletic director when the department of Brian Clark, who took the athletic director's position at Duquesne, last spring.

Dor, who serves as Mariott President and President of Student Affairs, was not in the position but much of the budget at that time was directed by Mariott and would have to be made by Mariott in order to enter the East Coast Conference.

However, withdrew its commitment to the East Coast Conference in January. When it came time for the grants this year, Doris, as well as Tom Hase...See VOLLEYBALL page 15 ▶

Cagers sign forward transfer

by MIKE O'FAIRRE
Staff Writer

Fred Ingles now holds the title of head coach at Allegheny College, a junior college all-American for Allegheny College in 1970, has signed a national letter of intent to play basketball at Mariott, the school announced on Monday.

Ingles, 6-foot-7, 205 pound forward, will be joining the Red Foxes after a stint at Allegheny Community College in Pittsburgh, Pa. At Allegheny, Ingles averaged 21.3 points and seven rebounds per game during his freshman season on a team that finished third in the national tournament with a 35-6 record.

This year, averaging 19.2 points and eight rebounds per game, Ingles became the school's leading scorer with 1,406 points.

Another Atlantic 10, a 36-3 season record that finished when his team downed Mount Union Community College 85-76 to win the Division II National Championship. Ingles — who averaged 21.3 points in the tournament — scored 33 in the final game.

"Fred is a very effective scorer, but what really impresses me about him is his ability to run the floor," said Mariott head coach Dave Magnity. "He excels in an up-tempo game which fits in extremely well with our style of play.

"He is also very defensible," Magnity said. "I've seen him play against bigger and stronger players. He is never going to be his best, Fred is a very productive player, who will add to the play hard.

Ingles attended Mount Lebanon High School where as a senior he led his conference in scoring with a 28.2 points per game average. He was an honorable mention all-state selection that year.

With the addition of Ingles, Mariott has increased its roster to four players for the 1990-91 season.

Dexter Pooh, a 6-foot guard from the Bronx, Jay Turner, a 6-foot forward from Connecticut and Richard Walker, a 6-foot forward from Indiana have already signed with the Red Foxes.

Mariat's varsity lightweight four rows up the Hudson River in preparation for this weekend's New York State Championships. Crew, from left to right, is Lori Wood, John Andreassen, John Garty, Rob Golfoffer and Scott McWilliam. The state championships serve as a qualifying race for the Dad Vail - the national small school championships.

Heck, my parents even went to one of those Barrys' lacrosse games one year!

The President's Cup used to be one of the major highlights of the spring weekend, though — but not this year.

It's actually one of the better every-now-and-then things Mariott holds.

Because of a change in the qualification requirements for the Dad Vails, the national small college

lege championships, Mariott crew must go to Alachua this weekend to compete in the New York State Championships, which means no President's Cup.

A strong showing there — "a win or a damn close," according to crew coach Larry Davis — would automatically qualify Mariott for the final field of 24 at the Dad Vail.

Prior to this year, anyone who wished to enter the Dad Vails was allowed to.

The President's Cup is actually one of the better every-now-and-then things Mariott holds.

The regatta has seen its share of problems in recent years as this year marks the third time since 1987 that the race has been cancelled.

It was a scheduling problem that caused the cancellation this year, but it was adverse weather conditions which forced race officials to scratch the day's events in 1985 and again in 1987.

The fact that the race has been cancelled has also created some scheduling problems for Mariott as it has become difficult to attract competitive schools when you cannot guarantee that they will race. Athletic department officials, as well as the administration, say they would like to see the return of the regatta next year — Davis said they have scheduled it for the second week in April next year to avoid major scheduling conflicts.

Without the President's Cup this year, the schedule for activities for this weekend is pretty dreary.
